E294	**EDUCATED AND HEALTHY CITIZENRY**				
	This request funds two $50,000 stipends in each year of the biennium for a Grad Student or Educator in Residence Stipend. The Department will allocate this money as a grant to sponsoring institution, with the possibility of matching funds. These funds will support a college graduate student or district educator to work for approximately nine months in the Department of Education on projects related to accountability, educator effectiveness, or data-driven instruction.

E287 **EDUCATED AND HEALTHY CITIZENRY**

This Decision Unit expands Full Day Kindergarten to all schools for FY 2017. Half of the expansion is funded in FY 16 and the remaining in FY 17. NOTE: Full-day kindergarten would be implemented in Zoom Schools beginning in FY 2016; this removes the need for Zoom Schools to utilize Zoom designated funding for full-day kindergarten. In addition, full-day kindergarten would be implemented in the at-risk kindergartens identified in BA 2610 - E- ___.

E225 EFFICIENT AND RESPONSIVE STATE GOVERNMENT

This request funds one new Management Analyst III position in the Office of the Superintendent. This position will provide assistance to the Superintendent in the conduct of studies, research and analysis or policies and programs, and in the preparation and adoption of all regulations, rules, and forms prescribed by the Department and the State Board. Provide performance management oversight for the three divisions within the Department, and coordinate the Department's legislation and informational analysis.

[See Attachment]

E289	**EDUCATED AND HEALTHY CITIZENRY**				
	This request funds an expansion of the Jobs for America's Graduates (JAG) Program. From 2012-2014, Community Services Agency (CSA) piloted the JAG Program in seven Nevada schools impacting 200 students in Carson, Washoe, Mineral, White Pine and Lyon.				
	Beginning in the 2014-15 Academic Year, JAG Nevada is being fully implemented primarily as a Multi-Year Program in 21 schools impacting 720 students in the above counties plus Elko, Lincoln and Clark.				
	With the funding of this request, the goal is to have JAG Nevada Programs in all counties and communities in Nevada including Tonopah, Laughlin, Pahrump, Winnemucca and Elko.				
	Other funders for this program include DETR (WIA), AT&T, and USA Funds.

E710	**EQUIPMENT REPLACEMENT**				
	Prior to the 2012-2013 biennium, all computer equipment for the Division of Museums and History (PC's, servers, printers, etc.) had been budgeted and purchased by the Department of Cultural Affairs. Upon the dissolution of the Department of Cultural Affairs the Division of Museums and History was merged into the newly created Department of Tourism and Cultural Affairs at which time the budgeting and purchasing of the division's computer equipment became the responsibility of the division and each of its agencies. Much of the equipment was replaced in the 2014 - 2015 biennium however the replacement of some equipment had been postponed. The equipment replacement that had been requested for and postponed in the 2014 - 2015 biennium has been requested for replacement in the 2016 - 2017 biennium.

E231	**EFFICIENT AND RESPONSIVE STATE GOVERNMENT**				
	This decision requests additional funding in Category 08 to maintain exhibits at the museum and capitol necessary for fulfilling the museum's educational mission, generating attendance and revenues, and enhancing the image of the museum and state. Maintaining proper lighting will enhance safety of visitors and personnel. Retrofitting outdated lights will decrease utility costs.

E710	**EQUIPMENT REPLACEMENT**				
	Prior to the 2012-2013 biennium, all computer equipment for the Division of Museums and History (PC's, servers, printers, etc.) had been budgeted and purchased by the Department of Cultural Affairs. Upon the dissolution of the Department of Cultural Affairs the Division of Museums and History was merged into the newly created Department of Tourism and Cultural Affairs at which time the budgeting and purchasing of the division's computer equipment became the responsibility of the division and each of its agencies. Much of the equipment was replaced in the 2014 - 2015 biennium however the replacement of some equipment had been postponed. The equipment replacement that had been requested for and postponed in the 2014 - 2015 biennium has been requested for replacement in the 2016 - 2017 biennium.

