Office of the Governor

January 16, 2013

Honorable Members of the Senate and Assembly:

Transmitted herewith is the 2013-2015 Executive Budget for the State of Nevada.

The State of Nevada has experienced a prolonged period of economic challenges which continue to persist. While we have seen steady improvement over the past two years, significant challenges remain. The budget I am submitting addresses critical needs of our state government, invests in education and meets our responsibility to care for our citizens – yet does so in a manner commensurate with the economic times.

This budget reflects the good economic news we have long awaited. Nevada has experienced increasing sales tax revenues for 28 consecutive months and is poised to continue this trend. Unemployment has declined from a high of over 14% to the current level of 10.8%. Our economic development and tourism efforts have produced results. The number of Nevada businesses is on the rise and visitors are returning to near pre-recession levels.

However, our unemployment levels continue to be unacceptably high and our housing crisis remains. Further, while tourists have returned to Nevada, our revenues from gaming activities are showing only modest increases. Additionally, demands for State services have increased dramatically and these increases are projected to continue through FY 2015. This is most clearly represented by the increases in our Medicaid caseload, which is expected to grow from 297,000 at the beginning of FY 2012 to 490,000 by the end of FY 2015. The Affordable Care Act will provide Medicaid coverage for an estimated 146,000 more Nevadans. However, this does not come without a significant cost to the State. All of these realities are reflected in my budget, both in terms of the pressures they exert on revenue and the needs they drive related to spending.

My commitment to provide safety net services to Nevadans in need and my firm belief in continued investment in education, has led me to direct State agencies to hold the line on spending in most areas. While we are maintaining the majority of existing expenditure levels, the costs of increasing caseloads and the impacts of the Affordable Care Act have absorbed the majority of tax revenue increases. Therefore, the Executive Budget provides for the extension of the majority of revenue sources that are scheduled to sunset on June 30, 2013. Where funds have been available, I have directed them to education as an investment in the future of our state.

While the majority of sunseting revenues have been extended, we have taken the opportunity to reduce the burden on small business by extending the exemption of the modified business tax and increasing the exemption to the first \$85,000 of payroll each quarter. This eliminates the tax for an additional 6.7% of businesses and fully exempts 74% of Nevada's businesses.

During the last several years of very lean times, state government has had to tighten its belt. This has resulted in reductions to numerous programs, reduction of pay for employees and delayed investment in our buildings and IT infrastructure. This Executive Budget begins the process of restoring elements considered most critical to ensure we can continue to provide the services our citizens expect. A few notable initiatives in the budget are as follows:

- Step/ Merit pay is restored for State employees beginning in FY 2015
- Furloughs are reduced from 6 days per year to 3 days per year in both years of the biennium
- Education initiatives include all-day kindergarten, English Language Learners, Teach for America, and Jobs for America's Graduates
- Economic development efforts are continued with full funding of the Catalyst Fund and allocation of State dollars to the Knowledge Fund
- Several Health and Human Service initiatives are advanced, including increased funding for immunization of children, additional funding for autism and increased payment rates for primary care providers
- Veterans' Services are enhanced through the addition of new officers to ensure timely assistance to our veterans and through a feasibility study and design for a Northern Nevada Veteran's Nursing facility
- The new Higher Education funding formula ties funding to credit completion
- Critical infrastructure needs for the State government are addressed through meaningful investments in information technology, telecommunications and maintenance to our buildings
- Funding for the Millennium Scholarship extends its financial viability through FY 2017 and into FY 2018.
- Some relief is provided to counties by eliminating the sweep of the indigent accident fund and reducing payments required for the support of juvenile justice services

While we have addressed a number of the most critical needs and taken some meaningful steps forward, uncertainty exists regarding the level of federal funding for many programs that are critical for our citizens. As a result, the budget leaves \$ 15 million in the rainy day fund at the end of the biennium to address these unknown elements. Further, we have left reserves of approximately \$17 million in the tobacco fund to address any funding concerns that develop for health and human services.

I believe this budget provides a balanced approach to providing for the needs of the State while advancing the primary focus on education and maintaining critical safety net services. It addresses many of the problems of our current reality and begins to lay a foundation for the future. I look forward to working with the Legislature to enact a plan that ensures Nevada's best days are yet to come.

Sincere regards,

GOVERNOR'S EXECUTIVE BUDGET OVERVIEW

The Governor's Executive Budget is presented in both a priorities and performance based format and in a line-item format. This change in format provides some distinct differences from historical presentation and is an interim step as the state moves towards a performance based budget.

The priorities and performance portion of the budget is structured at the departmental and divisional level. Services provided by the respective departments and divisions are divided into separate activities. Work levels and achievements for each activity are assessed using performance and workload measures.

The traditional line-item budget has a three part format with revenue and expenditure detail for each component of Base, Maintenance and Enhancements. This portion of the budget is also structured at the departmental and divisional level, but this format uses the traditional budget accounts instead of activities.

- Base expenditures are historical levels, adjusted to reflect current costs of operations.
- Maintenance expenditures are incremental costs of conducting state business to keep pace with increasing demands such as caseload changes or inflation costs.
- Enhancements are new or expanded programs and/or costs which seek to increase or improve service levels.

Comparable information for the line-item portion of the budget is demonstrated for a prior year (Fiscal Year 2012), the work program for Fiscal Year 2013 (FY13) and the Governor's recommendations for FY14 and FY15.

Major Changes in Presentation and Format

For each department and division of state government, the priorities and performance based budget is provided. This provides budget highlights, a summary of funding, a listing of activities, and their related performance measures. The performance based budget is followed by the line-item budget that provides the revenue and expenditure details for all budget accounts within the department or division.

Readers will note that performance measures are now only displayed at the activity level. All performance measures formerly used at the budget account level have either been transferred over to the appropriate activity or have been suspended. All measures previously connected with budget accounts are included in the appendix of the Governor's Executive Budget.

A more comprehensive discussion of the new Priorities and Performance Based Budget is included in that section of the executive summary.

The capabilities of the new Priorities and Performance Based Budget are significant and cannot be fully appreciated in this written document. Those interested in a more detailed and interactive experience are encouraged to visit Nevada's Open Government website at <http://openbudget.nv.gov>.

SANDOVAL ADMINISTRATION 2013-2015 PLANNING FRAMEWORK

"By 2014, we will emerge with a smaller, more efficient State Government, an education system we can be proud of, and a supply of good jobs transformed by a forever-changed economy."

Governor Brian Sandoval
Inaugural Address - January 3, 2011

Vision:

Nevada's best days are yet to come.

Mission:

Create a new promise of opportunity.

Values:

Action	Opportunity
Collaboration	Optimism
Courage	Pride

Governor's Strategic Priorities

Sustainable and Growing Economy

Our short-term goal must be to get Nevada working again, while striving over the long-term to restructure and diversify our economic model.

Safe and Livable Communities

Nevada is a great place to live, work and play, and State Government must provide public safety services while protecting our natural and cultural resources.

Educated and Healthy Citizenry

The Governor remains committed to education reform and to ensuring that the state provides a safety net for those most at-risk, protects the public health, and provides opportunities for all Nevadans to participate fully in all our state has to offer.

Efficient and Responsive State Government

Quite simply, we are changing the way Nevada does business through support for initiatives that hold government accountable, ensure efficient use of resources, provide transparency, and support excellent customer service.

ECONOMIC OVERVIEW

A Long and Prolonged Recession

The 2007-2009 recession was the longest and deepest downturn since the Great Depression and the ensuing recovery remains modest more than three years after the recession officially ended.

- Although employment has been increasing since August 2010, the nation had 4.4 million fewer jobs in 2012 than in 2007.
- The U.S. seasonally adjusted unemployment rate, which peaked at 10.6 percent in January 2010, has only fallen to an annual average of 8.1 percent in 2012, still well above the 4.6 percent average rate in 2006 and 2007.
- Consumer confidence has improved since the record low set in 2008, but remains at levels last seen during the recessions of the early 1980s and 1990s.
- The number of single-family housing permits issued each year since 2008 is lower than any year from 1980 through 2007 and home prices remain depressed in most areas of the country.

The 2007-2009 recession was harder on Nevada than on any other state and the state's recovery has been slow to solidify. Nevada's economy is disproportionately dependent on visitors coming to the state for business and pleasure. Indeed, the proportion of Nevada's employment in the leisure and hospitality sector — 28.3 percent in 2011 — is nearly three times larger than the national average. It is therefore not surprising that a weak national economy produces fewer business and pleasure travelers with less spending money, and thus negatively impacts the Nevada economy.

Nevada's Recovery is Underway, but Challenges Remain

An economic recovery is underway in the Silver State. This is demonstrated by increasing employment, housing prices, new businesses, tax revenues and visitor counts. All of these areas have been improving consistently in recent months and are expected to have continued growth in the 2013-2015 biennium. However, high unemployment and a prolonged housing crisis continue to challenge Nevada's full recovery.

- In 2012, the number of visitors to Las Vegas will likely surpass the pre-recession peak set in 2007.
- The number of businesses in Nevada has increased for five consecutive quarters.
- As of November 2012, Nevada posted year-over-year employment increases for 22 of the past 23 months, adding a total of 29,000 private sector jobs in 2011 and the first half of 2012.
- Nevada's seasonally adjusted unemployment rate fell 2.4 percentage points between November 2011 and November 2012, the biggest improvement posted by any state. Still, the November 2012 unemployment rate of 10.8 percent is highest in the nation.
- The Federal Housing Finance Agency Home Price Index (purchase only, not seasonally adjusted) showed third quarter 2012 Nevada home prices were up 8.8 percent compared with third quarter 2011, the fifth highest increase among the states. The state's foreclosure rate, however, also continues to be among the highest.
- Statewide personal income and wage and salary disbursements are increasing.

The home price bubble and financial crisis have been especially hard on Nevada's construction sector. The proportion of Nevada jobs in construction was higher than the national average for most of the past half century and substantially higher for the past 25 years. In 2006, 11.2 percent of Nevada jobs were in construction, roughly twice the

2006 national average. The 2007-2009 economic implosion devastated Nevada's once booming construction sector; by 2012 the state had lost two out of every three construction jobs available in 2006. Indeed, half the jobs lost in Nevada were in construction.

As is the case for most of Nevada's economic sectors, its General Fund revenue sources are highly dependent on discretionary spending by the state's residents and visitors. Sales and use taxes and gaming percentage fees, the state's two largest General Fund revenue sources, fell dramatically during and immediately following the 2007-2009 recession, dropping 24.5 percent and 23.1 percent, respectively, from FY07 to FY10. While they have not yet regained pre-recession levels,

they have improved, indicating consumers' increasing confidence and willingness to spend.

The General Fund's 2 percent sales and use tax has posted year-over-year gains for 28 consecutive months. Sales and use tax collections were up 5.3 percent in FY11, 6 percent in FY12 and are forecast to continue to post increases in each of the next three fiscal years.

Gaming percentage fee collections have also increased year-over-year since FY10, although at a slower pace than sales and use tax receipts. Gaming percentage fee collections are forecast to grow modestly through FY15.

Although the Nevada economy has been among the weakest, the state has not experienced a large outflow of its residents. In fact, recently released U.S. Census Bureau population estimates show that Nevada's 1.43 percent rate of population increase between July 1, 2011 and July 1, 2012 was sixth highest in the nation.

Nevada is challenged to deal with this continued population growth and prolonged period of high unemployment. These challenges are most clearly represented in the massive growth in Medicaid caseloads over the past several years. This growth is projected to continue throughout the 2013-2015 biennium.

REVENUE SUMMARY

Nevada's General Fund is the major operating fund of the state. The state also has access to federal funds, the State Highway Fund, and various other resources to support services. However, most specialized funds, such as the Highway Fund, may be spent only on specified activities. By contrast, there are few restrictions on how money in the General Fund is spent.

For the 2013-2015 biennium, General Fund resources represent 37 percent of total state revenues. Federal funds are increasing significantly in the 2013-2015 biennium and will comprise 34 percent. The primary driver of federal fund increases is related to changes and growth in the Medicaid program, as discussed in the Spending Summary Section that follows. The State Highway Fund represents 5 percent and the balance comes from other funding sources.

General Fund sources include taxes; licenses; fees and fines; return of unspent funds, including use of money and property; and transfers from other funds. During the 2013-2015 biennium, sales and use, gaming, modified business, insurance, and mining taxes are projected to comprise nearly 80 percent of total General Fund revenues.

The Governor's Executive Budget must be balanced to revenue projections made by the Economic Forum, a group of private economic and financial experts appointed by the Legislature and the Governor. The Forum's General Fund revenue forecasts are binding on the Governor's Executive Budget and on the Legislature's approved budget. On November 30, 2012, the Economic Forum set the revenue projections that the Governor uses to construct his recommended 2013-2015 biennial budget. The Economic Forum will reconvene on

or before May 1, 2013 to prepare the forecast that must be used for the Legislature's approved budget.

The unprecedented downturn in General Fund revenues in the 2007-2009 and 2009-2011 biennia was addressed by a number of actions taken by the State of Nevada including reductions in state operating expenses and state worker pay and benefits. Additionally, the state received federal funds provided through the American Recovery and

Reinvestment Act of 2009, used resources in the Rainy Day Fund, and engaged in various one-time funding mechanisms.

The revenue shortfall was further addressed through revenue enhancements and tax increases passed by the 2009 Legislature. Many of these revenue initiatives were intended to expire on June 30, 2011, but were extended through June 30, 2013 by the 2011 Legislature.

Without these revenues, the Economic Forum anticipates that General Fund resources in the upcoming 2013-2015 biennium would be roughly the same as the 2005-2007 biennium. By contrast, between 2006 and 2012 Nevada population increased more than 5 percent, K-12 enrollment increased nearly 7 percent, the number of Nevadans in the Supplemental Nutrition Assistance Program more than tripled, and the state's Medicaid population increased more than 80 percent,

while inflation reduced the purchasing power of the General Fund by 14 percent.

As a result of the unprecedented increase in social service needs of Nevadans, and to support the Governor's goal of improving the state education system, many of the revenues expected to sunset on June 30, 2013 are extended in the Governor's Executive Budget. However, it is not necessary to continue all of the revenue enhancements due to the improving state economy. The Governor thus recommends the following treatment of previously enacted revenue enhancements:

Previously enacted General Fund revenue rate increases

- The Modified Business Tax for non-financial institutions should continue at the 1.17 percent rate, but the exemption should be increased to \$85,000 per quarter from the \$62,500 per quarter exemption allowed in the 2011-2013 biennium. This is expected to save businesses \$24.3 million in the 2013-2015 biennium as nearly three out of four non-financial businesses subject to the Modified Business Tax in the 2013-2015 biennium will owe nothing.
- The allowance of a net proceeds of minerals tax deduction for health and industrial insurance should be postponed until June 30, 2015.
- The business license fee should remain at the 2011-2013 biennium rate of \$200 per year, and not revert back to \$100 per year.

Previously enacted General Fund revenue prepayments and diversions

- The portion of net proceeds of minerals tax allocated to the General Fund should continue to be prepaid based on an estimate of the current year taxes due, which impacts the timing of the net proceeds of minerals tax payment but does not affect the amount due.
- Diversion to the General Fund of the Governmental Services Tax revenues resulting from a reduced depreciation allowance should continue.

- Diversion to the General Fund of the Governmental Services Tax revenues from commissions and penalties should continue, but for only one year of the biennium.
- The diversion to the Account to Support Programs for the Prevention and Treatment of Problem Gaming of a portion of the quarterly licensing fees imposed on restricted and non-restricted slot machines should be restored to \$2 per machine.
- The diversion to the General Fund of nearly \$20 million per year from the Supplemental Account for Medical Assistance to Indigent Persons should be discontinued.
- The line of credit that was relied upon to balance the budget during 2012-2013 has been eliminated, as the 2014-2015 biennial budget will no longer require a credit line.

Additionally, the following revenue initiatives, which directly fund the K-12 school system, are continued to ensure no reductions are made to education spending:

- The diversion to the Distributive School Account of the room tax revenues resulting from Initiative Petition 1 should continue, thereby supporting K-12 education funding.
- The Local School Support Tax rate should remain at 2.60 percent and not revert back to 2.25 percent.
- The portion of the net proceeds of minerals tax that directly funds the Distributive School Account should be treated the same as the General Fund portion: it will continue to be prepaid based on an estimate of the current year taxes due, but the allowance of a deduction for health and industrial insurance will be postponed through June 30, 2015.

In total, the Governor's Executive Budget reduces previously enacted revenue enhancements by \$89 million, ensuring critical services to the public are maintained in the 2013-2015 biennium without negatively impacting the state's recovering economy. Actual sunset amounts are listed in the "Statement of Projected Unappropriated General Fund Balance."

SPENDING SUMMARY

Expenditures for the 2013-2015 biennium total \$17.6 billion. This is an increase of approximately \$1.8 billion, or 11 percent, over the current biennium.

When compared to the Legislatively Approved budget for 2012-2013, General Fund appropriations increase by \$341.6 million or 5.5 percent, while federal funds increase by \$1.2 billion or 25.8 percent.

The budget building process was approached with great caution. After several years of significant spending cuts there is significant pent up demand in a number of areas. Although there was some optimism due to increasing revenues, the demands for that revenue are substantial and widespread. The Governor's Executive Budget addresses those demands in several key areas.

Caseload measures demand for a service driven by outside forces. For example, the Department of Corrections' caseload is the number of inmates it must house, while caseload for the Department of Health and Human Services is the number of Nevadans who need a helping hand.

In spite of the projected growth in revenues, the length and severity of the Great Recession continues to push up caseloads significantly. To maintain service levels for caseload driven costs, the state must restrict growth in other programs and projects. The Governor's Executive Budget commits substantial resources to fund caseload needs across the state. These demands are most clearly represented in the significant increases in Medicaid. Medicaid caseloads have grown by almost 23,000 people or 7.7 percent during the 2011-2013

Medicaid Caseload

biennium. Health care reform and the soft recovery are expected to significantly increase demand for services.

Caseload growth and health care reform account for the greatest portion of the new General Fund spending. Caseload growth drives virtually all the increase in employees.

In addition to caseload growth, the budget funds increased retirement contribution rates and increased employee health insurance costs.

The Executive Budget also mitigates some cuts from previous years. The Governor makes it a priority to restore some of the cuts experienced by state employees. The budget restores merit salary increases in the second year and reduces furlough days for state employees in both years.

In addition to all of these demands, the Governor focuses increased resources on education initiatives to improve reading skills in our elementary schools, expand all-day kindergarten, fund additional English language instruction, and help our high school youth recognize their potential. The budget addresses several health and human services needs, including early intervention, autism, mental health, and reducing hunger. The Governor also continues his commitment to economic development by investing in the Knowledge Fund to encourage start-up enterprises in Nevada and the Catalyst Fund to recruit existing businesses to Nevada.

