	The new funding formula provides more or less funding to an institution dependent on whether WSCH have increased or decreased in FY 2014 compared to FY 2012. Overall, WSCH institutions generated approximately 3.5 percent more WSCH in FY 2014 compared to FY 2012. This results in a request of $12.78 million in additional state support in each year of the biennium. Five institutions generated more WSCH in FY 2014 compared to FY 2012, while two institutions had slight reductions in the WSCH generated.

	When the 2013 Legislature approved the new funding formula, it was also decided that the primary driver of the formula, Weighted Student Credit Hours (WSCH), would not include F grades for non-attendance when the 2015-17 budget request was developed. Since all institutions did not track this information until FY 2013, this required WSCH in FY 2012 to be reduced based on the average of F grades for non-attendance generated at each institution in FY 2013 and FY 2014. The lower number of WSCH resulted in the average amount per WSCH being increased from $141.50 to $148.59 to prevent NSHE from incurring a reduction in state support.				
	State support for NSHE as a whole does not change due to this adjustment. However, this decision unit does impact the base level of state support for individual institutions. Increased state support is requested in FY 2016 and FY 2017 compared to FY 2015 for three institutions (UNLV, UNR, NSC) due to the removal of F grades for non-attendance from the WSCH utilized for formula purposes, while state support is decreased at four institutions (CSN, TMCC, GBC, WNC).

	An important component in the new funding formula is the ability to retain 100 percent of student fees and other revenues generated at each institution, without an offset to state General Fund support. NSHE is requesting the use of additional projected non-state revenues of $18.13 million and $29.53 million for FY 2016 and FY 2017 respectively.

	State support for NSHE was reduced from legislative approved levels from FY 2009 to FY 2013 by slightly more than 30 percent. During the 2013-15 biennium this trend changed with additional state support being provided to NSHE. It is important for this trend to continue so institutions can maintain and expand the education offered to Nevadans and to continue support for the state's economic development goals. A total of $12.88 million is requested in FY 2016 and FY 2017 to increase the amount per WSCH by $5.00.

E226	**EFFICIENT AND RESPONSIVE STATE GOVERNMENT**				
	MBI - Intensive Foster Care Homes (formerly Specialized Foster Care Pilot) - Expansion to full implementation for the Washoe County Child Welfare.				
	As of December 31, 2013, WCDSS had a total of 24 youth in the Pilot Program with 16 children in Turbo (foster family home with Together Facing the Challenge supportive structure) and 8 in Treatment Level Care. An additional 17 youth had participated and left the Pilot Program, with 7 reunifying to parent(s), 2 placed with relatives through ICPSs, 2 child disruptions, and 6 disruptions due to the foster parent(s). While outcomes are currently being analyzed, anecdotal information suggests Pilot Program level children have more placement stability than non-Pilot Program children. There are currently approximately 130 children in Washoe County custody requiring Specialized Foster Care or Higher Level of Care Treatment.				
	This decision unit is a companion decision unit to E226 in Budget Account 3142 - Clark County Child Welfare, Budget Account 3143 - UNITY/SACWIS, and Budget Account 3229 - Rural Child Welfare for the Intensive Foster Care Homes (Specialized Foster Care Pilot) program.

E225	**EFFICIENT AND RESPONSIVE STATE GOVERNMENT**				
	This decision unit eliminates general fund appropriations with an increase in licensing fees coupled with a cost recovery for conducting background investigations. Proposed regulation changes have been submitted for approval during the 2015-17 Legislative Session. This decision unit also eliminates three positions (2.49 full-time equivalents) that have been vacant longer than 24 months. Program staff do not anticipate an increase in the number of facilities to be licensed/monitored that would require maintaining these three positions. [See Attachment]

	The purpose of this decision unit is to request caseload growth for the Long-Term Care Ombudsman program. This program has not previously had a Legislatively approved caseload; however, in working the Budget Division, this was deemed appropriate to allow the program to maintain desired levels of service. This request includes seven additional Full-Time Equivalent staff: one Social Work Supervisor, four Administrative Assistants to act as intake coordinators, and two quality assurance positions. The caseload is projected to increase from 6,983 average monthly activities and cases at the end of Fiscal Year 2014 to 7,547 average monthly cases at the end of Fiscal Year 2017, an increase of 8.1 percent. This will translate into a staffing ratio of one staff member per 37 average activities/cases per month, versus the current workload of 61 average activities/cases per month.

	ADSD recognizes that a strong provider network is essential to maintain quality in community care and develop the service system to support persons with intellectual disabilities and related conditions. Establishing appropriate rates would assure a safety net for vulnerable populations; allow providers to offer competitive salaries and benefits so that employees remain on the job, gathering experience and providing a bases for consistency and continuity of care; compensate providers for professional development and ongoing training for their staff; and provide motivation for providers to develop best practices and specialized skills and expertise necessary to support people who have intensive support needs.

	This request adds one (1) new 1.0 Full-Time Equivalent (FTE) Food Service Cook/Supervisor II position to the budget. During the last legislative session, the need for two (2) additional 1.0 FTE Food Service Cook/Supervisor II positions was identified. Due to budget restrictions, only one (1) FTE Food Service Cook/Supervisor II position was requested and granted. This request will satisfy the kitchen staffing needs by adding the second needed 1.0 FTE Food Service Cook/Supervisor II. [See Attachment]

M590	**MANDATES-CLEAN AIR ACT**				
	This request is for training of employees and new equipment which are necessary due to the new federal requirements of the Clean Air Act. Due to the large number of new employees in the air program, NDEP is requesting additional budget authority to bring a trainer onsite for two different courses. The Effective Permit Writing Workshop provides permit writers with the ability to determine types of emission that must be included in permits, how pollutants are regulated and the type of permit that is required. This course is a critical piece of a permit writer's proficiencies, ensuring that the state and the facilities remain in compliance with state and federal requirements. The Advanced New Source Review Workshop provides staff a comprehensive working knowledge of the manner in which EPA is interpreting the Clean Air Act New Source Review rules. This information is the foundation of a permit writer's ability to effectively and accurately determine the parameters of an operating permit. New monitoring equipment is needed to demonstrate compliance with federal oxides of sulfur standard.

	This request for additional travel funds is necessary due to the increased involvement by the Executive Branch staff, AG's Office, DCNR's director and DEP's Administrator and Deputy Administrator in the State's oversight of new, unique low-level waste streams proposed by the Department of Energy (DOE) to be disposed of at the Nevada National Security Site. The budget increase also covers an escalation of the Bureau's audits of DOE generators located throughout the USA who ship low-level and mixed-low-level waste to the Nevada National Security Site.

	This decision unit eliminates one time expenditures such as wiring costs, equipment, and software purchases. It eliminates terminal sick and terminal annual costs from base, and is the balancing decision unit for contracts, rent, dues, EITS email, voice mail, and internet charges, in addition to copier leases. It also allows for changes to categories as funding and necessity dictates.

E275 **EDUCATED AND HEALTHY CITIZENRY**

The request proposes adding three new classrooms and a computer lab for the Work In Nevada (WIN) program. This expansion provides capacity to operate four WIN sessions per month, 10 New Employees of Nevada (NEON) orientations per week, and develop a drop-in educational program for Temporary Assistance for Needy Families (TANF) clients who need to get back in compliance with NEON program requirements. These facilities will be used for other DWSS training and testing needs when not in use for the WIN program.