E710 EQUIPMENT REPLACEMENT

Prior to the 2012-2013 biennium, all computer equipment for the Division of Museums and History (PC's, servers, printers, etc.) had been budgeted and purchased by the Department of Cultural Affairs. Upon the dissolution of the Department of Cultural Affairs the Division of Museums and History was merged into the newly created Department of Tourism and Cultural Affairs at which time the budgeting and purchasing of the division's computer equipment became the responsibility of the division and each of its agencies. Much of the equipment was replaced in the 2014 - 2015 biennium however the replacement of some equipment had been postponed. The equipment replacement that had been requested for and postponed in the 2014 - 2015 biennium has been requested for replacement in the 2016 - 2017 biennium.

E710	**EQUIPMENT REPLACEMENT**				
	Prior to the 2012-2013 biennium, all computer equipment for the Division of Museums and History (PC's, servers, printers, etc.) had been budgeted and purchased by the Department of Cultural Affairs. Upon the dissolution of the Department of Cultural Affairs the Division of Museums and History was merged into the newly created Department of Tourism and Cultural Affairs at which time the budgeting and purchasing of the division's computer equipment became the responsibility of the division and each of its agencies. Much of the equipment was replaced in the 2014 - 2015 biennium however the replacement of some equipment had been postponed. The equipment replacement that had been requested for and postponed in the 2014 - 2015 biennium has been requested for replacement in the 2016 - 2017 biennium.

Section A1: Line Item Detail by GL

Budget Account: 2979 TOURISM - NEVADA ARTS COUNCIL

Item No	Description	Actual 2013-2014	Work Program 2014-2015	A01 Year 1 2015-2016	A01 Year 2 2016-2017
B000	**BASE**				
	This request continues funding for ten positions and associated operating costs, and is composed of 50 percent General Fund and 50 percent of room tax funds transferred from the Commission on Tourism. Federal funds from the National Endowment for the Arts (NEA) are received through grants that support the agency's programs and services. The amounts of the three-year Partnership Grant and the annual Folklife Partnership Grant are based on congressional budget allocations to the NEA, a demographically based formula, and competitive categories.

E225	**EFFICIENT AND RESPONSIVE STATE GOVERNMENT**				
	This request is for the restoration of one position, and the approval of one new positions. If the FTE positions are approved, contracted staffing would be reduced, as would the agency's need to reassign duties to other NAC staff including the Administrator and ASO, and to engage in the time-intensive training of new contract employees. With the addition of these positions, NAC would be positioned to restore and enhance suspended or reduced services that continue to be requested from communities and constituents across the state.

M200	**DEMOGRAPHICS/CASELOAD CHANGES**				
	The 2013 Legislature approved funding for a separate component within the new funding formula that provides Operations and Maintenance (O&M) funding for dedicated research space at UNLV and UNR. This decision unit requests incremental funding for O&M Research totaling $583,211 in FY 2016 and FY 2017. This request represents funding over amounts approved by the 2013 Legislature for this purpose based on the amount and operational costs of building space dedicated for research activities at these two institutions during the 2015-17 biennium.

M203	**DEMOGRAPHICS/CASELOAD CHANGES**				
	The new funding formula provides more or less funding to an institution dependent on whether WSCH have increased or decreased in FY 2014 compared to FY 2012. Overall, WSCH institutions generated approximately 3.5 percent more WSCH in FY 2014 compared to FY 2012. This results in a request of $12.78 million in additional state support in each year of the biennium. Five institutions generated more WSCH in FY 2014 compared to FY 2012, while two institutions had slight reductions in the WSCH generated.

M204	**DEMOGRAPHICS/CASELOAD CHANGES**				
	When the 2013 Legislature approved the new funding formula, it was also decided that the primary driver of the formula, Weighted Student Credit Hours (WSCH), would not include F grades for non-attendance when the 2015-17 budget request was developed. Since all institutions did not track this information until FY 2013, this required WSCH in FY 2012 to be reduced based on the average of F grades for non-attendance generated at each institution in FY 2013 and FY 2014. The lower number of WSCH resulted in the average amount per WSCH being increased from $141.50 to $148.59 to prevent NSHE from incurring a reduction in state support.				