Recognizing we rely on technology more and more, the Governor also sets aside substantial resources to replace aging and failing information technology systems and equipment that have received very few resources for years.

Additional discussions of the Governor's strategic priorities are included in both the Priorities and Performance Based Budget sections and the line-item detail section of this document. The Priorities and Performance Based Budget includes budget highlights and describes the activities each agency pursues to achieve the Governor's priorities and the resources and performance measures for each activity. The line-item detail provides detailed budgetary information for each agency.

FUND BALANCES

The Governor's Executive Budget must have a General Fund reserve for each fiscal year of between five and ten percent of proposed General Fund appropriations for the operation of state government. The General Fund balance at the end of fiscal year FY12 was \$335.6 million. The ending balances for FY13, FY14 and FY15 are projected to be \$215.1 million, \$214.9 million and \$170.8 million, respectively. The 5 percent minimum ending balance is calculated as a percent of that year's operating expenses. The Governor's Executive Budget exceeds this requirement for each year as detailed in the supporting schedules.

The State of Nevada's "Rainy Day Fund" — formally known as the Account to Stabilize the Operation of State Government — is a financial reserve distinct from the General Fund that exists to cover revenue shortfalls. Revenues are allocated to the Rainy Day Fund as per NRS 353.288:

- When the ending General Fund balance is greater than 7 percent of General Fund operating appropriations, 40 percent of the amount in excess of 7 percent of General Fund operating appropriations is allocated to the Rainy Day Fund.
- The state must also make a 1 percent appropriation from the General Fund to the Rainy Day Fund at the beginning of each fiscal year, starting in FY13. The amount must be based on the Economic Forum revenue projection made in May of odd-numbered years, as adjusted by any legislation enacted by the Legislature that affects General Fund revenue for that fiscal year.
- The maximum balance allowed in the Rainy Day Fund is 20 percent of the total of all General Fund appropriations made for the operation of the government, the funding of schools, and the regulation of gaming.

The 2007-2009 economic crisis required depletion of the Rainy Day Fund during the 2009-2011 biennium. However, the 2013-2015 biennium is projected to begin with a Rainy Day Fund balance of over \$84 million due to improving economic conditions. The fund will be drawn down during the biennium, with an estimated ending balance of \$15 million.

__ are available for both Fiscal Years 2013-2014 and 2014-2015, and may be transferred from one fiscal year to the other with the approval of the Interim Finance Committee upon the recommendation of the Governor.

Sec. __. Amounts appropriated pursuant to sections __ and __ of this act to finance specific programs as outlined in this section are available for both Fiscal Years 2013-2014 and 2014-2015 and may be transferred from one fiscal year to the other with the approval of the Interim Finance Committee upon the recommendation of the Governor as follows:

1. Of the amounts appropriated to the Department of Education, Proficiency Testing, pursuant to section __ of this act:
 - (a) A total of \$3,516,808 in Fiscal Year 2013-2014 and \$3,516,808 in Fiscal Year 2014-2015 for the high school proficiency examination and the criterion-referenced examination.
 - (b) A total of \$490,774 in Fiscal Year 2013-2014 and \$490,774 in Fiscal Year 2014-2015 for the state writing proficiency examinations.
2. Of the amounts appropriated to the Health Division of the Department of Health and Human Services pursuant to section __ of

this act, a total of \$1,814,961 in Fiscal Year 2013-2014 and \$1,813,601 in Fiscal Year 2014-2015 to support medication costs within the AIDS Drug Assistance Program.

3. Of the amounts appropriated to the Secretary of State pursuant to section __ of this act, a total of \$173,466 in Fiscal Year 2013-2014 and \$181,280 in Fiscal Year 2014-2015 for Enterprise Information Technology Services required for Nevada Business Portal disaster recovery planning.

Sec. __. The sums appropriated to Nevada Medicaid and Health Care Financing and Policy Administration pursuant to section __ of this act may be transferred between each account for the purpose of implementing a care management program with the approval of the Interim Finance Committee upon the recommendation of the Governor. The care management program must be designed for fee-for-service Medicaid recipients with high cost health care needs, including, without limitation, recipients who are aged, blind or disabled.

Sec. __ Of the amounts appropriated by sections __ to __, inclusive, of this act, the amounts appropriated in both Fiscal Year 2013-2014 and Fiscal Year 2014-2015 to finance deferred maintenance projects approved as maintenance decision units within agency budgets are available for both Fiscal Year 2013-2014 and 2014-2015 and may be transferred within the same budget account from one year to the other with the approval of the Interim Finance Committee upon the recommendation of the Governor. Any amount so transferred must be used to complete the deferred maintenance as approved by the Legislature.

Sec. __. 1. The sums appropriated to the Legislative Fund by section __ of this act for the support of the Legislative Commission, the various divisions of the Legislative Counsel Bureau and Interim

Legislative Operations are available for both Fiscal Years 2013-2014 and 2014-2015, and may be transferred among the Legislative Commission, the various divisions of the Legislative Counsel Bureau and the Interim Legislative Operations and from one fiscal year to another with the approval of the Legislative Commission upon the recommendation of the Director of the Legislative Counsel Bureau.

2. The sums appropriated for the support of salaries and payroll costs must be applied pursuant to the budget approved by the Legislature notwithstanding the provisions of NRS 281.123.

Sec. ____. Except as otherwise provided in this section, the total amounts appropriated in section ____ of this act to each of the accounts of the Division of Health Care Financing and Policy and the Division of Welfare and Supportive Services of the Department of Health and Human Services enumerated in section ____ of this act, except for the amounts appropriated for the Health Care Financing and Policy Administration Account, the Assistance to the Aged and Blind Program, the Welfare Administration Account and the Welfare Field Services Account, are limits. The Divisions shall not request additional money for these programs, except for:

1. Increased state costs in Fiscal Year 2014-2015 in the event that federal financial participation rates are less than legislatively approved effective on October 1, 2015;
2. Costs related to additional services mandated by the Federal Government on or after October 1, 2013, and not specifically funded in the Nevada Medicaid account in Fiscal Years 2013-2014 and 2014-2015;
3. Costs related to an increase in the cost-per-eligible for the Temporary Assistance for Needy Families (TANF) population that is higher than the cost-per-eligible used to project Medicaid expenditures for this population in the legislatively approved budget for Fiscal Year 2013-2014 and Fiscal Year 2014-2015; and

4. Increased state costs in Fiscal Year 2013-2014 and Fiscal Year 2014-2015 in the event that the annual allocation of federal Temporary Assistance for Needy Families (TANF) block grant funds is lower than the amounts approved by the Legislature for either fiscal year.

Sec. ____. The amounts appropriated to the Division of Child and Family Services of the Department of Health and Human Services, Clark County Integration and Washoe County Integration accounts, pursuant to section ____ of this act for the purpose of providing block grant allocations to agencies which provides child welfare services in a county whose population is 100,000 or more, are limits. The Division shall not request additional sums for these programs.

Sec. ____. The sums appropriated to the Division of Welfare and Supportive Services of the Department of Health and Human Services by section ____ of this act may be transferred among the various budget accounts of the Division of Welfare and Supportive Services with the approval of the Interim Finance Committee upon the recommendation of the Governor.

Sec. ____. The sums appropriated to Nevada Medicaid and the Nevada Check-Up Program by section ____ of this act may be transferred between each budget with the approval of the Interim Finance Committee upon the recommendation of the Governor.

Sec. ____. The sums appropriated to the Department of Health and Human Services by section ____ of this act may be transferred among the various budget accounts of the Department of Health and Human Services in the same manner and within the same limits as allowed for revisions of work programs in NRS 353.220.

Sec. ____. The sums appropriated from the State Highway Fund to the Department of Motor Vehicles by section ____ of this act may be

transferred among the various budget accounts of the Department of Motor Vehicles in the same manner and within the same limits as allowed for revisions of work programs in NRS 353.220.

Sec. ____. The sums appropriated to the Department of Corrections by section ____ of this act may be transferred among the various budget accounts of the Department of Corrections in the same manner and within the same limits as allowed for revisions of work programs in NRS 353.220.

Sec. ____. The sums appropriated to any division, agency or section of any department of State Government for the support of salaries and payroll costs may be transferred to any other division, bureau, agency or section of the same department for the support of salaries and payroll costs with the approval of the Interim Finance Committee upon the recommendation of the Governor. The amount transferred into a budget account is limited to the amount budgeted for vacancy savings. Such transfers are also limited only to those activities which are supported by State General Fund or State Highway Fund appropriations.

Sec. ____. The sums appropriated to the Nevada System of Higher Education by section ____ of this act may be transferred among the various budgets of the Nevada System of Higher Education with the approval of the Interim Finance Committee upon the recommendation of the Governor.

Sec. ____. In addition to the requirements of NRS 353.225, for Fiscal Years 2013-2014 and 2014-2015, the Board of Regents of the University of Nevada shall comply with any request by the Governor to set aside money from the appropriations made by this act in any specified amount.

Sec. ____. 1. Of the sums appropriated by section ____ of this act, any amounts used to match documented research grants in the Nevada System of Higher Education which are not committed for expenditure by June 30 of each fiscal year may be carried forward for a maximum of 2 fiscal years after which time any unexpended amounts revert to the State General Fund.

2. All money appropriated by section ____ of this act other than the sums designated in subsection 1 to match documented research grants is subject to the provisions of section ____ of this act.

Sec. ____. 1. Except as otherwise provided in sections ____, ____ and ____ of this act, any balances of the appropriations made in this act for the Fiscal Years 2013-2014 and 2014-2015 must not be committed for expenditure after June 30 of each fiscal year by the entity to which the appropriation is made or any entity to which money from the appropriation is granted or otherwise transferred in any manner, and any portion of the appropriated money remaining cannot be spent for any purpose after September 20, 2014, and September 18, 2015, for each fiscal year respectively, by either the entity to which the money was appropriated or the entity to which the money was subsequently granted or transferred and, except as otherwise provided in subsection 2, must revert to the fund from which appropriated on or before September 20, 2014, and September 18, 2015, of each fiscal year respectively.

2. Any balance of the appropriations made to the Legislative Fund by sections ____ and ____ of this act does not revert to the State General Fund but constitutes a balance carried forward.

Sec. ____. The State Controller shall provide for the payment of claims legally obligated in each fiscal year on behalf of state agencies until the last business day of August immediately following the end of each fiscal year. The State Controller shall process any transactions requested by the Director of the Department of Administration or

his designee from the prior fiscal period until the third Friday in September immediately following the end of the fiscal year.

Sec. ____. The State Controller shall transfer among the appropriate accounts and funds the amounts necessary to carry out the budget approved by the Legislature, and the amounts so transferred shall be deemed appropriated.

Sec. ____. The State Controller shall pay the annual salaries of Supreme Court Justices, District Court Judges, the Governor, the Lieutenant Governor, the Secretary of State, the State Treasurer, the State Controller and the Attorney General in biweekly installments for each day worked up to and including the date of payment. The payment of a portion of the annual salaries of these officers at the end of a calendar year for the purpose of reconciling the amount of the salary paid during that calendar year with the amount of the salary set forth in statute for that office must not be made if it will result in the issuance of a separate check.

Sec. ____. 1. If the Director of the State Department of Conservation and Natural Resources determines that, because of delays in the receipt of revenue for services billed to the Federal Government, local governments and other state governments, the amount of current claims for expenses incurred in the suppression of fire or response to emergencies exceeds the amount of money available to pay such claims within 30 days, he may request from the Director of the Department of Administration a temporary advance from the State General Fund to pay authorized expenses.

2. The Director of the Department of Administration shall provide written notification to the State Controller and to the Senate and Assembly Fiscal Analysts of the Fiscal Analysis Division of the

Legislative Counsel Bureau if he or she approves a request made pursuant to subsection 1. The State Controller shall draw his or her warrant upon receipt of such a notification.

3. An advance from the State General Fund:

(a) May be approved by the Director of the Department of Administration only for expenses incurred in the suppression of fires or response to emergencies charged to the budget account for forest fire suppression of the Division of Forestry of the State Department of Conservation and Natural Resources. Before approving the advance, the Director shall verify that billings for reimbursement have been sent to the agencies of the Federal Government, local governments or other state governments responsible for reimbursing the Division of Forestry for costs incurred in fire suppression or emergency response activities.

(b) Is limited to the total due from outstanding billings for reimbursable expenses incurred in the suppression of fires or response to emergencies as approved for payment to the State by agencies of the Federal Government, local governments and other state governments.

4. Any money which is temporarily advanced from the State General Fund to the budget account for forest fire suppression pursuant to this section must be repaid on or before the last business day in August immediately following the end of the fiscal year.

Sec. ____. 1. If the Governor orders the Nevada National Guard into active duty as described in NRS 412.122 for an emergency as described in NRS 353.263 and the Adjutant General of the Nevada National Guard determines expenditures will be required, the Adjutant General may request from the Director of the Department of Administration a temporary advance from the State General Fund for the payment of authorized expenses.

2. The Director of the Department of Administration shall provide written notification to the State Controller and to the Senate and Assembly Fiscal Analysts of the Fiscal Analysis Division of the

Legislative Counsel Bureau of the approval of a request made pursuant to subsection 1. The State Controller shall draw his or her warrant upon receipt of the approval by the Director of the Department of Administration.

3. An advance from the State General Fund:

(a) Must be approved by the Director of the Department of Administration for expenses incurred as a result of activation of the Nevada National Guard.

(b) Is limited to \$25,000 per activation as described in subsection 1.

4. Any money which is temporarily advanced from the State General Fund to an account pursuant to subsection 3 must be repaid as soon as possible, and must come from the Emergency Account established by NRS 353.263.

Sec. __. If the State of Nevada is required to make payment to the United States Treasury under the provisions of Public Law 101-453, the Cash Management Improvement Act of 1990, the State Controller, upon approval of the State Board of Examiners, may make such payments from the interest earnings of the State General Fund or interest earnings in other funds when interest on federal money has been deposited in those funds.

PRIORITIES AND PERFORMANCE BASED BUDGET (PPBB)

This section of the Governor's Executive Budget is designed to provide some background of the Budget Division's movement to a performance based budget and to provide a primer of how this portion of the budget works. Please go to the Open Government website at <http://openbudget.nv.gov> for an interactive demonstration of the capabilities of PPBB.

Overview

Performance based budgeting was started during the preparation of the FY12/FY13 budget. It was initially presented to the 2011 Legislature in what was known as the Priorities of Government (POG). The concept of moving towards performance-based budgeting was embraced by the public, Governor and Legislature. This led to the passage of Assembly Bill 248 (AB 248) during the 2011 session, which requires the Budget Division to move forward with performance based budgeting beginning with the establishment of Core Functions of state government.

The Priorities and Performance Based Budget (PPBB) is a response to AB 248. In this process, we advance the activity-based budgeting structure that was introduced during the 2011 session. The Governor has directed the Budget Division to move forward with PPBB in a manner that will provide increased accountability of state government. He has further directed that PPBB must accomplish the goal of improving transparency to decision makers and the public. Essentially, the state must improve the process of identifying what services it provides, demonstrating how agencies measure their effectiveness and providing clear results for evaluation.

The Governor involved his entire cabinet in the design of the structure and the development of Core Functions and objectives of state government. Objectives formed by the cabinet directly advance one or more of the strategic priorities. This process resulted in a combination of both a top-down and a bottom-up approach.

Top Down Approach

Core Functions and Objectives

The process started at the top by identifying the Core Functions of government. Once the Core Functions were established, objectives were identified for each. Objectives are high level goals the state seeks to achieve. The Core Functions identified are:

• Business Development and Services	• Education and Workforce Development
• Health Services	• Human Services
• Infrastructure and Communications	• Public Safety
• Resource Management	• State Support Services
• Legislative Branch	• Judicial Branch

PPBB Objectives link to Core Functions

- Objectives are high-level initiatives that the State is trying to achieve
- Some Objectives are not entirely within control of the State's Government
- Government can play a key role in advancing all Objectives

Objectives are measured by Benchmarks

- Benchmarks are high-level measures of how well the state is doing at achieving or making progress on the State's Objectives
- State Government cannot by itself control all Benchmarks, however it should play a key role in all
- Benchmark parameters tie to national data and historical data (when available)

Benchmarks Used for High Level Measurements of Success

The Budget Division firmly believe that goals must be measurable. As a result, each objective has one or more benchmark measurement(s). Benchmarks are very high level measurements of how well the state is doing at moving forward to achieve objectives. It is important to note that benchmarks often measure how well the state as a whole is doing – not just state government. These benchmarks measure progress that is not entirely controllable by government. *For example, while the overall crime rate is a benchmark for the Public Safety core function, the rate of criminal activity is only partially controlled by state government efforts to improve public safety.*

Bottom Up Approach

Divisions and Departments identified “activities” they perform during the preparation of the initial performance budget. Since that process was completed in a very short time and under the general context as a budget reduction tool, the Budget Division and agencies spent considerable time and energy to re-evaluate the activities which are detailed in the budget.

The central purpose of defining activities is to identify what services state agencies provide and to compartmentalize them in a manner that is easy for decision makers and the public to understand. These services or “Activities” are the central building block of performance-based budgeting. The focus was to separate business functions into activities that can be distinctly measured and separated from other functions.

Activities Tie to Objectives

The tying of activities to established objectives of state government is one of the primary advancements in the PPBB budgeting process. By grouping activities that connect to the same objective, the following will be accomplished:

First – Identify activities across state government that are seeking to accomplish the same or similar goal

Second – Generate synergies between activities that may exist in different departments

Third – Compare efficiency and effectiveness of activities towards advancing the objective

Fourth – Identify inconsistency in performance measures for similar activities or activities that are tied to a common objective

Performance Measures Used to Monitor Activities

Activities are measured using performance measures. Up to three performance measures are used for each activity to monitor its effectiveness at providing the service.

Activities are where the delivery of services can be discreetly measured. This is essentially “where the rubber meets the road”. Activities are directly within the control of state government. Performance measures will be a key means by which decision makers and the public can monitor whether resources applied are having the desired impact. Performance measures will establish expectations or “targets” for the upcoming biennium.

PPBB Activities link to Objectives

- Resources are budgeted at the Activity level
- Each Activity is specific to a single Division/Dept.
- Activities from different Divisions can link to a single Objective

Activities are measured by Performance Measures

- Each Activity can be measured by up to three Performance Measures
- Performance Measures are specific to each Activity

RENEWABLE ENERGY FUND

101-4869

PROGRAM DESCRIPTION

Pursuant to NRS 701A.300 through 701A.450 the Office of Energy is to create an account called the Renewable Energy Fund that receives the state's entire portion of the property taxes received from projects receiving abatements beginning July 1, 2012. This account and it's subaccounts shall be interest-bearing accounts and the interest and income earned on the money must be credited to the Fund.