Item No	Description	Actual 2013-2014	Work Program 2014-2015	A01 Year 1 2015-2016	A01 Year 2 2016-2017
	State support for NSHE as a whole does not change due to this adjustment. However, this decision unit does impact the base level of state support for individual institutions. Increased state support is requested in FY 2016 and FY 2017 compared to FY 2015 for three institutions (UNLV, UNR, NSC) due to the removal of F grades for non-attendance from the WSCH utilized for formula purposes, while state support is decreased at four institutions (CSN, TMCC, GBC, WNC).

M210	**DEMOGRAPHICS/CASELOAD CHANGES**				
	An important component in the new funding formula is the ability to retain 100 percent of student fees and other revenues generated at each institution, without an offset to state General Fund support. NSHE is requesting the use of additional projected non-state revenues of $18.13 million and $29.53 million for FY 2016 and FY 2017 respectively.

E275	**EDUCATED AND HEALTHY CITIZENRY**				
	State support for NSHE was reduced from legislative approved levels from FY 2009 to FY 2013 by slightly more than 30 percent. During the 2013-15 biennium this trend changed with additional state support being provided to NSHE. It is important for this trend to continue so institutions can maintain and expand the education offered to Nevadans and to continue support for the state's economic development goals. A total of $12.88 million is requested in FY 2016 and FY 2017 to increase the amount per WSCH by $5.00.

M210 **DEMOGRAPHICS/CASELOAD CHANGES**

An important component in the new funding formula is the ability to retain 100 percent of student fees and other revenues generated at each institution, without an offset to state General Fund support. NSHE is requesting the use of additional projected non-state revenues of $18.13 million and $29.53 million for FY 2016 and FY 2017 respectively.

Item No	Description	Actual 2013-2014	Work Program 2014-2015	A01 Year 1 2015-2016	A01 Year 2 2016-2017
	The 2013 Legislature approved funding for a separate component within the new funding formula that provides Operations and Maintenance (O&M) funding for dedicated research space at UNLV and UNR. This decision unit requests incremental funding for O&M Research totaling $583,211 in FY 2016 and FY 2017. This request represents funding over amounts approved by the 2013 Legislature for this purpose based on the amount and operational costs of building space dedicated for research activities at these two institutions during the 2015-17 biennium.

M203	**DEMOGRAPHICS/CASELOAD CHANGES**				
	The new funding formula provides more or less funding to an institution dependent on whether WSCH have increased or decreased in FY 2014 compared to FY 2012. Overall, WSCH institutions generated approximately 3.5 percent more WSCH in FY 2014 compared to FY 2012. This results in a request of $12.78 million in additional state support in each year of the biennium. Five institutions generated more WSCH in FY 2014 compared to FY 2012, while two institutions had slight reductions in the WSCH generated.

M204	**DEMOGRAPHICS/CASELOAD CHANGES**				
	When the 2013 Legislature approved the new funding formula, it was also decided that the primary driver of the formula, Weighted Student Credit Hours (WSCH), would not include F grades for non-attendance when the 2015-17 budget request was developed. Since all institutions did not track this information until FY 2013, this required WSCH in FY 2012 to be reduced based on the average of F grades for non-attendance generated at each institution in FY 2013 and FY 2014. The lower number of WSCH resulted in the average amount per WSCH being increased from $141.50 to $148.59 to prevent NSHE from incurring a reduction in state support. State support for NSHE as a whole does not change due to this adjustment. However, this decision unit does impact the base level of state support for individual institutions. Increased state support is requested in FY 2016 and FY 2017 compared to FY 2015 for three institutions (UNLV, UNR, NSC) due to the removal of F grades for non-attendance from the WSCH utilized for formula purposes, while state support is decreased at four institutions (CSN, TMCC, GBC, WNC).

M210	**DEMOGRAPHICS/CASELOAD CHANGES**				
	An important component in the new funding formula is the ability to retain 100 percent of student fees and other revenues generated at each institution, without an offset to state General Fund support. NSHE is requesting the use of additional projected non-state revenues of $18.13 million and $29.53 million for FY 2016 and FY 2017 respectively.

E275	**EDUCATED AND HEALTHY CITIZENRY**				
	State support for NSHE was reduced from legislative approved levels from FY 2009 to FY 2013 by slightly more than 30 percent. During the 2013-15 biennium this trend changed with additional state support being provided to NSHE. It is important for this trend to continue so institutions can maintain and expand the education offered to Nevadans and to continue support for the state's economic development goals. A total of $12.88 million is requested in FY 2016 and FY 2017 to increase the amount per WSCH by $5.00.

M210	**DEMOGRAPHICS/CASELOAD CHANGES**				
	An important component in the new funding formula is the ability to retain 100 percent of student fees and other revenues generated at each institution, without an offset to state General Fund support. NSHE is requesting the use of additional projected non-state revenues of $18.13 million and $29.53 million for FY 2016 and FY 2017 respectively.

M210	**DEMOGRAPHICS/CASELOAD CHANGES**				
	An important component in the new funding formula is the ability to retain 100 percent of student fees and other revenues generated at each institution, without an offset to state General Fund support. NSHE is requesting the use of additional projected non-state revenues of $18.13 million and $29.53 million for FY 2016 and FY 2017 respectively.

M210	**DEMOGRAPHICS/CASELOAD CHANGES**				
	An important component in the new funding formula is the ability to retain 100 percent of student fees and other revenues generated at each institution, without an offset to state General Fund support. NSHE is requesting the use of additional projected non-state revenues of $18.13 million and $29.53 million for FY 2016 and FY 2017 respectively.

E277	**EDUCATED AND HEALTHY CITIZENRY**				
	Enrollments at law schools nationally have been experiencing significant declines. Responding to this trend, entering classes at UNLV have been reduced from 150 to 110 students. The resulting revenue shortfall totals $900,000 in FY 2014 and is estimated to increase to $2.9 million in FY 2017. This funding shortfall is recommended to be met with a combination of expenditure reductions, reasonable fee increases and additional state support. A total of $1.5 million in each year of the biennium is requested to partially offset the revenue shortfall due to reducing the entering class of law students.

M201	**DEMOGRAPHICS/CASELOAD CHANGES**				
	This decision unit requests funding for the small institution factor at GBC and WNC and represents the net difference between the amounts approved by the 2013 legislature in FY 2014 and FY 2015 and the amounts requested in FY 2016 and FY 2017. A reduction of $43,200 is requested in each year for GBC and an increase of $67,890 is requested in each year for WNC and is based on the number of Weighted Student Credit Hours generated by each institution in FY 2014.

M203	**DEMOGRAPHICS/CASELOAD CHANGES**				
	The new funding formula provides more or less funding to an institution dependent on whether WSCH have increased or decreased in FY 2014 compared to FY 2012. Overall, WSCH institutions generated approximately 3.5 percent more WSCH in FY 2014 compared to FY 2012. This results in a request of $12.78 million in additional state support in each year of the biennium. Five institutions generated more WSCH in FY 2014 compared to FY 2012, while two institutions had slight reductions in the WSCH generated.

M204	**DEMOGRAPHICS/CASELOAD CHANGES**				
	When the 2013 Legislature approved the new funding formula, it was also decided that the primary driver of the formula, Weighted Student Credit Hours (WSCH), would not include F grades for non-attendance when the 2015-17 budget request was developed. Since all institutions did not track this information until FY 2013, this required WSCH in FY 2012 to be reduced based on the average of F grades for non-attendance generated at each institution in FY 2013 and FY 2014. The lower number of WSCH resulted in the average amount per WSCH being increased from $141.50 to $148.59 to prevent NSHE from incurring a reduction in state support.				
	State support for NSHE as a whole does not change due to this adjustment. However, this decision unit does impact the base level of state support for individual institutions. Increased state support is requested in FY 2016 and FY 2017 compared to FY 2015 for three institutions (UNLV, UNR, NSC) due to the removal of F grades for non-attendance from the WSCH utilized for formula purposes, while state support is decreased at four institutions (CSN, TMCC, GBC, WNC).