BASE

This request continues funding for the Renewable Energy Fund. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

The Federal Uniform Criminal Extradition Act (UCEA) requires governors of each state to return any person charged in another state with treason, a felony, or any other crime, and who has fled from justice and is subsequently apprehended and returned to the state in which the crime was committed. The Interstate Agreement on Detainers (IAD) covers inmates who are imprisoned in another state penal institution and wanted by the demanding state to stand trial on criminal charges. The Extradition Coordinator, who also serves as Nevada's Agreement Administrator, is responsible for ensuring the ends of justice are promoted by effectuating the return and/or temporary transfer of fugitives who have taken asylum in this State to the requesting states; effectuating the return and/or temporary transfer to Nevada of fugitives who have taken asylum in other states within the statutorily prescribed methods, procedures and time limits; recovering the monetary costs to which the State is entitled by virtue of this undertaking; and providing high quality continuing legal education on all aspects of extradition and detainer laws. Statutory Authority: NRS Chapters 178 and 179.

PROGRAM DESCRIPTION

Established by the Constitution of Nevada, the Office of the Attorney General is responsible for providing legal services to the Executive Branch of state government. The Attorney General's responsibility is also to the citizens of the State, and as an independent constitutional officer, the Attorney General must ensure the law is being administered fairly and correctly. As the state's chief law enforcement officer, the Attorney General represents the people of Nevada before trial and appellate courts of Nevada and the United States in criminal and civil matters; serves as legal counsel to state officers, most boards, commissions and departments; and assists the seventeen district attorneys of the state. Constitutional Authority: Article 5, Section 19 of the Nevada Constitution. Statutory Authority: NRS Chapter 228.

BASE

This request continues funding for 242.30 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

AG - SPECIAL FUND

101-1031

PROGRAM DESCRIPTION

The Attorney General Special Litigation Fund was established to pay expenses directly related to investigation, preparation, prosecution, and defense of suits unknown at the time of budget preparation. Certain expenses are reimbursable by other state or county agencies. The Nuclear Waste Litigation Category covers any costs of litigation against the United States. The General Fund supports the General Litigation Category and the state portion of Nuclear Waste litigation. Statutory Authority: NRS Chapter 228.

The Litigation Division, directed by the Solicitor General, is responsible for managing all of the litigation in the Office of the Attorney General. The nature of litigation is such that the number, complexity, and cost of cases cannot be predicted. The Solicitor General monitors all litigation and discovery costs. This account pays for the depositions, independent medical examinations, expert testimony, and witness testimony required for a proper defense in many of these cases.

The Construction Law Counsel represents the Public Works Board. The Construction Law Counsel maintains a part-time office at the Public Works Board offices and works closely with them to negotiate and administer contracts; develop regulations, policies and procedures; and coordinates with local government and state agencies. The Construction Law Counsel also works closely with staff to provide early intervention on potential disputes to promote early resolution where appropriate to avoid costly litigation.

AG - WORKERS' COMP FRAUD

101-1033

PROGRAM DESCRIPTION

The Workers' Compensation Fraud Unit (WCFU) is responsible for the investigation and prosecution of all workers' compensation fraud committed in the State of Nevada by employers, employees (claimants) or medical providers against companies providing insurance and any of Nevada's self-insured employers. The WCFU is also the sole government agency responsible for prosecuting any fraud committed in the administration of workers' compensation. Statutory Authority: NRS Chapters 228 and 616D.

The Insurance Fraud Unit (IFU) has the primary statutory responsibility to criminally prosecute those who make, or assist someone else in making, material misrepresentations on applications for insurance, and/or submit false claims for benefits with private insurance companies. Statutory Authority: NRS Chapters 228.412 and 686A.2815.

BASE

This request continues funding for thirty-seven positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized. The account will experience a reduction to its Insurance Division transfer pending a Bill Draft Request to restore fee collection practices previous to the First Judicial District ruling regarding fraud fees.

AG - CRIME PREVENTION

101-1036

PROGRAM DESCRIPTION

The mission of the Crime Prevention/Missing Children Unit is to assist in locating missing children and to protect children from exploitation. The unit operates as a center for public education of state and federal laws pertaining to missing, exploited and victimized children. This unit provides assistance in judiciary education to law enforcement agencies. Statutory authority: NRS 432.150-220. This budget is supported by the General Fund and fees generated by the sale of the missing children license plates.

BASE

This request continues funding for three positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

AG - MEDICAID FRAUD

101-1037

PROGRAM DESCRIPTION

The Medicaid Fraud Control Unit (MFCU) is responsible for investigating and prosecuting the medical provider fraud in the Nevada Medicaid Program; neglect or abuse of patients in Medicaid-funded medical facilities; and misappropriation of patient trust funds at medical facilities receiving Medicaid funding. The MFCU jurisdiction was extended by act of Congress in 1999 to allow investigation of fraud in all federally-funded health care programs and to investigate resident abuse or neglect in non-Medicaid-funded board and care facilities. (42 U.S.C. 1396b(q)). In addition to criminal prosecutions, the MFCU may also seek civil monetary penalties as set forth in NRS 422.580. Statutory Authority: NRS Chapters 228 and 422.

BASE

This request continues funding for nineteen positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

AG - VIOLENCE AGAINST WOMEN GRANTS

101-1040

PROGRAM DESCRIPTION

The Violence Against Women Grants account was created to simplify the accounting for violence against women grants. In state fiscal year 2008, the Office of the Attorney General received two grants originating out of the Office on Violence Against Women. The STOP Violence Against Women Formula Grant (STOP Revenue General Ledger 3580) and the Sex Assault Services Program Grant (SASP) is awarded to the state annually and is calculated on a population-based formula. The State's award is then passed down to governmental and non-profit agencies for projects that fall within the federal purpose areas and state priority areas. This award supports law enforcement and prosecution projects, victim services programs, and courts programs addressing domestic, sexual, or dating violence and/or stalking. The second award is a discretionary, competitive grant. The Grants to Encourage Arrest Policies Program (GEAP - Revenue General Ledger 3581) was first awarded to the office in 1997. Since that time, the Office of the Attorney General has received four supplemental, continuation and new awards under that program. Qualifying projects are administered with the help of other agencies and contractors.

PROGRAM DESCRIPTION

The mission of the Advisory Council for Prosecuting Attorneys is to develop and implement a training program for prosecutors in the state; to coordinate the development of policies for conducting criminal and civil prosecutions; and to coordinate proposed legislation for submission to the Legislature. Statutory Authority: NRS 214A.010 to NRS 214Aa.090. In 2001, the Legislature enacted AB 548, which authorizes the Advisory Council for Prosecuting Attorneys to be funded with Administrative Assessments. See NRS 176.059. In addition, the Council is authorized to receive grant funding pursuant to NRS 241A.090.

BASE

This request continues funding for one position and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

AG - VICTIMS OF DOMESTIC VIOLENCE

101-1042

PROGRAM DESCRIPTION

The Victims of Domestic Violence budget encompasses programs relating to domestic violence, sexual assault, stalking, batterer treatment, and the Office of Ombudsman for Domestic Violence. The Domestic Violence Ombudsman, in conjunction with the Batterer's Certification Committee, is responsible for standardizing and overseeing the treatment of domestic violence offenders as well as assisting in the statewide coordination of domestic violence services and training.

The purpose of the Office of Ombudsman is to prepare reports relating to victims of domestic violence, provide necessary assistance to victims and provide education to the public related to domestic violence, including prevention assistance available to victims and treatment available for persons who commit domestic violence. The Ombudsman administers the account for district court assessments collected as a result of domestic violence convictions. The district court assessment monies can be utilized to assist in training law enforcement, prosecutors, the judiciary, and the general public in the area of domestic violence. District court assessments also support the Committee on Domestic Violence activities and have been partially used in previous years to support the Ombudsman position itself.

The purpose of the Batterer's Certification Committee is to adopt regulations to evaluate, certify, and monitor programs that treat persons who commit domestic violence; review and evaluate existing domestic violence training programs provided to peace officers; and make recommendations to the Commission on Peace Officers' Standard and Training. Statutory Authority: NRS 228.440 and 228.470.

BASE

This request continues funding for one position and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

AG - ATTORNEY GENERAL TORT CLAIM FUND

715-1348

PROGRAM DESCRIPTION

The Tort Claim Fund is established to pay claims, including those pursuant to NRS 41.0349 and 41.037. Typical claims include automobile accidents, injuries on the state's premises or highways, and damages claimed for violation of the civil rights of convicts, state employees or the general population. The potential vehicle and general liability for the Tort Claim Fund for the biennium is calculated by an independent actuary every two years. The Tort Claim Fund is an internal service fund financed by assessments on state agencies based on the number of participating vehicles and positions. Statutory Authority: NRS 331.187.

BASE

This request continues funding for two positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

SECRETARY OF STATE'S OFFICE - The Office of the Secretary of State ensures the integrity of elections; facilitates business filings; protects consumers against securities fraud; preserves public records; appoints notaries public; administers and maintains registries for advance directives, domestic partnerships and ministers; and promotes public awareness and education in these and related areas.

Department Budget Highlights:

- 1. **Systems Maintenance** - The Secretary of State's office is highlighting ongoing system and software maintenance to the electronic Secretary of State system known as eSOS, and the campaign finance disclosure system known as Aurora.
- 2. **Disaster Recovery** - Nevada Business Portal architecture seeks to provide business continuity in the event of a critical outage via a disaster recovery site that allows the Portal to continue operations.
- 3. **Voter Registration** - The Secretary of State is requesting an enhancement to the federally-mandated statewide voter registration list through continued participation in data matching initiatives and improvements to online voter registration processes.
- 4. **Lightweight Access Protocol (LDAP)** - Nevada Business Portal security architecture must meet and does meet State security standards. LDAP is required in order to store user profile data which will allow the agencies to develop enterprise level single sign on solution.
- 5. **Contract Development Services** - The Secretary of State's Office will continue to build out applications, interfaces, and services within the Nevada Business Portal which will allow customers the ability to transact more of their businesses with a variety of state and local agencies.
- 6. **Combine Business Portal and Sec of State accounts** - The Secretary of State's office will be closing budget account 1058 (Portal) and have those costs transferred back into budget account 1050 in order to improve funding efficiencies in general operating categories, accounting functionality and program efficiencies.

TREASURER'S OFFICE - This office adheres to sound fiscal policy principles, including the prudent and conservative financial management of all state monies by ensuring the state's money is invested with an emphasis on preservation of assets, then on return, and that the state's debt obligations are paid timely and accurately; that money entrusted by participants in the Nevada Prepaid Tuition and Nevada 529 College Savings Plans programs, as well as tobacco settlement monies received by the state and used to operate the Gov. Guinn Millennium Scholarship program and the Fund for a Healthy Nevada, is managed, monitored, and invested with the intent of maximizing earnings while maintaining the highest degree of safety; that statutory duties to provide cash management services and to administer the state's Collateral Pool program are provided timely and in accordance with professional standards; and that unclaimed property held by the state is returned as judiciously as possible to its rightful owners.

Department Budget Highlights:

- 1. Increase Transparency in Administration** - Administrative costs associated with the Nevada Capitol Investment Corporation in the Treasurer's Office account were moved into a separate category to highlight the costs incurred for that support. It is NOT a request for additional funding. It merely shows costs.
- 2. Special Appropriation for Millennium Scholarships** - The Governor's Executive Budget includes a special appropriation of \$5 million dollars for the Governor Guinn Millennium Scholarship program administered by the State Treasurer.
- 3. Combine Campaigns for Marketing and Advertising** - Costs are shared by the Higher Education Tuition account and the Nevada College Savings Trust account to increase awareness for the Nevada Prepaid Tuition Program and the College Savings Plan of Nevada by emphasizing options to prepay future higher education tuition costs at today's lower prices.
- 4. Grow the Stabilization Reserve** - The College Savings Board is requesting the transfer of an additional \$500,000 per fiscal year from the Nevada College Savings Endowment account to the Higher Education Tuition account for the purpose of further growing the stabilization reserve to a Best Practice mark of 120% funded status.
- 5. Increase Outreach and Education Activities** - The College Savings Board is requesting the transfer of an additional \$50,000 per fiscal year from the Nevada College Savings Endowment account to the Nevada College Savings Trust account to provide additional resources for outreach and education activities.

TREASURER - TREASURER'S OFFICE - The Nevada State Treasurer's Office adheres to sound fiscal policy principles, including the prudent and conservative financial management of all state monies by ensuring the state's money is invested with an emphasis on preservation of assets, then on return, and that the state's debt obligations are paid timely and accurately; that money entrusted by participants in the Nevada Prepaid Tuition and Nevada 529 College Savings Plans programs, as well as tobacco settlement monies received by the state and used to operate the Gov. TREASURER - BOND INTEREST & REDEMPTION

395-1082

PROGRAM DESCRIPTION

The Treasurer's Office is responsible for issuing obligations authorized on behalf of, and in the name of, the state, with certain exceptions. The Consolidated Bond Interest and Redemption Fund is established pursuant to NRS 349.080 to 349.140, inclusive. All funds to be received on account of and for the purpose of any bond issued as well as the redemption of such bonds, the interest thereon and any fees shall be accounted for in the Consolidated Bond Interest and Redemption Fund.

Statutory authority: NRS 226.110 General powers and duties. The State Treasurer: 9. Serves as the primary representative of the State in matters concerning any nationally recognized bond credit rating agency for the purposes of the issuance of any obligation authorized on the behalf and in the name of the State, except as otherwise provided in NRS 538.206 and except for those obligations issued pursuant to chapter 319 of NRS and NRS 349.400 to 349.987, inclusive. 10. Is directly responsible for the issuance of any obligation authorized on the behalf and in the name of the State, except as otherwise provided in NRS 538.206 and except for those obligations issued pursuant to chapter 319 of NRS and NRS 349.400 to 349.987, inclusive.

BASE

This request continues the funding for principal and interest payments for outstanding debt instruments issued by the state. One-time expenditures have been eliminated and partial year costs have been annualized.

TREASURER - MUNICIPAL BOND BANK REVENUE

745-1086

PROGRAM DESCRIPTION

The Municipal Bond Bank, administered by the State Treasurer, was created by the 1981 Legislature for support of certain municipal projects through a bond bank. The Bond Bank allows the state to sell its general obligation bonds to provide funds to purchase local bonds. The state's higher bond rating saves local entities substantial amounts of interest payments.

Statutory authority: NRS 350A.140 Powers of State Treasurer as Administrator of Municipal Bond Bank. 1. The State Treasurer is the Administrator of the Municipal Bond Bank. NRS 350A.150 State securities issued to acquire municipal securities may be outstanding pursuant to this chapter in an aggregate principal amount of not more than \$1.8 billion.

BASE

This request continues the funding for principal and interest payments for existing obligations for the Municipal Bond Bank. One-time expenditures have been eliminated and partial year costs have been annualized.

TREASURER - COLLEGE SAVINGS TRUST - The 529 College Savings Division administers two types of qualified 529 plans: the Nevada Prepaid Tuition program and the Nevada 529 College Savings Plans program, as authorized by 26 U.S.C. § 529. The programs are designed to assist parents and students in taking advantage of the Internal Revenue Service 529 College Savings Plans, which offer savings and tax advantages to account holders.

Division Budget Highlights:

1. **Combine Campaigns for Marketing and Advertising** - Costs are shared by the Higher Education Tuition account and the Nevada College Savings Trust account to increase awareness for the Nevada Prepaid Tuition Program and the College Savings Plan of Nevada by emphasizing options to prepay future higher education tuition costs at today's lower prices.
2. **Grow the Stabilization Reserve** - The College Savings Board is requesting the transfer of an additional \$500,000 per fiscal year from the Nevada College Savings Endowment account to the Higher Education Tuition account for the purpose of further growing the stabilization reserve to a Best Practice mark of 120% funded status.
3. **Increase Outreach and Education Activities** - The College Savings Board is requesting the transfer of an additional \$50,000 per fiscal year from the Nevada College Savings Endowment account to the Nevada College Savings Trust account to provide additional resources for outreach and education activities.

TREASURER - NEVADA COLLEGE SAVINGS TRUST

101-1092

PROGRAM DESCRIPTION

The Nevada College Savings Program, administered by the State Treasurer, is the state-sponsored 529 Plan. It provides tax-free methods, via a variety of program options, to save for future higher education expenses.

NRS 353B.340 Creation; sources; limitations on use of money. 1. The Nevada College Savings Trust Fund is hereby created.

NRS 353B.310 Regulations. 1. The State Treasurer shall adopt regulations to establish and carry out the Nevada College Savings Program, which must comply with the requirements of a qualified state tuition program pursuant to 26 U.S.C. § 529. 2. The regulations must be consistent with the provisions of the Internal Revenue Code set forth in Title 26 of the United States Code, and the regulations adopted pursuant thereto, to ensure that the Nevada College Savings Program meets all criteria for federal tax-deferred or tax-exempt benefits, or both. 3. The regulations must provide for the use of savings trust agreements and savings trust accounts to apply distributions toward qualified higher education expenses at eligible educational institutions in accordance with 26 U.S.C. § 529. 4. The regulations may include any other provisions not inconsistent with federal law that the State Treasurer determines are necessary for the efficient and effective administration of the Nevada College Savings Program and the Trust Fund.

BASE

This request continues funding for two positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

TREASURER - HIGHER EDUCATION TUITION - To assist parents and students prepay college tuition by taking advantage of one of the Internal Revenue Code Section 529 College Savings Plans, which offer savings and tax advantages to account holders.

Division Budget Highlights:

- 1. **Combine Campaigns for Marketing and Advertising** - Costs are shared by the Higher Education Tuition account and the Nevada College Savings Trust account to increase awareness for the Nevada Prepaid Tuition Program and the College Savings Plan of Nevada by emphasizing options to prepay future higher education tuition costs at today's lower prices.
- 2. **Grow the Stabilization Reserve** - The College Savings Board is requesting the transfer of an additional \$500,000 per fiscal year from the Nevada College Savings Endowment account to the Higher Education Tuition account for the purpose of further growing the stabilization reserve to a Best Practice mark of 120% funded status.

TREASURER - HIGHER EDUCATION TUITION ADMIN
603-1081

PROGRAM DESCRIPTION

The Nevada Prepaid Tuition Program, administered by the State Treasurer, provides a variety of program options to prepay future higher education tuition costs at today's lower prices.