M210	**DEMOGRAPHICS/CASELOAD CHANGES**				
	An important component in the new funding formula is the ability to retain 100 percent of student fees and other revenues generated at each institution, without an offset to state General Fund support. NSHE is requesting the use of additional projected non-state revenues of $18.13 million and $29.53 million for FY 2016 and FY 2017 respectively.

E275	**EDUCATED AND HEALTHY CITIZENRY**				
	State support for NSHE was reduced from legislative approved levels from FY 2009 to FY 2013 by slightly more than 30 percent. During the 2013-15 biennium this trend changed with additional state support being provided to NSHE. It is important for this trend to continue so institutions can maintain and expand the education offered to Nevadans and to continue support for the state's economic development goals. A total of $12.88 million is requested in FY 2016 and FY 2017 to increase the amount per WSCH by $5.00.

	Bridge funding of $1.5 million is requested in each year of the biennium for Great Basin College and $1.1 million in FY 2016 and $850,000 in FY 2017 is being requested for Western Nevada College. The bridge funds would assist these two institutions in adjusting to the lower level of state support provided by the new funding formula.

M210	**DEMOGRAPHICS/CASELOAD CHANGES**				
	An important component in the new funding formula is the ability to retain 100 percent of student fees and other revenues generated at each institution, without an offset to state General Fund support. NSHE is requesting the use of additional projected non-state revenues of $18.13 million and $29.53 million for FY 2016 and FY 2017 respectively.

M202	**DEMOGRAPHICS/CASELOAD CHANGES**				
	A total of $1.725 million in additional O&M research funding over and above amounts generated through the new funding formula was approved by the 2013 Legislature for UNLV in FY 2014 and FY 2015 which was temporarily financed on a one-time basis through a reduction in formula funding at CSN and NSC. This decision unit restores formula funding of $1.725 million in each year of the biennium at CSN ($1,158,782) and NSC ($566,616) that was reduced on a one-time basis in each year of the 2013-15 biennium.

M203	**DEMOGRAPHICS/CASELOAD CHANGES**				
	The new funding formula provides more or less funding to an institution dependent on whether WSCH have increased or decreased in FY 2014 compared to FY 2012. Overall, WSCH institutions generated approximately 3.5 percent more WSCH in FY 2014 compared to FY 2012. This results in a request of $12.78 million in additional state support in each year of the biennium. Five institutions generated more WSCH in FY 2014 compared to FY 2012, while two institutions had slight reductions in the WSCH generated.

M204 DEMOGRAPHICS/CASELOAD CHANGES

When the 2013 Legislature approved the new funding formula, it was also decided that the primary driver of the formula, Weighted Student Credit Hours (WSCH), would not include F grades for non-attendance when the 2015-17 budget request was developed. Since all institutions did not track this information until FY 2013, this required WSCH in FY 2012 to be reduced based on the average of F grades for non-attendance generated at each institution in FY 2013 and FY 2014. The lower number of WSCH resulted in the average amount per WSCH being increased from $141.50 to $148.59 to prevent NSHE from incurring a reduction in state support.

State support for NSHE as a whole does not change due to this adjustment. However, this decision unit does impact the base level of state support for individual institutions. Increased state support is requested in FY 2016 and FY 2017 compared to FY 2015 for three institutions (UNLV, UNR, NSC) due to the removal of F grades for non-attendance from the WSCH utilized for formula purposes, while state support is decreased at four institutions (CSN, TMCC, GBC, WNC).