NRS 353B.090 Development of Program by Board; regulations. 1. The (College Savings) Board shall develop the Nevada Higher Education Prepaid Tuition Program for the prepayment of tuition at a guaranteed rate which is established based on the annual actuarial study required pursuant to NRS 353B.190 for undergraduate studies at a university, state college or community college that is a member of the System. 2. The Board shall adopt regulations for the implementation of the Program, including, without limitation, regulations setting forth requirements for residency, a limit on the number of qualified beneficiaries, the termination, withdrawal and transfer of money paid into the Trust Fund, the time within which the money paid into the Trust Fund must be used, and payment schedules. (Added to NRS by 1997, 3484; A 2001, 2163, 2166; 2005, 364)

BASE

This request continues funding for three positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

TREASURER - UNCLAIMED PROPERTY

101-3815

PROGRAM DESCRIPTION

The Unclaimed Property Program, administered by the State Treasurer, reunites property owners with their unclaimed property that has been turned over to the state. The Program ensures that businesses and government entities report and remit unclaimed property in a timely manner.

Statutory authority: NRS 120A.025 "Administrator" defined. "Administrator" means the State Treasurer in his or her capacity as the Administrator of Unclaimed Property.

NRS 120A.620 Abandoned Property Trust Account. 1. There is hereby created in the State General Fund the Abandoned Property Trust Account. 2. All money received by the Administrator under this chapter, including the proceeds from the sale of abandoned property, must be deposited by the Administrator in the State General Fund for credit to the Account.

BASE

This request continues funding for twelve positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

CONTROLLER'S OFFICE - The Controller's Office mission is to advance accountability, continuity, and efficiency in the State's financial operations.

Department Budget Highlights:

- 1. **Restore Assistant Controller Position** - The Governor's Executive Budget restores the Assistant Controller position in order to improve collection of debts owed to the State and to provide oversight for adding a Treasury Offset Program and financial data matching. Without this position, collections of debt owed the State have decreased.
- 2. **Replace Obsolete Server** - Existing servers are over 10 years of age. These servers are needed to adequately support the State's IFS system and financial reporting capabilities. Additionally, maintenance costs will be reduced by approximately \$200,000 over the biennium.

Activity: Debt Collection

The Debt Collection section is responsible for recovering past due debts owed to state agencies.

CONTROLLER - CONTROLLER'S OFFICE**101-1130****PROGRAM DESCRIPTION**

The State Controller is the Chief Fiscal Officer of the state and one of six constitutional officers elected to a four-year term. The office administers the state accounting system to permit fair, accurate, and consistent financial reporting in accordance with generally accepted accounting principles (GAAP) and provide agencies with current and historic financial information to facilitate their decision-making process. The office pays claims against the state; ensures compliance with state, fiscal, and federal revenue laws; and administers the state's debt collection program. Constitutional Authority: Article 5, Section 19.

COMMISSION ON ETHICS - The Nevada Commission on Ethics (NCOE) strives to have all public officers and public employees uphold the public trust by committing to avoid conflicts between their private and public interests.

Department Budget Highlights:

- 1. **Add Senior Attorney** - The Governor's Executive Budget includes a second attorney, allowing proper due process by separating advocacy and adjudication functions between two attorneys; and enabling the commission to meet its statutory mandates.
- 2. **Court Reporting and Commission Travel** - Sufficient funding has been included to enable all commission hearings to be recorded and to allow Commissioners and staff to travel to attend those hearings and perform other statutory work.

Activity: Enhance Public Trust in the Ethics of Governments

This activity provides advice and education to public officers and employees about the ethics in government law, so they can build the public's faith and confidence in the impartiality and integrity of governments.

COMMISSION ON ETHICS

101-1343

PROGRAM DESCRIPTION

The Nevada Commission on Ethics' mission is to enhance the faith and confidence of Nevadans in the integrity and impartiality of government, specifically state and local public officers and employees. The eight-member commission is tasked with numerous responsibilities, but its five-person staff focuses on four main functions: 1) interpreting and applying NRS Chapter 281A - the Ethics in Government Laws - and guiding public officers and employees on its provisions; 2) investigating and adjudicating public complaints alleging ethics violations by public officers and employees; 3) outreach and education to public officers and employees to enhance their awareness of ethics requirements and prohibitions under Nevada law; and 4) accepting and monitoring various filings required of certain public officers.

BASE

This request continues funding for five positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

LEG - PRINTING OFFICE - The Legislative Counsel Bureau is the non-partisan, central staff for the Legislature. The Bureau consists of the Legislative Commission, an Interim Finance Committee, a Director, and five divisions (Administrative, Audit, Fiscal Analysis, Legal, and Research). The divisions are made up of highly professional staff who provide a variety of services to legislators and the public. The design of the Bureau is intended to limit political pressure on its employees. Employees are required to maintain neutrality and to not participate in partisan activities or groups.

Division Budget Highlights:

- 1. **Legislative Printing Office** - The Governor's Executive Budget contains no significant changes for this division.

LEG - PRINTING OFFICE**741-1330****PROGRAM DESCRIPTION**

Nevada State Printing provides mission-critical and other offset and digital printing, copying, and related services to all three branches of state government and other government entities in a timely and cost-efficient manner. All work is done on a fee basis and these fees are intended to recover the State Printing Office's costs, and to allow replacement of equipment as needed. Examples of mission-critical material would be decisions of the Supreme Court; tax bills for the Department of Taxation; bills, histories, and journals for the Legislature; and sample ballots for the counties. State Printing also produces all the forms, business cards, letterhead, envelopes, training material, and reports needed to make government function. Statutory Authority: NRS 334.

JUDICIAL BRANCH - The Judicial Branch of Nevada State Government is the third branch of the government, co-equal with the Executive and Legislative Branches. Article 6 of the Nevada Constitution provides that the Nevada Supreme Court shall administer the Nevada Judicial System; has exclusive jurisdiction to hear appeals for all civil and criminal cases from District Courts; has the power to issue Writs of Mandamus, Certiorari, Prohibition, Quo Warranto and Habeas Corpus; shall proscribe the rules and requirements for the licensure of lawyers and impose discipline as appropriate; and shall hear all appeals from the Judicial Discipline Commission for the discipline of judges. Core functions of the Judicial Branch are provided in the constitution and are augmented by statutorily imposed duties. The Judicial Branch activity budget at the department level includes funding for the state judiciary and the Foreclosure Mediation Program statutorially created by the 2009 Nevada Legislature.

Department Budget Highlights:

JUDICIAL BRANCH - This section of the Judicial Branch activity budget reports budgetary items for judicial programs minus budgetary items associated with the Foreclosure Mediation Program.

Division Budget Highlights:

- 1. **Continuation of Constitutional, Statutory Mandates** - The budget request for the Judicial Branch continues funding the duties of the Supreme Court prescribed by the Nevada Constitution. The budget request also continues funding judicial programs authorized by statute.
- 2. **Security** - The budget request for the Supreme Court includes funding for the costs authorized in NRS 2.295.
- 3. **Civil Caseload** - The budget request for the Supreme Court includes funding for two new civil staff attorneys needed to deal with the court's civil caseload.

SUPREME COURT

101-1494

PROGRAM DESCRIPTION

Article 6 of the Nevada Constitution provides that the Nevada Supreme Court shall administer the Nevada Judicial System; has exclusive jurisdiction to hear appeals for all civil and criminal cases from District Courts; has the power to issue Writs of Mandamus, Certiorari, Prohibition, Quo Warranto and Habeas Corpus; shall proscribe the rules and requirements for the licensure of lawyers and impose discipline as appropriate; and shall hear all appeals from the Judicial Discipline Commission for the discipline of judges. The Nevada Supreme Court is funded primarily through administrative assessments collected pursuant to NRS 176.059, and through a general fund appropriation.

BASE

The base budget continues funding for 84 positions, and the direct operating expenditures of the Supreme Court. One-time expenditures have been eliminated and partial year costs have been annualized.

ENHANCEMENT

E350 SAFE AND LIVABLE COMMUNITIES

This decision unit will fund a permanent security detail to provide security for the Judicial Branch including the Supreme Court justices, routine judicial hearings and arguments, the Supreme Court building, outlying offices, staff, and judicial meetings and events as authorized in NRS 2.295. The security detail will replace Capitol Police coverage of the Supreme Court building currently supervised by the Buildings and Grounds Division under the Executive Branch and paid indirectly by all state agencies that are housed in state owned facilities. State agencies housed in state owned facilities will benefit from reduced building rent since costs of Capitol Police coverage of the Supreme Court building, estimated at \$167,000 per year, will no longer be required. This decision is cost neutral to the state with the exception of the necessary startup and the need for a part-time position to cover when other security personnel will be unavailable.

E750 BUDGET RESTORATIONS

This decision unit relates to decisions regarding the Foreclosure Mediation Program (FMP), budget account 1492. If the E750 decision unit in budget account 1492 is approved, the Supreme Court will continue to share costs with the FMP. This decision unit removes expenditures that are the responsibility of the FMP if the E750 in that program's budget request is approved.

JUDICIAL RETIREMENT SYSTEM STATE SHARE

101-1491

PROGRAM DESCRIPTION

The Judicial Retirement System State Share budget funds payments to amortize the unfunded actuarial accrued liability of the Judicial Retirement System pursuant to NRS 1A.180(3). This is a pass through account. Funds appropriated by the Legislature are transferred in their entirety to the Public Employees' Retirement System.

BASE

The base budget continues funding the annual payment required to amortize the unfunded actuarial accrued liability of the Judicial Retirement System.

JUDICIAL SELECTION

101-1498

PROGRAM DESCRIPTION

Article 6, Section 20, of the Nevada Constitution created the Commission on Judicial Selection. The commission's role is to select three nominees for any Supreme Court justice or district judge vacancy that might occur before the expiration of any term of office. The commission's workload depends on the number of mid-term vacancies that occur out of the 89 judicial elected officials seats and the number of applicants per vacancy. This budget funds the costs associated with the commission and the judicial selection process through a general fund appropriation. See NRS 1.380 through 1.410.

BASE

The base budget eliminates costs for judicial selection processes held for specific judicial seats that were vacated mid-term during the base year and are not likely to be vacated mid-term in the next biennium.

SENIOR JUSTICE & SENIOR JUDGE PROGRAM

101-1496

PROGRAM DESCRIPTION

Article 6, Section 19, of the Nevada Constitution authorizes the Chief Justice to recall to active service any justice or judge who consents to such a recall and who has not been removed for cause or defeated for retention in office. Former judges are recalled to expedite judicial business, assist in districts with congested calendars, and act for those who are disqualified or unable to perform. This budget compensates the "senior justices and senior judges" that are recalled and assigned temporary duty. The assignment of former judges is a cost-effective method for state and county governments to avoid the costs of funding full-time judicial positions and from having to provide additional courtroom facilities and staff. This program is funded primarily through a general fund appropriation and administrative assessment revenue collected pursuant to NRS 176.059.

BASE

The base budget continues funding half the costs of one position, and the compensation of senior judges on assignment. One-time expenditures have been eliminated and partial year costs have been annualized.

LAW LIBRARY

101-2889

PROGRAM DESCRIPTION

The Supreme Court Law Library serves as a comprehensive, current, and archival legal research facility for the Supreme Court while also providing legal research services to the Office of the Attorney General, the Legislature, other state and local governmental agencies, the state bar and the public. It is the collection of last resort for legal materials in the state. Its web site provides pro se information and forms. The budget is funded primarily through a general fund appropriation. Statutory authority: NRS 2.410 through NRS 2.490.

BASE

The base budget continues funding for six positions and their associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

ADMINISTRATIVE OFFICE OF THE COURTS

101-1483

PROGRAM DESCRIPTION

The Administrative Office of the Courts (AOC) serves as the Office of the Court Administrator pursuant to NRS 1.320 and is responsible for carrying out the duties prescribed in this statute under the direction of the Supreme Court. The AOC provides administrative support to the Supreme Court and judicial programs in the form of budget development, financial oversight, accounting, audits, personnel, payroll, and information technology. The budget is funded by administrative assessments collected pursuant to NRS 176.059.

BASE

The base budget continues funding for 34.5 positions and their associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

JUDICIAL PROGRAMS AND SERVICES DIVISION

101-1484

PROGRAM DESCRIPTION

The Judicial Programs and Services Division manages programs and projects to assist trial courts in providing access to justice throughout the Nevada judiciary. The primary functions of the division include: administering the Court Interpreters Program for certification of court interpreters (NRS 1.500-1.560, NRS 50.054); assisting rural courts with requests related to forms, grants, security assessments/risks, etc.; tracking and monitoring felony bond forfeitures submitted to the state (NRS 178.508, NRS 178.512, NRS 178.514); administering the Uniform System for Judicial Records, which includes collecting, analyzing, and reporting statewide court and judicial statistics [NRS 1.360 (4, 8, 10), NRS 38.255]; and administering Federal Court Improvement Program grants. The budget is funded primarily from a general fund appropriation.

BASE

The base budget continues funding for ten positions and their associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

UNIFORM SYSTEM OF JUDICIAL RECORDS

101-1486

PROGRAM DESCRIPTION

The Uniform Systems of Judicial Records (USJR) standardizes, advances, and supports technology in all 79 trial courts throughout the state. USJR staff work directly with local, state and federal criminal justice agencies and courts to provide technological solutions to manage judicial caseloads and records, and to improve and address statistical reporting requirements. Major projects include the Nevada Court System (a centralized case management system that distributes case information to multiple courts via secured wide area networks), and the Multi-County Integrated Justice Information System (a secured data exchange system interfacing various criminal justice agencies, such as law enforcement, prosecuting offices, Public Safety, and the courts). The budget is funded primarily from administrative assessment revenue collected pursuant to NRS 176.059.

BASE

The base budget continues funding for eleven positions and their associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

JUDICIAL EDUCATION

101-1487

PROGRAM DESCRIPTION

Judicial Education provides for the continuing education of justices, district court judges, justice court judges, and municipal court judges pursuant to NRS 3.027, 4.035, and 5.025, respectively, and Supreme Court Order. Judicial Education also provides for the continuing education of employees in the Supreme Court and Administrative Office of the Courts. Lastly, Judicial Education may provide for the continuing education of senior judges, quasi-judicial officers such as masters, and for trial court personnel if funding permits. The budget is funded from administrative assessment revenue collected pursuant to NRS 176.059.

BASE

The base budget continues funding for four positions and their associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

SPECIALTY COURT

101-1495

PROGRAM DESCRIPTION

Specialty Courts are judicial problem-solving processes designed to address the root causes that contribute to criminal involvement. Specialty Courts facilitate testing, treatment, and oversight of certain persons over whom the court has jurisdiction and whom the court determines suffers from a mental illness or abuses alcohol or drugs. This includes, without limitation, Specialty Courts established pursuant to NRS 176A.250, 176A.280, 484C.340 and 453.580. A Specialty Court Funding Committee comprised of justices and general and limited jurisdiction judges authorize distribution of funds to Specialty Courts. The budget is funded from administrative assessment revenue collected pursuant to NRS 176.0613, administrative assessment revenue collected pursuant to NRS 176.059, and 10 percent of bail forfeitures collected pursuant to NRS 178.518.

BASE

The base budget continues funding Specialty Court programs at the levels authorized by the Specialty Court Funding Committee.

JUDICIAL SUPPORT, GOVERNANCE AND SPECIAL EVENTS

101-1493

PROGRAM DESCRIPTION

The Judicial Support, Governance and Special Events budget funds the travel costs of district court judges in relation to their judicial duties and assignments; and other expenses associated with governing the judiciary deemed reasonable and necessary by the Supreme Court pursuant to Supreme Court Rule 48.1.

BASE

The base budget continues funding the ongoing costs of district judges for travel related to court matters in their district, and funding for other costs in support of the judiciary. One-time expenditures have been eliminated and partial year costs have been annualized.

FORECLOSURE MEDIATION PROGRAM

101-1492

PROGRAM DESCRIPTION

The Foreclosure Mediation Program was created by the 2009 Legislature (Assembly Bill 149 which amended NRS chapter 107) to directly address the foreclosure crisis, to help keep families in their homes, and to provide an opportunity for homeowners and lenders to discuss alternatives to foreclosure. The costs of the program are funded from a share of the Notice of Default fees collected pursuant to subsection 11.(b). of NRS 107.080.

BASE

The base budget funds nine positions and their associated operating costs through December 2014. Revenue is insufficient to continue the program after that date; therefore, costs to operate the program January 2015 through the end of the biennium are requested through an enhancement.

JUDICIAL DISCIPLINE COMMISSION - The Judicial Discipline Commission enforces the Nevada Code of Judicial Conduct, protecting the integrity and ethical quality of the state judicial system and promoting public confidence in the courts; gives judges greater awareness of proper judicial behavior, improving and strengthening the judiciary; and ensures that all branches of state government honor the state's constitutional separation of powers.

Department Budget Highlights:

- 1. **Judicial Discipline** - The Governor's Executive Budget contains no significant changes for this agency.

Activity: Conduct Judicial Discipline Investigations and Adjudicatory Proceedings

Judicial Discipline proceedings investigate alleged violations of the Nevada Code of Judicial Conduct. Hearings protect the public by: ensuring unfit judges are not allowed to serve on the bench; imposing lesser forms of discipline where warranted; and determining whether a judge is too physically or mentally disabled to continue judicial service.

JUDICIAL DISCIPLINE

101-1497

PROGRAM DESCRIPTION

The Nevada Commission on Judicial Discipline was created by constitutional amendment on November 2, 1976 and charged with the responsibility of investigating allegations of misconduct, violations of the code of judicial conduct, or disability of Supreme Court justices and district judges. On November 8, 1994, the jurisdiction of the Commission was expanded to include discipline of justices of the peace and municipal court judges. The seven member commission receives and investigates complaints against full-time and part-time judges. For a time, the Commission's proceedings were governed by administrative and procedural rules of the Nevada Supreme Court. However, on February 21, 2003, the Nevada Supreme Court repealed Part VII of its rules and the Commission has since adopted its own procedural rules to govern its proceedings. Statutory Authority: Nevada Constitution - Art. 6, Section 21.

The Standing Committee on Judicial Ethics was created in 1998 by Supreme Court Rule to resolve ethical disputes arising in the course of campaigns for judicial office. It also provides judges and aspirants to judicial office advisory opinions regarding ethical matters that may arise in the ordinary course of judicial service or in the elective or appointment process. In 2011, the Nevada Supreme Court repealed a section of the rule and eliminated the need for the Committee to resolve ethical disputes arising in the course of campaigns for judicial office. The Committee continues to consider opinion requests regarding the application of the Code of Conduct to judicial elections. Statutory Authority: NRS 1.425. Rule Authority: Nevada Supreme Court's Inherent Power to Make Rules.

BASE

This request continues funding for 3.51 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DEPARTMENT OF ADMINISTRATION - The Department of Administration oversees the financial management and operations of Nevada state government including human resources, information technology, building construction and maintenance, purchasing and contracting, state vehicle management and the protection of state property. Additionally, it oversees the Nevada State Library and Archives, administrative hearings and appeals, and Victims of Crime. The department primarily provides internal support to state agencies to assist them in carrying out their responsibilities to citizens.

Department Budget Highlights:

1. **Purchase Leased Motor Pool Facility** - The Motor Pool Division purchases the built-to-suit facility in Las Vegas for \$2.5 million using General Fund financing. After adjusting for the debt service to repay the General Fund using vehicle rental revenue, the agency saves over \$150,000 in SFY14 and over \$200,000 in SFY15.
2. **Centralize Public Works Administrative Services** - The State Public Works Division (SPWD) proposes to establish an administrative services account and consolidate its administrative and management services for the division. Costs for the administrative services unit will be cost allocated to the other SPWD units.
3. **Transfer Commodity Food Program** - This program is being transferred from the Purchasing Division to the Department of Agriculture as part of a statewide centralization of food and nutrition programs intended to improve services, increase efficiency, and provide economic development opportunities.
4. **Migrate to Outsourced Email Provider** - The Computer Facility receives funding for deployment costs and training to migrate email services to an outsourced email provider. The email provider may use a cloud-based solution, which is more economical and has increased functionality as compared to the state's current email system.
5. **Replace Core Phone System** - Telecommunications receives funding to replace the state's core telephone and voice mail switches that are at capacity and two generations behind current technology. State agencies that currently operate their own systems will be able to use phone services provided by Enterprise IT Services.
6. **Centralize Information Technology** - The Department of Public Safety transfers funding for information technology services to Enterprise IT Services (EITS). This continues the centralization of enterprise technology services within EITS.

Department Budget Highlights (continued):

7. **Eliminate Positions** - In response to a decreasing Capital Improvement Program the State Public Works Division is eliminating seven engineering and building inspection positions representing approximately 21 percent of the division's Engineering and Planning staff.
8. **Address Deferred Maintenance Projects** - Buildings and Grounds is requesting funding in excess of \$1.5M to address some of the state's most urgent deferred maintenance needs in state-owned facilities. The past several years of budget reductions have created significant maintenance backlogs.
9. **Consolidate Management** - Buildings and Grounds is consolidating its management structure resulting in elimination of one management position within the Buildings and Grounds unit of the Public Works Division. Duties and responsibilities will be consolidated within the division's Administrative Service budget.
10. **Add PPBB Dedicated Personnel** - The Director's Office adds one new lead analyst position to centrally coordinate further development of the performance based budgeting process. This position will coordinate with state agencies, the Controller's Office, and the Legislative Counsel Bureau to advance this important process.

ADMIN - DIRECTOR'S OFFICE - The Director's Office of the Department of Administration helps state agencies serve Nevadans by providing efficient and effective business solutions to state government.

Division Budget Highlights:

- 1. **Transfer Business Process Analyst Position** - The Director's Office receives a transfer of a Business Process Analyst position from the Division of Enterprise Information and Technology Services. This position will assist department management with high level analysis and coordinate web based activities.
- 2. **Add PPBB Dedicated Personnel** - The Director's Office adds one new lead analyst position to centrally coordinate further development of the performance based budgeting process. This position will coordinate with state agencies, the Controller's Office, and the Legislative Counsel Bureau to advance this important process.
- 3. **Add PPBB Dedicated Programming** - The Director's Office adds programming services equivalent to 0.50 FTE and adds \$100,000 in contract programming to make further progress in moving the state to a performance based budgeting system.

ADMINISTRATION - HRM - UNEMPLOYMENT COMPENSATION

101-1339

PROGRAM DESCRIPTION

The 1977 Session of the Nevada Legislature extended unemployment insurance protection to most public employees effective January 1, 1978. Payroll centers of those agencies within the payroll system of the Division of Human Resource Management, participate along with elected and judicial officials. The Employment Security Division bills the account quarterly for actual benefits paid that are attributable to the eligible service time in participating agencies. Statutory Authority: NRS 612.

BASE

This request continues funding for the state's unemployment benefit obligations.

ADMIN - ENTERPRISE IT SERVICES - Performs information services for state agencies in a timely, coordinated, orderly, and economical manner. (See NRS 242.071)

Division Budget Highlights:

1. **New Deputy Administrator & MSA Agreement** - Office of CIO receives funding for contractual project management services for the centralization of the Department of Public Safety's information technology services, and to establish a new deputy administrator position for Enterprise IT Services.
2. **ADVANTAGE System Replacement Study** - Application Support receives funding to study and develop a recommendation for the 2015 Legislature for replacement of the ADVANTAGE system, which includes the state's financial, payroll and human resource systems that was purchased in 1998 and needs to be replaced.
3. **Migrate to Outsourced Email Provider** - The Computer Facility receives funding for deployment costs and training to migrate email services to an outsourced email provider. The email provider may use a cloud-based solution, which is more economical and has increased functionality as compared to the state's current email system.
4. **Silvernet Capacity** - Data Communications & Network Engineering receives funding to increase the capacity of Silvernet to meet the growing demand for communications infrastructure from state agencies and provide for additional bandwidth and capacity to the North to South backbone.
5. **Replace Core Phone System** - Telecommunications receives funding to replace the state's core telephone and voice mail switches that are at capacity and two generations behind current technology. State agencies that currently operate their own systems will be able to use phone services provided by Enterprise IT Services.
6. **Microwave Site Maintenance** - Network Transport Services receives funding to maintain microwave sites necessary to provide communication services to state agencies, including replacing vehicles needed to reach and repair remote mountain top microwave sites.
7. **Centralize Information Technology** - The Department of Public Safety transfers funding for information technology services to Enterprise IT Services (EITS). This continues the centralization of enterprise technology services within EITS.

Division Biennium Total by Funding Source

Division	2014	2015
Total \$	35,669,500	35,954,286
Total FTE	177.00	177.00

Division Biennium Total by Core Function

Division Budget Highlights (continued):

8. **Core Infrastructure** - Data Communications & Network Engineering receives funding to replace core infrastructure, including routers and switches that are beyond their service life and therefore vulnerable to cyber attack and failure.
9. **Microwave Site Battery Backup** - Network Transport Services receives funding to replace battery plants and rectifiers at remote mountain top microwave sites that are no longer charging to capacity.
10. **Continuous Monitoring** - Security receives funding for continuous monitoring of endpoints, servers and networks in order to efficiently keep state information secure
11. **Disaster Recovery** - Funding has been provided for disaster recovery planning, testing, and implementation across several critical operational areas; Security, Computer Facility, and Data Communications & Network Engineering.
12. **Replacement Equipment** - The Computer Facility receives funding to replace equipment that is failing and beyond serviceable life and that is necessary to avoid substantial service outages in statewide agency applications.

Activity: Office of the CIO

The Office of the Chief Information Officer (CIO) establishes enterprise vision and strategies for both common and specialized IT services for state agencies. The Administrator of the division is also the State Chief Information Officer appointed by the Governor.

ADMINISTRATION - IT - OFFICE OF CIO

721-1373

PROGRAM DESCRIPTION

The Enterprise Information Technology Division provides services to coordinate efficient, effective and secure use of information, ensuring the economical use of information systems and personnel. The division provides cost effective enterprise-wide IT solutions and assists state agencies and governing bodies by providing technical information and guidance. The state's Chief Information Officer (CIO) is appointed by the Governor and reports to the Department of Administration Director. The Office of CIO oversees the Enterprise Information Technology Services Divisions' operational units. Statutory Authority: NRS 242.

BASE

This request continues funding for six employees and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

The Data Communications and Network Engineering Unit is one of three budget accounts in the Communications Division. This unit is responsible for all tasks related to developing, operating, and maintaining statewide data communications infrastructure. Most of this effort is focused on the Wide Area Network (WAN) termed SilverNet. Also included is maintaining "connectivity with the outside world" such as Internet access for the state and dedicated purpose circuits (e.g., federal program connections). Staff tasks include installing and troubleshooting data circuits; installing, operating and maintaining routers, wireless bridges, firewalls, event logging, and data switches that tie the circuits together; and engineering, analyzing, and troubleshooting the complex WAN itself. Staff supports over 8,500 network nodes representing personal computers, non-intelligent workstations, servers, and network devices (routers, firewalls and switches) in more than 150 locations throughout the state. Customers include all Executive Branch agencies, Constitutional Offices, the Judicial Branch, and to a limited extent the Legislative Branch. Statutory Authority: NRS 242.

BASE

This request continues funding for twelve employees and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

The Telecommunications Unit is one of three budget accounts in the Communications Division. This unit is responsible for developing, administering, and maintaining telecommunication services, primarily voice transport, and telephone equipment. This includes a statewide telephone network that integrates state-owned PBX switches and commercial telephone service. Staff tasks include operation and maintenance of PBX switch systems; agency consultation, analysis, and design to meet their telecommunication needs; building wiring design; development, negotiation, and implementation of contract telecommunication services, long distance service, local exchange service, vendor services, and state telephone operator functions. Specific services provided include state phone lines; voice mail; long distance; 800-type toll free service; phone credit cards; work order administration; voice system administration; conference calls and PBX network access. Staff in this budget account support approximately 12,000 telephone users at approximately 275 physical locations in 33 communities. Staff also administer approximately 4,000 telephone credit cards and approximately 300 toll free "800" numbers. Statutory Authority: NRS 242.

BASE

This request continues funding for ten employees and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

ADMINISTRATION - IT - NETWORK TRANSPORT SERVICES

721-1388

PROGRAM DESCRIPTION

The Network Transport Services Unit is one of three budget accounts in the Communications Division. This unit, through a combination of microwave, fiber optics, and other wireless technologies, provides transport of communications circuits for federal, state, and local government public safety entities, many of which are responsible for public safety. Network Transport Services also provides large transport circuits for data communications and PBX services to other communications units within Enterprise IT Services, such as SilverNet and PBX Telecommunications, thereby indirectly supporting nearly every state agency. Staff tasks include design and development of backbone communication infrastructure; installation, operation and 24/7 maintenance of microwave and fiber optic communication equipment; troubleshooting complex transport system problems; and maintaining and developing remote communication sites and facilities. Staff is directly responsible for over 600 microwave circuits and transport equipment at over 130 sites that carry public safety traffic over approximately 1,515,000 circuit miles. Network Transport Services communication sites also host other agency communications equipment and antennas on its towers, providing commercial and emergency backup power for their equipment. Statutory Authority: NRS 242 & NRS 233F.

BASE

This request continues funding for thirteen employees and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

The Office of Information Security (OIS) provides leadership and oversight of a comprehensive state information security program consisting of state information security policies and standards, security assessments, security incident response, continuity of operations plans, physical access control solutions, and security awareness training to the Executive Branch of Nevada State Government. The OIS guides and assists state agencies by addressing security issues, planning security solutions, implementing sound security controls, and providing technical security guidance to protect critical state data, networks, and data processing environments. The Chief Information Security Officer (CISO) reports to the Chief Information Officer (CIO), chairs the State Information Security Committee and represents the CIO on the Attorney General's Technological Crime Advisory Board and the Public Safety Homeland Security Cyber Terrorism Committee. Statutory authority: NRS 242.

BASE

This request continues funding for seven employees and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

ADMINISTRATION - IT - INFO TECH CONSOLIDATION DPS

721-1405

PROGRAM DESCRIPTION

The purpose of the Information Technology Consolidation Department of Public Safety account is to transfer to Enterprise Information Technology Services the funding needed to provide 24x7 technical support, application development, connectivity, and staffing resources for the Department of Public Safety (DPS) and its statewide criminal justice customers. Staff provide common services (telephony, Internet access, email, desktop hardware and software) for DPS employees who are widely distributed throughout the state. In addition, staff provide specialized services to both DPS personnel and 18,500 external customers in county and municipal law enforcement organizations, District Attorney offices, Nevada courts of first impression, parole and probation offices, and both public and private sector customers that initiate and rely on criminal background checks involving submission and comparison of finger print records. Those specialized services are provided through a common interface called Justice Link (JLink) and include access to the Nevada Criminal Justice Information System (NCJIS), a multi-functional database that allows its many distributed users to track offenders and offenses. NCJIS is the state component of the FBI-managed national Criminal Justice Information System. Access to, and management of, NCJIS must comply with FBI requirements, including, network design and operation as well as information and privacy security requirements.

ADMINISTRATION - DIVISION OF INTERNAL AUDITS

101-1342

PROGRAM DESCRIPTION

The Division of Internal Audits conducts performance audits to help agencies identify ways to enhance their operational efficiencies and effectiveness. These audits are presented to the Executive Branch Audit Committee. This committee is chaired by the Governor and includes the Lieutenant Governor, Secretary of State, State Treasurer, State Controller, Attorney General, and a representative of the public.

The division also assists agencies in maintaining and developing internal controls that prevent and detect fraud, which safeguards assets. The division assists agencies in developing written controls, establishing control guidelines, training staff, and evaluating agency financial practices. Statutory Authority: NRS 353A and 353.090.

BASE

This request continues funding for eleven positions and associated operating costs. One-time expenditures have been removed and partial year expenditures have been annualized.

ADMIN - STATE PUBLIC WORKS DIVISION - The State Public Works Division (SPWD) efficiently and effectively plans and manages capital improvements and state facilities. As the state's building official, SPWD regulates all construction on state lands in order to safeguard public health, safety, and welfare. SPWD also provides reliable Marlette Lake water delivery.

Division Budget Highlights:

1. **Centralize Public Works Administrative Services** - The State Public Works Division (SPWD) proposes to establish an administrative services account and consolidate its administrative and management services for the division. Costs for the administrative services unit will be cost allocated to the other SPWD units.
2. **Eliminate Positions** - In response to a decreasing Capital Improvement Program the State Public Works Division is eliminating seven engineering and building inspection positions representing approximately 21 percent of the division's Engineering and Planning staff.
3. **Address Deferred Maintenance Projects** - Buildings and Grounds is requesting funding in excess of \$1.5M to address some of the state's most urgent deferred maintenance needs in state-owned facilities. The past several years of budget reductions have created significant maintenance backlogs.
4. **Consolidate Management** - Buildings and Grounds is consolidating its management structure resulting in elimination of one management position within the Buildings and Grounds unit of the Public Works Division. Duties and responsibilities will be consolidated within the division's Administrative Service budget.

PROGRAM DESCRIPTION

The administrator for the State Public Works Division (SPWD) oversees and manages the legislatively approved Capital Improvement Program (CIP) and four operational budget accounts: the SPWD Facility and Condition Analysis account, which is responsible for inspecting and evaluating the short and long-term facilities maintenance needs for all state-owned buildings; the SPWD Engineering and Planning account, which manages the implementation of the approved CIP and assumes the building code-related inspection functions for all state-owned buildings; the Buildings and Grounds account, which provides statewide services associated with physical building and grounds maintenance and housekeeping for most state-owned buildings in Carson City, Reno, and Las Vegas; and the Marlette Lake Water System account, which provides a reliable water delivery system for two municipalities.

The SPWD administrator provides support to the State Public Works Board, which advises the administrator on the Governor's Recommended Capital Improvement Program.

Statutory Authority: NRS 338, 341, 393 and 444.

101-1562

PROGRAM DESCRIPTION

The administrator for the State Public Works Division (SPWD) oversees and manages the legislatively approved Capital Improvement Program (CIP) and four operational budget accounts: the SPWD Facility and Condition Analysis account, which is responsible for inspecting and evaluating the short and long-term facilities maintenance needs for all state-owned buildings; the SPWD Engineering and Planning account, which manages the implementation of the approved CIP and assumes the building code-related inspection functions for all state-owned buildings; the Buildings and Grounds account, which provides statewide services associated with physical building and grounds maintenance and housekeeping for most state-owned buildings in Carson City, Reno, and Las Vegas; and the Marlette Lake Water System account, which provides a reliable water delivery system for two municipalities.

The SPWD administrator provides support to the State Public Works Board, which advises the administrator on the Governor's Recommended Capital Improvement Program. Statutory Authority: NRS 338, 341, 393 and 444.

BASE

This request continues funding for thirty-four positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

ADMINISTRATION - SPWD - FACILITY COND & ANALYSIS

101-1560

PROGRAM DESCRIPTION

The State Public Works Division's (SPWD) Facility and Condition Analysis account is responsible for inspecting and evaluating the short and long-term facilities maintenance needs for all state-owned buildings. This section of the SPWD performs physical inspections of all state buildings to identify and quantify the state potential fiscal obligation and projected inventory of deferred maintenance. The Facilities Condition and Analysis group attempts to inspect and evaluate every state building on a three year cycle, but also works with state agencies to identify, evaluate and document immediate facility condition issues and concerns. The Facilities Condition and Analysis group creates and makes reports and recommendations available to state agency heads, the SPWD Administrator, the Legislature through the Legislative Counsel Bureau and the Budget Office. Statutory Authority: NRS 338, 341, 393 and 444.

BASE

This request continues funding for 2.46 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

ADMINISTRATION - SPWD - BUILDINGS & GROUNDS

710-1349

PROGRAM DESCRIPTION

The Buildings and Grounds section of the State Public Works Division (SPWD) provides physical building and grounds maintenance and housekeeping for most state-owned buildings in Carson City, Reno, and Las Vegas. Services are provided by division staff and contracted vendors ranging from general janitorial and maintenance to minor remodeling. The agency also provides office space for agencies in state-owned buildings and when not available, locates and negotiates leases in privately owned buildings. Additionally, the agency provides administrative oversight of the Marlette Lake Water System. The division also funds the Capitol Police section of the Department of Public Safety which provides building security for the Capitol Complex in Carson City and the Grant Sawyer Building in Las Vegas. Statutory Authority: NRS 331.

BASE

This request continues funding for 61.25 positions and associated operating costs. One-time expenditures have been eliminated and partial year expenditures have been annualized.

ADMINISTRATION - SPWD - MARLETTE LAKE
712-1366

PROGRAM DESCRIPTION

The Marlette Lake Water System was authorized for purchase by the 1963 session of the Nevada Legislature from the Curtiss-Wright Corporation at a cost of \$1,650,000. The State Public Works Division of the Department of Administration administers the system. The adjoining lands are administered and controlled by the Department of Conservation and Natural Resources. The major objectives of this system are to preserve and protect the sources of water, provide adequate supplies of water to the areas served, maintain the system in a condition calculated to assure dependable supplies of water, and sell water under equitable and fiscally sound contractual arrangements. This system is funded from water sales to Carson City and Storey County. Statutory Authority: NRS 331.160.