M210 DEMOGRAPHICS/CASELOAD CHANGES

An important component in the new funding formula is the ability to retain 100 percent of student fees and other revenues generated at each institution, without an offset to state General Fund support. NSHE is requesting the use of additional projected non-state revenues of $18.13 million and $29.53 million for FY 2016 and FY 2017 respectively.

E275	**EDUCATED AND HEALTHY CITIZENRY**				
	State support for NSHE was reduced from legislative approved levels from FY 2009 to FY 2013 by slightly more than 30 percent. During the 2013-15 biennium this trend changed with additional state support being provided to NSHE. It is important for this trend to continue so institutions can maintain and expand the education offered to Nevadans and to continue support for the state's economic development goals. A total of $12.88 million is requested in FY 2016 and FY 2017 to increase the amount per WSCH by $5.00.

	NSHE is requesting funding based on the new formula model for the institutional support and research administration functions at DRI. The new model is a sliding scale calculation based on the level of grants and contracts. NSHE is requesting decreases in funding by $0.96 million and $1.05 million for FY 2016 and FY 2017 respectively.

E280 EDUCATED AND HEALTHY CITIZENRY

* The 2013 Legislature approved a new funding formula for DRI that determines state support based on the level of grants and contracts generated by DRI. Initial implementation of the formula was designed to be revenue neutral with the ability to generate additional state support as grants awarded to DRI increase over time. Due to a number of negative events that occurred during the current biennium including budget constraints at the federal level, grant and contract activity has decreased compared to previous years. Based on the new formula, state support for DRI would be reduced by approximately $1 million in each year of the biennium. In response to this issue, DRI has developed a new business model that will emphasize greater participation with private business. A total of $352,000 in bridge funding is requested in each year of the biennium to partially offset the loss of state support for DRI during this transition to a new business model.

	A total of $1.725 million in additional O&M research funding over and above amounts generated through the new funding formula was approved by the 2013 Legislature for UNLV in FY 2014 and FY 2015 which was temporarily financed on a one-time basis through a reduction in formula funding at CSN and NSC. This decision unit restores formula funding of $1.725 million in each year of the biennium at CSN ($1,158,782) and NSC ($566,616) that was reduced on a one-time basis in each year of the 2013-15 biennium.

M203	**DEMOGRAPHICS/CASELOAD CHANGES**				
	The new funding formula provides more or less funding to an institution dependent on whether WSCH have increased or decreased in FY 2014 compared to FY 2012. Overall, WSCH institutions generated approximately 3.5 percent more WSCH in FY 2014 compared to FY 2012. This results in a request of $12.78 million in additional state support in each year of the biennium. Five institutions generated more WSCH in FY 2014 compared to FY 2012, while two institutions had slight reductions in the WSCH generated.

M204	**DEMOGRAPHICS/CASELOAD CHANGES**				
	When the 2013 Legislature approved the new funding formula, it was also decided that the primary driver of the formula, Weighted Student Credit Hours (WSCH), would not include F grades for non-attendance when the 2015-17 budget request was developed. Since all institutions did not track this information until FY 2013, this required WSCH in FY 2012 to be reduced based on the average of F grades for non-attendance generated at each institution in FY 2013 and FY 2014. The lower number of WSCH resulted in the average amount per WSCH being increased from $141.50 to $148.59 to prevent NSHE from incurring a reduction in state support.				

Item No	Description	Actual 2013-2014	Work Program 2014-2015	A01 Year 1 2015-2016	A01 Year 2 2016-2017
	State support for NSHE as a whole does not change due to this adjustment. However, this decision unit does impact the base level of state support for individual institutions. Increased state support is requested in FY 2016 and FY 2017 compared to FY 2015 for three institutions (UNLV, UNR, NSC) due to the removal of F grades for non-attendance from the WSCH utilized for formula purposes, while state support is decreased at four institutions (CSN, TMCC, GBC, WNC).