BASE

This request continues funding for 1.75 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

E720 NEW EQUIPMENT

This request funds the purchase of new equipment necessary to maintain, repair, and monitor the buildings, grounds, Lakeview House, and water monitoring systems located at the Marlette Water system. Reliable equipment in the form of iPads and iPhones are necessary to ensure proper maintenance and oversight of the Supervisory Control and Data Acquisition (SCADA) water system monitoring equipment, with the iPads necessary for on-site linking and monitoring of the system, and the iPhones necessary for off-site performance of these duties. Other equipment such as markers, power inverters and the safety cabinet support safety needs for onsite staff. Other miscellaneous small and and power tools are needed for shop work and other duties related to field work in the wilderness areas located on site.

ADMIN - MOTOR POOL DIVISION - To provide safe, efficient, environmentally-friendly, and cost-effective transportation solutions to state employees.

Division Budget Highlights:

- 1. **Purchase Leased Motor Pool Facility** - The Motor Pool Division purchases the built-to-suit facility in Las Vegas for \$2.5 million using General Fund financing. After adjusting for the debt service to repay the General Fund using vehicle rental revenue, the agency saves over \$150,000 in SFY14 and over \$200,000 in SFY15.
- 2. **Restores Mechanic Supervisor in Carson City** - The Motor Pool Division restores a mechanic supervisor position in Carson City. This position was eliminated as a cost savings but has created challenges for the division's administration. Restoration will improve the service and agency administration.

Activity: Short-term Assigned Vehicle Management

Motor Pool facilities in Carson City, Reno, and Las Vegas provide short-term assigned vehicles to state agencies as a cost-effective and efficient solution for short-term travel needs. Spreading the cost of the vehicle(s) over a large customer base reduces travel costs to the state as a whole as well as to agencies on an individual basis.

ADMINISTRATION - MOTOR POOL CAPITAL PURCHASE

711-1356

PROGRAM DESCRIPTION

The vehicle purchase account serves as a holding account for the accumulation of funds realized from vehicle sales, insurance recoveries from vehicles totaled in accidents, depreciation allowances for fleet replacement, and general fund appropriations used to purchase additional vehicles for agencies' use. Funds for depreciation expense in the division's operating budget, which is budget account 1354, are then transferred to the vehicle purchase budget, budget account 1356, as revenue. Statutory Authority: NRS 336.

BASE

This request continues funding of the current program. One-time expenditures have been eliminated and partial year costs have been annualized.

ADMINISTRATION - NSLA - NEVADA STATE LIBRARY

101-2891

PROGRAM DESCRIPTION

The State Library and Archives is the institutional memory of the state and is responsible for preserving and developing the state's most valuable assets: its heritage, the collective product of its people, resources, business endeavors, and government. The State Library provides governments, agencies, businesses, libraries, and citizens a full range of information services including: reference, research materials, and support services; library planning and development; and services designed for citizens with disabilities. The State Library and Archives houses the State Data Center, which offers census information statewide. The library functions as a depository of U.S. Government documents. The library operates the State Publications Distribution Center, which distributes official state government documents electronically statewide to ensure Nevada citizens have free access to state government publications. The State Library develops state information policies to ensure equal access to government information is available in all formats. Library development services provide leadership, grants, and other assistance to Nevada's libraries, archives, and literacy communities to improve services for all Nevadans including general consulting; administering funds for improvement of library services; collaborating with local, state and federal agencies to develop and implement programs; and facilitating statewide planning efforts. The Nevada Talking Book Services provides direct library services statewide to individuals who qualify due to visual and/or physical impairments. Statutory Authority: NRS 378.010 through 378.210.

BASE

This request continues funding for 16.75 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

The State Archives and Records Management programs administer comprehensive, cost-effective programs for the creation, maintenance, retention, preservation, and disposition of records of the Executive Branch of state government. Archives and Records program staff offer technical support to the Nevada Supreme Court, Legislative Counsel Bureau, tribal and local governments, and the Nevada System of Higher Education. The State Archives preserves and makes accessible records that document the history, organization and functions of the Nevada state government; its influence and impact on the lives of its people; and protection of their civil rights. The Records Management program prepares records retention schedules, which enables all state agencies to reduce their records storage holdings and the related costs; and operates the State Records Center, providing high-capacity, low-cost, secure storage for over 48,000 cubic feet of inactive official state records. These records may be accessed on demand by state agencies as needed. In addition, the Imaging and Preservation Services (IPS), formerly Micrographics and Imaging program (MIP), provides high-quality digital imaging and microfilm capture of essential government documents at significant savings to client agencies of state and local governments. The program also provides on-site surveys, consultation on appropriate media storage, seamless uploading of digital images directly to client databases and the production of CDs, DVDs, microfiche, and roll film. The program ensures government documents are preserved in accordance with NRS 239.070, 378.255 and 378.280 and provides services for scanning, printing, and storage of large format maps and plans onto either microfiche or roll film. The program develops and duplicates film produced by larger state agencies with their own microfilming staff and assists these agencies in selecting equipment that may be needed for their operations. Statutory Authority: NRS 378.230 through 378.320.

ADMINISTRATION - VICTIMS OF CRIME

287-4895

PROGRAM DESCRIPTION

The Victims of Crime Program (VOCP) provides financial assistance to qualified Nevada residents, U.S. citizens, or others entitled to reside in the U.S., who sustained injuries in a violent crime committed in Nevada. The VOCP pays hospital bills, medical and dental treatment, mental health counseling, lost wages, funeral costs and other crime related expenses. Program revenues are derived from fines and penalties imposed by the courts in criminal proceedings. Statutory Authority: NRS 217.010.

BASE

This request continues funding for eight positions and associated costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DEPARTMENT OF TAXATION

101-2361

PROGRAM DESCRIPTION

The Department of Taxation is responsible for providing fair, efficient, and effective administration of the tax programs of the State of Nevada in accordance with applicable statutes, regulations and policies, and serves the taxpayers, and state and local government entities. The department administers and collects taxes for distribution to the state General Fund, other state agencies, and to local government entities. The department collects and distributes all sales and use taxes, the modified business tax, the estate tax, the net proceeds of mines tax, and the property tax on interstate and inter-county companies. It also collects excise taxes and fees on liquor, cigarettes, other tobacco products, tire tax, short-term lessor fee, live entertainment tax, bank excise tax, lodging tax, the insurance premium tax, and distributes the real property transfer tax received from county recorder collections to the state general fund and local governments.

In addition, the department is responsible for appraising property of an interstate or inter-county nature as well as mining property. It also establishes guidelines for county assessors, recorders, and treasurers; monitors appraisal and assessment performance through ratio studies and performance appraisals of county officials; and ensures statewide compliance with assessment standards established by the Tax Commission. The department reviews local government budgets and audits, prepares the ad valorem tax rates for certification, and advises local governments on budget act compliance and financial management matters. Additionally, the department provides annual population estimates for the state, its counties and incorporated cities.

The department serves as staff to several State Boards and Commissions including the Nevada Tax Commission. The Nevada Tax Commission, as head of the department, adjudicates contested cases, adopts regulations and ensures the fair and equitable treatment of taxpayers across tax types. The department also serves as staff for the State Board of Equalization, which hears and determines property tax appeals and equalizes property tax values. In addition, the department serves as staff to the Committee on Local Government Finance, which provides financial accounting standards for local governments and oversight to financially troubled local government entities.

The department also serves as staff to the Mining Oversight and Accountability Commission, which ensures various state agencies maintain compliance over environmental, mine safety and training, and taxation issues related to the mining industry; and to the Appraiser Certification Board, which ensures all property tax appraisers in the state are certified and maintain continuing education requirements.

DEPARTMENT OF EDUCATION - The mission of the Department of Education is to elevate academic achievement, ensure educational opportunity, facilitate school and professional excellence, embrace and expand parental engagement, extend family and student choice, and promote productive use of resources for all students and schools in the Silver State.

Department Budget Highlights:

- Adjust K-12 Funding** - The Distributive School Account includes the 2% roll-ups, PERS and health benefit rate increases, enrollment growth of .6% in FY 2014 and .39% in FY 2015, and the extension of sunsets from the 2011 legislative session.
- Expand Full Day Kindergarten** - Funding of \$10 million per year to expand Full Day Kindergarten. The first year includes \$3.5 million for the purchase of portable classrooms and \$6.5 million for program expansion with \$10 million in the second year for program expansion.
- Implement English Language Learners Program** - Funding includes \$4 million in FY 2014 and \$10 million in FY 2015 for a new English Language Learner program focus on K-4th grade students. This program will be focused on increasing reading proficiency to promote long-term academic success.
- Teach for America Program** - Funding of \$1 million per year is provided to expand the Teach for America program currently piloted in Clark County. Funding will provide an additional 50 teachers to teach high need areas at Title I qualifying schools in Nevada.
- Jobs for America's Graduates** - includes \$750,000 per year to expand the Jobs for America's Graduates program targeting at risk youth early in their high school careers and ties learning opportunities to future jobs. This funding will increase the number of schools by 12 to approximately 20% of state high schools.
- Implement Educator Performance Framework** - The budget includes funding for the evaluation, professional development and implementation of the Educator Performance Framework.
- Enhance State Longitudinal Data System** - The budget increases funding to sustain and enhance the current State Longitudinal Data System including federal grant funds to link to the System of Higher Education and Department of Employment, Training and Rehabilitation.

NDE - DISTRIBUTIVE SCHOOL ACCOUNT

101-2610

PROGRAM DESCRIPTION

The Distributive School Account (DSA) provides direct state financial aid to school districts and charter schools for K-12 public education in Nevada. The funding formula, identified by NRS 387.121 as the "Nevada Plan" provides school districts a guaranteed dollar amount of basic state support per student plus additional funds for programs such as special education, the adult high school diploma program and reimbursement of certain student transportation costs. School districts and charter schools receive either monthly or quarterly apportionments from the DSA on the basis of student enrollment. Each school district is guaranteed a specific amount per student, which is developed through a formula that considers the demographic, economic, and wealth characteristics of the district. Allotments of licensed employees and related costs are determined from tables that recognize the differences in costs between rural and urban school districts as well as small and large districts. Transportation costs are incorporated into the allocation process.

For purposes of calculating basic support, enrollment includes students enrolled in grades one through twelve, students in ungraded special education classes, and six-tenths of the count of students enrolled in kindergarten and in preschool programs for children with special needs. Additionally, school districts receive support for part-time courses necessary to receive a high school diploma, including programs operated in the Nevada Department of Corrections system by the school districts in Carson City, Clark County, Pershing County, and White Pine County.

Special education is funded on an amount per unit basis as established by each session of the Legislature. School districts and charter schools are partially protected from decreases in enrollment through a one-year hold harmless statutory provision, which guarantees a payment based on the highest enrollment in the current or prior year unless the decrease is greater than 5%, in which case the payment guarantee is based on the highest enrollment in the current or prior two years.

The DSA is funded by a General Fund appropriation, sales taxes on out-of-state sales, income from federal mineral land leases, interest from the Permanent School Fund, and a portion of the state taxes on slot machines. In addition to the state funds received by the school districts through the DSA, the school districts receive the 2.25% local school support sales tax that is part of the DSA guarantee; the abated \$0.75 per \$100 of assessed valuation property/mining tax, one-third of which is part of the DSA guarantee; governmental services taxes; franchise taxes; and various other local and federal revenues. Statutory Authority: NRS Chapter 387.

BASE

This request supports the ongoing programs in the Distributive School Account, such as the basic support for public schools, class size reduction, special education, and adult high school diploma programs.

NDE - SCHOOL REMEDIATION TRUST FUND
101-2615

PROGRAM DESCRIPTION

NRS 385.357, passed by the 19th special session of the Nevada State Legislature, requires all public schools in Nevada to develop plans to improve the achievement of students. The plans are to identify problem areas that need to be addressed as well as strategies to be used to help students be successful and help schools meet the Adequate Yearly Progress mandated by the No Child Left Behind Act. Many of the strategies require funding in excess of what is now available to the schools. The funding in the School Remediation Trust Fund supports the improvement plans each public school and each school district have developed. Due to budget reductions from 2008 through 2011, the only remaining program in the account is Full-Day Kindergarten.

BASE

This request continues the current Full-Day Kindergarten program.

NDE - INCENTIVES FOR LICENSED EDUCATION PERSONNEL
101-2616

PROGRAM DESCRIPTION

NRS 391.166, passed by the 23rd special session of the Nevada State Legislature, requires the Board of Trustees of each school district in Nevada to establish a program of incentive pay for licensed teachers, school psychologists, school librarians, school counselors, and administrators employed at the school level which are designed to attract and retain those employees. The program of incentive pay must specify the type of financial incentives offered and the Interim Finance Committee must approve the recommended incentives. Financial incentives must not be more than \$3,500 per year. This budget also contains the grandfather provisions of the 1/5th retirement credit purchase program (previously NRS 391.165). Personnel participating in the 1/5th purchase program in fiscal year 2007 could elect to continue until they had received five 1/5th credit purchases at which time they would be eligible to participate in the incentive program mentioned above. Statutory Authority NRS Chapter 391.166; AB1 23rd Special Session.

BASE

This request continues funding for the purchase of retirement credit and incentives for licensed education personnel.

NDE - EDUCATION STATE PROGRAMS

101-2673

PROGRAM DESCRIPTION

The Education State Programs budget provides financial resources to carry out the responsibilities for education conferred at the state level by the Nevada Constitution and the Nevada Revised Statutes, Title 34, Chapters 385 through 395. It includes the activities of the State Board of Education; the administrative duties of the State Superintendent of Public Instruction; the management of the state Department of Education and statewide school issues; and the technical expertise of professional persons in various education subjects. Funding is also included for state board member travel, academic probation panels, and the Commission on Educational Technology. Statutory Authority: Nevada Constitution-Article II and NRS, Title 34, Chapters 385 through 395.

BASE

This request continues funding for twenty-one positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

This budget account is designed to facilitate accounting for the Department of Education's positions, which are funded by multiple sources. Previously, employees were required to fill out multiple timesheets per cycle after the implementation of the Integrated Financial System (IFS). While there are multiple workarounds for this issue, it was determined that the creation of this account was the most efficient for the Department of Education. Funds are transferred from other budgets to cover the personnel and other related costs.

BASE

This request continues funding for twenty positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

NDE - EDUCATION SUPPORT SERVICES

101-2720

PROGRAM DESCRIPTION

This Education Support Services budget funds staff and operating expenditures associated with the shared costs or overhead, allocable to the various programs operated within the Department of Education. The budget account is funded by indirect costs assessments on the administrative expenditures of other Department of Education budget accounts. Two rates are calculated each year and are negotiated with the United States Department of Education. One rate is for the restricted programs that are not permitted to pay certain costs through an indirect cost system (most notably rent) and the other rate is for the other accounts that have no such restrictions. For the purposes of the 2014-2015 biennial budget submission, all budget account indirect costs and the revenue of this budget account have been estimated using the fiscal year 2012 rates. The restricted rate for fiscal year 2012 is 19.4% and the unrestricted rate is 25.5%. Statutory Authority: NRS 385.310 & 385.315.

BASE

This request continues funding for twenty-seven positions and associated operating costs.

NDE - PROFICIENCY TESTING

101-2697

PROGRAM DESCRIPTION

The Proficiency Testing budget account funds several testing programs, mandated by the Legislature and administered by the Department of Education. The budget also includes necessary resources to oversee the High School Proficiency tests, which students are required to pass before receiving a standard Nevada High School Diploma. This program is currently accomplished through a contract with a national testing company to administer, score, and report the High School Proficiency tests. Funding is also included to support the testing of writing skills of all students in grades 5, 8, 11, & 12, and adults. Passing this test in grade 11 or 12 is also a requisite for a High School diploma. Statutory Authority: NRS 385 and 389.

BASE

This request continues funding for nine positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

NDE - TEACHER EDUCATION AND LICENSING

101-2705

PROGRAM DESCRIPTION

The Teacher Education and Licensing budget includes the Commission on Professional Standards in Education, which consists of nine members appointed by the Governor. The commission is charged with the adoption of regulations pertaining to the standards adopted by the commission. Licensing staff in Las Vegas and Carson City are responsible for determining eligibility, approving and issuing licenses for teachers and other educational personnel. Funding is included in this account for the maintenance and continual improvements of the Competency Testing Program for Educational Personnel. Statutory Authority: NRS 391 and NRS 385.

BASE

This request continues funding for 12.51 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized

PROGRAM DESCRIPTION

The purpose of funds provided by Title IV, Safe and Drug Free Schools and Communities (SDFSC), is to establish programs of drug abuse education and strengthen programs that prevent the illegal use of alcohol, tobacco, and drugs in elementary and secondary schools. In addition, funds are used to support programs that prevent violence in and around schools and to involve parents as much as possible. Authority: Elementary & Secondary Education Act (ESEA), Title IV, Part A. This grant program ended in fiscal year 2012.

BASE

This request reflects actual expenditures for fiscal year 2012, the final year of the program.

PROGRAM DESCRIPTION

The Coordinated School Health Education Program to Prevent the Spread of HIV/AIDS and other Sexually Transmitted Diseases (STDs) is a federally funded program designed to assist school districts to establish, strengthen, or expand HIV/AIDS and STD prevention education. The program is used to integrate HIV/AIDS prevention education into a coordinated school health education framework for Nevada's secondary middle school and high school students. This program ended in March 2012.

BASE

This request reflects actual expenditures for fiscal year 2012, the last year of the program.

NDE - GEAR UP
101-2678

PROGRAM DESCRIPTION

The GEAR UP grant is a collaborative effort of the Nevada Office of the Governor, Office of the State Treasurer, Nevada System of Higher Education, the Nevada Department of Education, Wells Fargo Bank, AT&T, ACT, and other stakeholders including parents, students, educators, business and agency representatives. Nevada's vision is to change the culture of low achieving students who are economically disadvantaged so they are prepared academically and have the resources to attend and succeed in college. GEAR UP program resources are used to support the following goals: improve academic achievement and increase high school proficiency exam scores; decrease high school dropout rate; increase high school graduation rate; and increase enrollment in college preparation coursework.

BASE

This request continues funding for three positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

The Discretionary Grants - Restricted account includes the following federal grants: (1) Homeless Children Project; (2) 21st Century Community Learning Centers; (3) Advance Placement Fee Payment; and (4) English Language Acquisition. The programs in this budget are subject to the restricted indirect cost rate approved by the U.S. Department of Education. There is a small General Fund appropriation to this budget account to cover the Byrd Scholarship administrative costs. These funds were previously accounted for in budget account 2699 but were moved to this budget account to more properly align with the aid payments. These grant budgets have been adjusted to the most current projected award information available for fiscal years 2014 and 2015 based on information available for fiscal year 2013 and the knowledge of the program managers regarding the status of the federal funding.