M210	**DEMOGRAPHICS/CASELOAD CHANGES**				
	An important component in the new funding formula is the ability to retain 100 percent of student fees and other revenues generated at each institution, without an offset to state General Fund support. NSHE is requesting the use of additional projected non-state revenues of $18.13 million and $29.53 million for FY 2016 and FY 2017 respectively.

E275	**EDUCATED AND HEALTHY CITIZENRY**				
	State support for NSHE was reduced from legislative approved levels from FY 2009 to FY 2013 by slightly more than 30 percent. During the 2013-15 biennium this trend changed with additional state support being provided to NSHE. It is important for this trend to continue so institutions can maintain and expand the education offered to Nevadans and to continue support for the state's economic development goals. A total of $12.88 million is requested in FY 2016 and FY 2017 to increase the amount per WSCH by $5.00.

M201	**DEMOGRAPHICS/CASELOAD CHANGES**				
	This decision unit requests funding for the small institution factor at GBC and WNC and represents the net difference between the amounts approved by the 2013 legislature in FY 2014 and FY 2015 and the amounts requested in FY 2016 and FY 2017. A reduction of $43,200 is requested in each year for GBC and an increase of $67,890 is requested in each year for WNC and is based on the number of Weighted Student Credit Hours generated by each institution in FY 2014.

M203	**DEMOGRAPHICS/CASELOAD CHANGES**				
	The new funding formula provides more or less funding to an institution dependent on whether WSCH have increased or decreased in FY 2014 compared to FY 2012. Overall, WSCH institutions generated approximately 3.5 percent more WSCH in FY 2014 compared to FY 2012. This results in a request of $12.78 million in additional state support in each year of the biennium. Five institutions generated more WSCH in FY 2014 compared to FY 2012, while two institutions had slight reductions in the WSCH generated

M204	**DEMOGRAPHICS/CASELOAD CHANGES**				
	When the 2013 Legislature approved the new funding formula, it was also decided that the primary driver of the formula, Weighted Student Credit Hours (WSCH), would not include F grades for non-attendance when the 2015-17 budget request was developed. Since all institutions did not track this information until FY 2013, this required WSCH in FY 2012 to be reduced based on the average of F grades for non-attendance generated at each institution in FY 2013 and FY 2014. The lower number of WSCH resulted in the average amount per WSCH being increased from $141.50 to $148.59 to prevent NSHE from incurring a reduction in state support.				
	State support for NSHE as a whole does not change due to this adjustment. However, this decision unit does impact the base level of state support for individual institutions. Increased state support is requested in FY 2016 and FY 2017 compared to FY 2015 for three institutions (UNLV, UNR, NSC) due to the removal of F grades for non-attendance from the WSCH utilized for formula purposes, while state support is decreased at four institutions (CSN, TMCC, GBC, WNC).

M210	**DEMOGRAPHICS/CASELOAD CHANGES**				
	An important component in the new funding formula is the ability to retain 100 percent of student fees and other revenues generated at each institution, without an offset to state General Fund support. NSHE is requesting the use of additional projected non-state revenues of $18.13 million and $29.53 million for FY 2016 and FY 2017 respectively.

Item No	Description	Actual 2013-2014	Work Program 2014-2015	A01 Year 1 2015-2016	A01 Year 2 2016-2017
E275	**EDUCATED AND HEALTHY CITIZENRY**				
	State support for NSHE was reduced from legislative approved levels from FY 2009 to FY 2013 by slightly more than 30 percent. During the 2013-15 biennium this trend changed with additional state support being provided to NSHE. It is important for this trend to continue so institutions can maintain and expand the education offered to Nevadans and to continue support for the state's economic development goals. A total of $12.88 million is requested in FY 2016 and FY 2017 to increase the amount per WSCH by $5.00.

E278	**EDUCATED AND HEALTHY CITIZENRY**				
	Bridge funding of $1.5 million is requested in each year of the biennium for Great Basin College and $1.1 million in FY 2016 and $850,000 in FY 2017 is being requested for Western Nevada College. The bridge funds would assist these two institutions in adjusting to the lower level of state support provided by the new funding formula.