BASE

This request continues funding for two positions and associated operating costs.

NDE - ELEMENTARY & SECONDARY ED - TITLE I 101-2712

PROGRAM DESCRIPTION

Title I funds provide federal assistance to improve instructional programs for educationally disadvantaged students. The programs are directed towards schools with a high concentration of low income families, a large number of children of migratory agricultural workers, or educationally disadvantaged students such as those with limited English proficiency. Services are also provided to delinquent or neglected children housed both in juvenile facilities and adult correctional institutions. In addition, all of the student performance requirements of the No Child Left Behind Act, which apply to all public schools in the state, are part of Title I. Authority: Title I of the No Child Left Behind Act of 2001, P.L. 107-110.

PROGRAM DESCRIPTION

This budget account provides federal funds to assist state and local educational agencies in improving elementary and secondary education in areas such as programs to assist in reducing the drop-out rate; increasing student achievement including emphasis in reading, mathematics; and science; and the acquisition of instructional materials, training, and professional development. This account includes funding available to the department to administer the programs and the funding to be provided to school districts to implement the objectives of the programs.

BASE

This request continues funding for ten positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

NDE - CAREER AND TECHNICAL EDUCATION

101-2676

PROGRAM DESCRIPTION

The Department of Education administers occupational education programs that meet the requirements of the Nevada State Plan for Career and Technical Education (CTE). The plan is based on the needs of students within the state and serves as the application for the federal Carl D. Perkins Vocational and Technical Education Act funds. The primary mission of the federal program is to improve occupational education programs, focusing on the improvement and development of programs meeting the state criteria that defines high-wage, high-skill programs. Revenue received through the Carl D. Perkins Basic Grants to States has funding set-a-sides including 5% or \$250,000, whichever is greater, for state administration; 10% for statewide leadership; and 85% for basic grant aid to school districts and community colleges. Federal funds administration must be matched by state funds. In addition, the maintenance of effort provision requires the state to maintain funding at least at prior year levels. Authority: NRS 388.340(2a), 388.360(3) and the Carl D. Perkins Vocational and Technical Education Act of 1998, as amended.

BASE

This request continues funding for 12.51 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

NDE - CONTINUING EDUCATION

101-2680

PROGRAM DESCRIPTION

This Continuing Education account is funded through the federal Adult Education and Family Literacy Act. The purpose of the act is to provide adult basic education and English as a Second Language (ABE/ESL) services in order to assist adults to become literate and obtain the knowledge and skills necessary for employment and self sufficiency; to assist adults in the completion of secondary school education; and to assist adults who are parents to obtain the educational skills necessary to become full partners in the education of their children. Funds are granted to eligible educational and community-based organizations to carry out the purpose of the act. Nevada continues to experience increasing needs for adult education, especially English literacy for the Hispanic and Asian populations in the state. The state has the second highest percentage of 18-24 year olds without high school diplomas or equivalent degrees in the nation. The demand for adult education services escalates as the population increases and workplace expectations demand higher levels of literacy. Authority: P.L. 105-220. Workforce Investment Act, Title II, Adult Education and Family Literacy Act; NRS 387.1233

NDE - INDIVIDUALS WITH DISABILITIES (IDEA)

101-2715

PROGRAM DESCRIPTION

The Individuals with Disabilities Education Act (IDEA) provides funding to states through the United States Department of Education. Several federal grants are combined in this budget account, which is designed to improve students with disabilities' performance on statewide assessments including alternate assessments; transition from early intervention programs; behavioral success; graduation and drop-out rates; post-secondary outcomes; and recruitment and retention of highly qualified special education personnel. Also included in this budget is the NRS 395 Program, which provides funding for the education of special students whose individualized educational programs cannot be met in their home school districts. Authority: PL106-448, NRS 388.440-520.

BASE

This request continues funding for ten positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PUBLIC CHARTER SCHOOL LOAN PROGRAM
000-2708

PROGRAM DESCRIPTION

The State Public Charter School Authority provides loans at or below market rate to charter schools for the costs incurred: in preparing a charter school to commence its first year of operation; and to improve a charter school that has been in operation. The lack of low cost financing or other capital for charter schools to access post approval and before commencing operations is a significant hurdle to expanding quality charter schools. Statutory Authority NRS 386.577.

ENHANCEMENT

COMMISSION ON POSTSECONDARY EDUCATION

101-2666

PROGRAM DESCRIPTION

The Commission on Postsecondary Education is responsible for licensing and inspecting privately owned postsecondary educational institutions and for resolving student complaints. The commission authorizes academic and non-academic programs leading to degrees or vocational objectives offered by the postsecondary educational institutions. Staff licenses agents representing in-state and out-of-state private schools in Nevada and approves public and private postsecondary institutions for training programs supported by the U.S. Department of Veterans Affairs. The commission approves training programs for alcohol awareness. Statutory Authority: NRS 394.

BASE

This request continues funding for four positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

NEVADA SYSTEM OF HIGHER EDUCATION (NSHE) - The Nevada System of Higher Education (NSHE) provides higher education services to the citizens of the state at a high level of quality consistent with the state's resources. It accomplishes this mission by acquiring, transmitting, and preserving knowledge. The system endeavors to assist in providing an educated and technically skilled citizenry for public service and the general welfare, to contribute toward an educated and trained work force for industry and commerce, and to facilitate the individual quest for personal fulfillment.

Department Budget Highlights:

- 1. Reestablish Traditionally Non-Formula Programs** - The budget removes traditionally non-formula programs from University of Nevada, Reno (UNR) and University of Nevada, Las Vegas (UNLV), establishing them as separate and distinct accounts.
- 2. Eliminate General Fund Offsets by Student Fees** - The budget implements the recommendation of the SB 374 Formula Funding Committee to ensure that non-general fund dollars do not have an impact on the new formula allocation.
- 3. Revised Higher Education Funding Formula** - The budget includes the SB 374 Formula Funding Committee recommendation, which includes all "F" grades in the weighted student credit hour (WSCH) methodology.
- 4. Revision of the Formula Committee Recommendation** - The budget modifies the Formula Committee recommendation by implementing a weighted approach to "F" grades for students that make a demonstrated effort to complete their classes, eliminating "Fs" at Universities, provides 25% credit at Nevada State College, and 50% credit at the community colleges.
- 5. Smooth Losses** - The budget provides a one-time \$2 million General Fund augmentation over the biennium to Great Basin College (GBC) and Western Nevada College (WNC) to mitigate losses incurred as a result of implementing the new funding formula.
- 6. Phased-In Formula Reallocation** - The budget smoothes losses at GBC and WNC to no more than 10% in fiscal year 2014 and 15% in fiscal year 2015 of their budgets, ensuring formula gains of 67% in fiscal year 2014 and 80% in fiscal year 2015 of their allocation for UNLV, Nevada State College and College of Southern Nevada.
- 7. Support Cooperative Extension Service** - The budget allocates \$1 million over the biennium to the Cooperative Extension Service, which helps Nevadans apply university research to their daily lives.

Department Budget Highlights (continued):

- 8. **Encourage Intellectual Property Licensing** - The Knowledge Fund, established by AB 449 of the 2011 Session, receives \$10 million over the biennium to encourage intellectual property licensing and increase the number of start-up companies in Nevada by funding research in areas targeted for economic growth.

NSHE - NEVADA SYSTEM OF HIGHER EDUCATION - The mission of the Western Interstate Commission for Higher Education (WICHE) is to carry out the goals, objectives, and programs as provided for in the WICHE multi-state regional compact. The compact is responsible for providing higher educational opportunities and sharing resources to enhance workforce development in the member states. Through this compact and the NSHE, Nevada WICHE is able to provide educational and financial assistance to Nevada citizens and provide the state highly-trained, qualified professionals in areas of established need.

NSHE - SYSTEM ADMINISTRATION

101-2986

PROGRAM DESCRIPTION

The Board of Regents is established by the Nevada Constitution and statutorily endowed with the powers to provide direction and governance for all activities of the Nevada System of Higher Education (NSHE). The Board of Regents, in conjunction with the employees of the Chancellor's Office, provides direction and coordination for the various activities of the campuses and units of the NSHE. The Chancellor's Office includes the functional areas of academic affairs, budget and financial planning/programming and legal counsel. The universities provide a wide range of undergraduate and graduate instructional programs, including professional and doctoral work in selected fields; maintain library, studio and laboratory services, and resources for research; provide cultural opportunities for students and the general public; and also provide public service and continuing education. The community colleges provide post-secondary educational opportunities that are regionally and financially accessible. This includes teaching occupational skills required by business and industry; upgrading students' skills necessary to compete successfully in college courses; providing community service programs and assistance to students in planning educational goals. The mission of the state college is to meet the needs of students who are interested in bachelor's degrees in much-needed fields such as nursing and education, as well as in other disciplines in the arts and sciences. Course work is fully transferable to both the first tier (universities) and the third tier (community colleges) in the NSHE. Appropriations in all NSHE budget accounts are recommended in conjunction with Board of Regents approved adjustments for non-appropriation sources of revenue, including tuition adjustments. For campus budgets, the non-appropriation funding sources are primarily from student registration fees and non-resident tuition. However, other available sources of revenue include operating capital investment and certain federal funds. Constitutional authority: Article 11, Section 4 and NRS 396.

NSHE - SPECIAL PROJECTS

101-2977

PROGRAM DESCRIPTION

The Special Project appropriation contains programs not directly related to any of the other NSHE appropriations. The only program in Special Projects is the Experimental Program to Stimulate Competitive Research (EPSCoR). The program began in 1979 at the National Science Foundation (NSF) when five states received planning grants to develop strategies to build their research infrastructures. The goal of EPSCoR is to stimulate sustainable improvements in the quality of academic science and technology infrastructure of eligible states. Constitutional authority: Article 11, Section 4 and NRS 396.

BASE

This request continues funding for 7.68 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

NSHE - NEVADA STATE COLLEGE AT HENDERSON

101-3005

PROGRAM DESCRIPTION

Nevada State College is a comprehensive baccalaureate institution of higher learning. A member college of the Nevada System of Higher Education, Nevada State College is dedicated to providing quality educational, social, cultural, economic, and civic advancement for the citizens of Nevada. Through student-centered learning, Nevada State College emphasizes and values: exceptional teaching, mentoring, advisement; scholarship; career and personal advancement; continuing education; and service to our community. The college helps address Nevada's need for increased access to higher education for students entering the higher education system and for students transferring from the state's community colleges. The college offers a wide range of baccalaureate programs and selected masters programs designed to meet the general needs of the State of Nevada and the specific needs of the southern region of the state. Special emphasis is placed on addressing the state's need for effective, highly educated and skilled teachers and nurses; and a commitment is made to developing and promoting partnerships with Nevada's public school system, the state's health care providers, and Nevada's colleges and universities. The curriculum of Nevada State College will be based upon the community's needs, the needs of business and industry, and the desires and demands of the students. Constitutional authority: Article 11, Section 4 and NRS 396.

DEPARTMENT OF AGRICULTURE - The Nevada Department of Agriculture promotes a sustainable agriculture and natural resources industry which works to protect food, fiber, human health, and safety through effective service, regulatory action and agricultural literacy.

Department Budget Highlights:

1. **Reorganize the Department** - Administration adds eleven new administrative, fiscal, information technology, education, and support positions as a result of the new reporting structure reorganization and infrastructure needs.
2. **Consolidate Food and Nutrition Programs** - To provide improved service delivery, efficiency, and take advantage of economic development opportunities, the department proposes to consolidate food and nutrition programs from Administration, Dairy Commission, and Education into the Department of Agriculture.
3. **Fund Youth Livestock Programs** - Administration requests \$20,000 each fiscal year to support youth livestock production programs.
4. **Consolidate Divisions** - As part of the department's reorganizational plan, Gas Pollution Standards are transferred to Weights and Measures and Grade and Certification of Agriculture Products is transferred to Registration and Enforcement.
5. **Reclassify Administrative Staff** - Registration and Enforcement reclassifies the Division Administrator for Plant Industries to the Administrator for Plant Industries Division and reclassifies the Plant Industries Regional Manager position to a Deputy Administrator for Plant Industries as part of the agency's reorganization plan.
6. **Increase Livestock Fee and Eliminate Position** - Livestock Inspection proposes increasing the fee rates for the Special Livestock Fee to fund the Animal Identification budget of the Animal Industry Division. These fees have not been adjusted in over 50 years. The Unclassified Division Administrator position is eliminated.
7. **Establish Sagebrush Ecosystem Team** - The DCNR Director heads a key Governor's initiative establishing a 5-member multidisciplinary, inter-agency Sagebrush Ecosystem Team (that includes Agriculture, Minerals, State Lands, and Forestry) to address the potential listing of the Greater Sage-grouse on the federal species endangered list.

Activity: Administration

The Administration program provides leadership, sets policy, and establishes direction for the department and divisions. Administrative staff are responsible for providing enforcement and regulation of agricultural industries as well as protecting the state's investment infrastructure. Additionally, staff work with various communities, state and federal agencies, organizations, and the Board of Agriculture to increase agriculture as an industry and stimulate agriculture activity. Agency leadership provides overall supervision of administrative, fiscal, budget, and technical activities of the division and programs administered by the department.

AGRI - NUTRITION EDUCATION PROGRAMS

101-2691

PROGRAM DESCRIPTION

The National School Lunch Act of 1946 and the Child Nutrition Act of 1966 allot federal funds to Nevada for the nutrition programs. The federal allotment for each program sponsor is based on a formula that may consider meal costs or budgets, the number of individuals served, and the income level of those individuals. Sponsors are reimbursed monthly at a unit cost for each meal/milk served. The state funding is used to meet the state maintenance of effort (MOE) and match requirements. The required state match is included in the Distributive School Account, budget account 2610. This budget also provides the funding needed to administer these programs, including processing payments, monitoring services provided by the program sponsors, and providing technical assistance and professional development to the sponsors. Authority: P.L. 79-396; CFDA #'s: 10.550, Food Distribution; 10.553, School Breakfast Program; 10.555, National School Lunch Program; 10.556, Special Milk Program for Children; 10.558, Child and Adult Care Food Program; 10.559, Summer Food Service Program for Children; 10.560, State Administrative Expenses for Child Nutrition.

BASE

This request continues funding for eleven positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

AGRI - COMMODITY FOOD PROG

101-1362

PROGRAM DESCRIPTION

The Food Distribution program provides United State Department of Agriculture (USDA) commodity foods to schools, senior centers, Indian Reservations, food banks, and other eligible agencies and individuals in Nevada. The program also provides food packages to women, infants, and children. Low income senior citizens may also obtain food packages and coupons to buy fresh fruits and vegetables from local farmers markets. The food distribution program serves approximately 210 agencies and ten Indian Reservations throughout the state. Statutory Authority: NRS 333 and Federal Regulations 7CFR part 247, 249 and 250-253.

BASE

This request continues funding for twelve positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

AGRI - DAIRY COMMISSION

233-4470

PROGRAM DESCRIPTION

The Dairy Commission is dedicated to assuring the availability of wholesome, nutritious dairy products and to promoting a business climate that is economically viable for those who produce, process, and market dairy products in our state.

BASE

This request continues funding for thirteen positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

AGRI - GAS POLLUTION STANDARDS

101-4537

PROGRAM DESCRIPTION

State law mandates that the Nevada Board of Agriculture adopt standards relating to fuel used in internal combustion engines and to test fuel against acceptable standards to ensure clean burning, high quality motor fuel. In order to enforce these standards, the agency conducts fuel sampling throughout the state. Weights and Measures inspectors then investigate any possible violations for submittal to the Board of Agriculture.

Statutory Authority: NRS 590.010 through NRS 590.150.

BASE

This request continues funding for three positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

AGRI - GRADE & CERTIFICATION OF AG PRODUCTS

101-4541

PROGRAM DESCRIPTION

The Grade and Certification Account supports the registration, inspection, and certification activities for a variety of grower and USDA programs. Seed fields, primarily garlic and alfalfa, are inspected and certified to meet specific standards. Potatoes and onions are inspected and assigned a USDA grade at the shipping point. Passengers, cargo, and other material arriving on foreign flights are inspected under a contract with the USDA. Hay and other agricultural products are inspected to enable shipment to foreign countries. The weed-free forage certification program is also in this account. Shell eggs are inspected and graded according to USDA standards. The Nevada Certified Organic program is also located in this account. Statutory Authority: NRS 554 Quarantines of Agricultural Commodities; NRS 555 Control of Insects, Pests and Noxious Weeds; NRS 561 State Department of Agriculture; NRS 587 Agricultural Products and Seeds.

BASE

This request continues funding for one employee and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

AGRI - AGRICULTURE REGISTRATION/ENFORCEMENT

101-4545

PROGRAM DESCRIPTION

The Agricultural Registration and Enforcement account supports the registration, inspection sampling, and laboratory analysis of fertilizers, antifreeze, and pesticide products offered for sale. Under an Environmental Protection Agency (EPA) cooperative enforcement agreement, the program also provides pesticide product inspection at the retail level and monitors the application of pesticides. Also enforced under the agreement are the EPA groundwater protection, worker protection, and endangered species protection programs. Another grant is received from the EPA for the certification and training of restricted use pesticide applicators. This budget also houses the pesticide application operator licensing program and the nursery licensing program. Statutory Authority: NRS 561 State Department of Agriculture, NRS 586 Pesticides; Dangerous Caustic or Corrosive Substances, NRS 588 Commercial Fertilizers and Agricultural Minerals, and NRS 590 Motor Vehicle Fuel, Petroleum Products and Antifreeze.

BASE

This request continues funding for twenty-one positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

AGRI - WEIGHTS, MEASURES AND STANDARDS

101-4551

PROGRAM DESCRIPTION

The powers and duties of the Weights, Measures & Standards program are mandated in NRS Chapters 581, 582, and 590. The state sealer of Weights, Measures & Standards, the Department Director, is directed to license, test, and deem correct all commercially used weighing and measuring devices. The agency obtains samples of motor fuels and delivers them to the petroleum chemists for analysis. If any violations are noted in the device inspections, packaging, scanners, or motor fuel, the inspectors take regulatory action to obtain compliance. The agency also maintains the metrology lab which houses the state standards for mass, length, and volume. The metrologist certifies the field standards used by Weights, Measures & Standards inspectors and registered service agents. Public weigh masters certify weight information for a fee and require a license as specified by the agency. The agency inspects scales and audits weigh tickets for compliance per NRS Chapter 582. The inspection of the advertising and labeling of motor fuel dispensers, storage tanks, and quality of the fuels is covered in the petroleum act as cited in NRS Chapter 590.

The responsibility of this agency also includes the inspection of packaged goods to determine whether the stated amounts, sizes, pricing, etc. are correct.

Additionally, state law mandates the adoption of standards relating to fuel used in internal combustion engines and to test fuel against acceptable standards to ensure clean burning, high quality motor fuel. In order to enforce these standards, fuel sampling is conducted throughout the state. Inspectors then investigate any possible violations. Statutory Authority: NRS 590.010 through NRS 590.150.

BASE

This request continues funding for eighteen positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

AGRI - PEST, PLANT DISEASE NOXIOUS WEED CONTROL

101-4552

PROGRAM DESCRIPTION

The Pest, Plant Disease, and Weed Control Program provides for the survey and control of species that cause detrimental economic, environmental, and public health effects. Statutory Authority: NRS 554 Quarantine of Agricultural Commodities; NRS 555 Control of Insects, Pests and Noxious Weeds; NRS 561 State Department of Agriculture, and NRS 587 Agricultural Products and Seeds.

BASE

This request continues funding for three positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

AGRI - LIVESTOCK INSPECTION

101-4546

PROGRAM DESCRIPTION

The Division of Livestock Inspection is responsible by statute for protecting livestock owners from theft or loss of livestock, introduction of diseased animals, and unfair business practices. This is accomplished by enforcing the mandated statutes of inspection and registration of brands; returning estrays; and the licensing of livestock and agricultural dealers, agents, buyers, and public sale yards. The division also investigates livestock thefts and enforces all livestock laws with a road interdiction program to prevent the ingress/egress of livestock that have not met the mandated requirements of both animal health and livestock identification. Ultimately the division protects major food sources within the State of Nevada. Additionally, the Division of Livestock provides certified Peace Officers whose function is to enforce all livestock laws and animal health requirements with the road interdiction program in the absence of permanent ports of entry at Nevada border crossings. We cooperate with other states to help with the enforcement of their livestock laws. Statutory Authority: NRS 561, 564, 565, 575, 571, 554, and 587.

AGRI - PREDATORY ANIMAL & RODENT CONTROL

101-4600

PROGRAM DESCRIPTION

NRS 567.010-090 authorizes the State Predatory Animal and Rodent Committee (PARC) to cooperate with the United States Department of Agriculture (USDA) for the control of predatory animals, crop-destroying birds, and rodents within the State of Nevada. PARC (state) and the USDA (federal) collectively form the Nevada Wildlife Services Program (WS). The Nevada WS Program also works cooperatively with the Nevada Department of Wildlife to conduct predation damage management projects to protect Nevada's natural resources such as mule deer, sage grouse, and bighorn sheep and helps protect the public from large predators such as mountain lions, black bears, or coyotes.

The mission of the Nevada WS program is to provide leadership in managing problems caused by wildlife. Wildlife Services recognizes that wildlife is an important public resource greatly valued by the people of Nevada. By its very nature, however, wildlife is a highly dynamic and mobile resource that can damage agricultural and industrial resources, pose risks to human health and safety, and affect other natural resources. The program carries out the state and federal responsibility for helping to solve problems that occur when human activity and wildlife are in conflict with one another.

Statutory Authority: The Animal Damage Control Act of March 2, 1931, as amended (46 Stat. 1486; 7 U.S.C. 426-426b) and the Rural Development, Agriculture and related agencies Appropriation Act, 1988 (P.L. 100-202) authorizes the USDA's Wildlife Services program to form cooperative programs with state agencies.

COMMISSION ON MINERAL RESOURCES - The Commission on Mineral Resources conducts activities to further the responsible development and production of the state's mineral resources to benefit and promote the welfare of the people of Nevada.

Department Budget Highlights:

- 1. **Support Sagebrush Ecosystem Team** - The commission will contribute funds of approximately \$285,000 over the biennium to support the Sagebrush Ecosystem Team created as a result of the Strategic Plan for Conservation of Greater Sage-Grouse in Nevada. The team will focus on sage-grouse and sagebrush ecosystems.

Activity: Abandoned Mines

The Abandoned Mines activity is designed to discover dangerous conditions that result from mining practices which took place at mines that are no longer operating; identify the owner or responsible party; report abandoned mine hazards to county commissions; secure hazardous mine openings; and increase public awareness. It is estimated that about 50,000 abandoned mine openings exist in Nevada that pose physical hazards to persons or animals.

GAMING CONTROL BOARD - The State Gaming Control Board governs Nevada's gaming industry through strict regulation of all persons, locations, practices, associations, and related activities. The Board protects the integrity and the stability of the industry and ensures the collection of gaming taxes and fees that are an essential source of state revenue.

Department Budget Highlights:

- 1. **Reduce Technology Division Lab Positions** - In compliance with AB 279 of the 76th Legislative Session, independent testing labs have been approved to review gaming devices. As a result, the Governor's Executive Budget is recommending to abolish ten positions in the Gaming Control Board's Technology Division.
- 2. **Upgrade Information Technology** - This is a request for migration from the Board's COBOL based system to state of the art technology and to replace computer hardware and software.

Activity: Audit and Compliance

Audit and Compliance audits and reviews casinos and other gaming licensees to determine whether they accurately reported and paid gaming and entertainment taxes. Additionally, the activity reviews these entities for compliance with regulations pertaining to gaming and entertainment operations.

GCB - GAMING CONTROL BOARD

101-4061

PROGRAM DESCRIPTION

The Gaming Control Board is responsible for regulating Nevada's gaming industry. The Board's purpose is to protect the stability of the licensed gaming industry through investigations, licensure, and enforcement of laws and regulations; to ensure the collection of gaming taxes, which are an essential source of state revenue; and to maintain public confidence and trust in gaming.

BASE

This request continues funding for 417 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

GCB - GAMING CONTROL BOARD INVESTIGATION FUND

244-4063

PROGRAM DESCRIPTION

The Gaming Control Board Investigative Fund was created as a special revenue fund for the purpose of paying all expenses incurred by the board and the commission to investigate a gaming application. Due to the unpredictable and fluctuating nature of the investigations and the subsequent funding to pay for them, it is difficult to predict the amount of money that will pass through this account and the type of expenditures which will occur. Statutory Authority: NRS 463.331.

BASE

This request continues funding for investigative personnel and associated costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PUC - PUBLIC UTILITIES COMMISSION

224-3920

PROGRAM DESCRIPTION

The Public Utilities Commission of Nevada (PUCN) regulates public companies engaged in: electric, natural gas, telephone, water, and sewer services; gas and electric master meter service at mobile home parks; and some propane systems. In addition, it monitors gas pipeline and railroad safety. Statutory Authority: NRS 703-705, 704A, 705B, 707-710.

BASE

This request continues funding for ninety-six positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DEPARTMENT OF BUSINESS AND INDUSTRY - The department administers its programs and regulatory activities in a manner that provides prompt and efficient service to the public and regulated entities.

Department Budget Highlights:

1. **Stabilize the Housing Market** - Business & Industry will utilize funds from the Nat'l Mortgage Settlement to stabilize the housing market, address consumer issues thru a mortgage refinance/retention program, incr compliance/enforcement and licensing activities in Real Estate and Mort Lending, and create a Consumer Affairs Section.
2. **Relocate theTaxicab Authority** - The Taxicab Authority requests funds to relocate the Las Vegas office to a development near the airport. The new location is centrally conducive to the constituents served by the Taxicab Authority.
3. **Increase Safety Inspectors Pay** - Due to a significant difference in pay between private and public safety inspectors, recruiting and retaining experienced/qualified inspectors is difficult. The division is requesting a 10 percent increase for Safety Inspectors, with adjustments for compaction issues in the supervisory staff.
4. **Invest in Labor Technology** - To maintain databases utilized by the agency to ensure there is no disruption in service to its constituents, the Labor Commission is requesting to make technology investments to bring its network server system current.
5. **Mortgage Fraud Enforcement Program** - Mortgage Fraud Enforcement activities will continue with the restoration or addition of staff to perform compliance, enforcement, or licensing activities from National Mortgage Settlement funds.
6. **Restore Real Estate Staff** - Real Estate activities relating to compliance, enforcement, and licensing will continue with the restoration or addition of staff to perform these activities from National Mortgage Settlement funds.
7. **Implement a Home Refinance/Retention Program** - The Director' Office will implement a program using a portion of the National Mortgage Settlement funds. A Consumer Affairs section will be restored in the Director's Office budget account and a Department wide Administrative Law Judge (ALJ) will be added.

Department Budget Highlights (continued):

8. **Clarify Insurance Fraud Assessment Requirements** - The Insurance Division submitted a BDR to revise language in Chapter 679B of NRS to clarify the applicability of the assessment for the Special Investigative Account to insurers which hold a certificate of authority but have zero or negative written premium, current language exempts them.
9. **Replace Industrial Relations Versa System** - The division requests replacement of the Versa System for the Mechanical Unit with the Jurisdiction Online. The Versa system is not meeting the permit processing needs that are critical to the NV OSHA Mech Unit and to budget for ongoing system costs.
10. **Create a Real Estate Impartial Referee Program** - The Real Estate Division proposes an Impartial Referee Program in the Ombudsman's Office for Common Interest and Condominium Interest Homeowners to resolve disputes involving Homeowners Association issues.
11. **Update Industrial Relations NV Med Fee Schedule** - The division requests funds to have a vendor compile data on a national basis and provide recommendations re: updating fees and charges for medical treatment and service included in NV Med Fee Schedule.

B&I - BUSINESS AND INDUSTRY - The Director's Office administers department programs and regulatory activities in a manner that provides prompt and efficient service to the public and regulated entities.

Division Budget Highlights:

B&I - INDUSTRIAL DEVELOPMENT BONDS

101-4683

PROGRAM DESCRIPTION

The Director's Office administers bond programs to include the Industrial Development Revenue Bond program to improve access to capital and promote business development and expansion in the state. The Director also is responsible for the allocation of bonding authority (known as Volume Cap) between competing state and local interests. Fees from this program are used for the development or enhancement of programs within the department as mandated under NRS 232.522.

BASE

This request continues funding for associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

NEVADA HOME RETENTION PROGRAM

101-4679

PROGRAM DESCRIPTION

ENHANCEMENT

E225 EFFICIENT AND RESPONSIVE STATE GOVERNMENT

This requests the use of Mortgage Settlement funds through the Attorney General's Office to fund a proposed Home Retention Program to specifically attack the cause of Nevada's Housing problems. There is approximately \$11 billion in negative equity, "underwater mortgages," with around 52,000 homes seriously delinquent. This program is being developed to attack the negative equity refinancing Nevadans into new fixed "market rate" loans. The Directors Office at Business and Industry is working with subject matter experts, state and federal agencies and programs, along with the banking/investment sectors, to facilitate a program just for Nevada. The Attorney General's office has approved \$49 million of mortgage settlement funds to Business and Industry to create this program. The Department is developing a program to leverage these funds with others to create the biggest impact for Nevada.

B&I - INSURANCE DIVISION - The Insurance Division protects the rights of Nevada consumers in dealing with the insurance industry and ensures the financial solvency of insurers. In order to fulfill its mission, the division advances a sound regulatory environment that is responsive to the insurance needs of Nevada.

Division Budget Highlights:

- 1. **Clarify Insurance Fraud Assessment Requirements** - The Insurance Division submitted a BDR to revise language in Chapter 679B of NRS to clarify the applicability of the assessment for the Special Investigative Account to insurers which hold a certificate of authority but have zero or negative written premium, current language exempts them.

ENHANCEMENT

E226 EFFICIENT AND RESPONSIVE STATE GOVERNMENT

This request restores revenue anticipated for the Insurance Fraud Assessments. There was a lawsuit decision in the Nevada 1st District Court, based on NRS 679B, that was determined Insurance Companies who have a license to issue insurance policies in Nevada, but write no premiums during the calendar year, are not required to pay the \$500 Insurance Fraud assessment as they had been paying each year. The division is projecting there will be a decrease of 369 companies required to pay the Insurance Fraud assessment due to this decision. A Bill Draft Request has been submitted to support this request, it revises the language to clarify that even those companies that do not write premiums in Nevada throughout the year are required to pay the Insurance Fraud Assessment . BDR 57-350 (DOA# 13A7411069). Eighty-five percent of the assessments collected is transferred to the Attorney Generals Office.

E744 ACA ENHANCEMENT

§1311(c)(1)(B) of the Affordable Care Act (ACA) requires the U.S. Secretary of Health and Human Services to certify the adequacy of network providers pursuant to §2702(c) of the Public Health Service Act for all qualified health plans. The Secretary subsequently divested that responsibility to the States, specifically to the state exchanges. Nevada currently has network adequacy provisions for HMO plans, regulated by the Board of Health under NRS 695C.080.

A bill draft request has been submitted to support this request.

B&I - INSURANCE EXAMINERS

504-3817

PROGRAM DESCRIPTION

The Insurance Examination Fund was established pursuant to NRS 679B.300 to provide for the examination of the affairs, transaction accounts, records, and assets of each authorized insurer. Each authorized insurer is examined not less than every five years and each insurer applying for an initial certificate of authority is examined. Examinations are of financial or market conduct and the examined company pays the cost of the examination plus an administrative fee designed to defray expenses incurred by the division. Statutory Authority: NRS 679B.230 - 679B.300.

BASE

This request continues funding for associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

B&I - CAPTIVE INSURERS

504-3818

PROGRAM DESCRIPTION

A captive insurer is an insurance company established and owned by a parent firm in order to insure its loss exposures while reducing premium costs, providing easier access to a reinsurer, and perhaps easing tax burdens. A risk retention group (RRG) and risk purchasing group (RPG) are similar insurers, owned by their members or purchase insurance as a group, respectively by virtue of federal law. The captive insurer section's budget was established by the 1999 Legislative Session. All fees and assessments received by the division pursuant to NRS 694C must be credited to the account. In addition, 25 percent of the premium tax imposed under NRS 694C.450 must be deposited for the regulation and supervision of captive insurers. Of that 25 percent, 2 percent is paid to the Commission on Economic Development for promotional services. At the end of each fiscal year, that portion of the balance in the account that exceeds \$500,000 must be transferred to the state General Fund. Statutory Authority: NRS 694C and 695E.

B&I - INSURANCE EDUCATION & RESEARCH

504-3824

PROGRAM DESCRIPTION

The Insurance Education and Research account was established to fund: insurance education and research; consumer and producer education; and staff training and professional development for the Insurance Division. The budget also funds projects to educate the general public, insurance companies, licensees, and legislators through various publications such as newsletters, bulletins, guides, and public education multi-media campaigns. Statutory Authority: NRS 679B.305.

BASE

This request continues funding for two positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

B&I - NAT. ASSOC. OF INSURANCE COMMISSIONERS**504-3828****PROGRAM DESCRIPTION**

The National Association of Insurance Commissioners account provides funding to assist the Insurance Division with the costs necessary to communicate and participate in insurance issues on a national level with insurance officials from other states, provinces, or countries. As a member of the National Association of Insurance Commissioners (NAIC), state representatives are assigned to various committees and task forces for the purposes of resolving insurance problems affecting many states and developing uniform model laws and regulations. The fund helps pay for the reasonable and necessary travel and related expenses incurred by state staff to attend association meetings as well as staff training associated with national accreditation standards. Statutory Authority: NRS 680B.070.

B&I - INSURANCE COST STABILIZATION

504-3833

PROGRAM DESCRIPTION

The Insurance Cost Stabilization develops methods of stabilizing prices for property and casualty insurance, encourages competition, ensures adequate insurance is provided at reasonable rates, sets financial standards for insurance companies, ensures the financial solvency of insurers, and reviews rates. The division must make this information available to the public and must present a report of findings to the Legislature. Statutory Authority: NRS 679B.450.

BASE

This request continues funding for one position and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

B&I - SELF INSURED - WORKERS COMPENSATION**210-4684****PROGRAM DESCRIPTION**

The Self-Insured Workers Compensation Program establishes requirements for self-insured employers and regulate the self-insured programs. NRS 616B.300 provides that qualified employers and groups of employers may self-insure their workers' compensation programs for industrial insurance and occupational diseases in lieu of participation in the private insurance market. Statutory Authority: NRS 616B.300.

BASE

This request continues funding for four positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

B&I - INDUSTRIAL RELATIONS DIV - The mission of the Division of Industrial Relations (DIR) is to promote the health and safety of Nevada employees, and to ensure that injured employees receive all benefits to which they are entitled.

Division Budget Highlights:

- 1. **Increase Safety Inspectors Pay** - Due to a significant difference in pay between private and public safety inspectors, recruiting and retaining experienced/qualified inspectors is difficult. The division is requesting a 10 percent increase for Safety Inspectors, with adjustments for compaction issues in the supervisory staff.
- 2. **Replace Industrial Relations Versa System** - The division requests replacement of the Versa System for the Mechanical Unit with the Jurisdiction Online. The Versa system is not meeting the permit processing needs that are critical to the NV OSHA Mech Unit and to budget for ongoing system costs.
- 3. **Update Industrial Relations NV Med Fee Schedule** - The division requests funds to have a vendor compile data on a national basis and provide recommendations re: updating fees and charges for medical treatment and service included in NV Med Fee Schedule.

B&I - INDUSTRIAL RELATIONS

210-4680

PROGRAM DESCRIPTION

The Industrial Relations Division consists of the Administrator's Office, the Workers' Compensation Section (WCS), and the Legal Section. The WCS regulates Nevada's workers' compensation programs to ensure that injured workers receive timely and accurate delivery of wage loss compensation, physical impairment compensation, medical compensation, and rehabilitation benefits through a comprehensive program of training, auditing, investigation, and enforcement. The WCS is also responsible for the regulation of self-insured employers, associations of public and private self-insured employers, private workers' compensation carriers, third party administrators, managed care organizations, and health care providers. The WCS Compliance Unit enforces the statutory requirement that all employers with one or more employees maintain a policy of workers' compensation. In a non-regulatory capacity WCS oversees the administration of uninsured claims.

BASE

This request continues funding for sixty-eight positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

E226 EFFICIENT AND RESPONSIVE STATE GOVERNMENT

This request funds a contract to compile data on a national basis and provide recommendations re: updating fees and charges for medical treatment and services included in the Nevada Medical Fee Schedule. The regulations/statutes state that the fees need to be reviewed/surveyed by an unbiased organization periodically. Periodically was not defined, and it has been ten years since the last study. Fees are reviewed annually and adjusted by the Medical Consumer Price Index. The Division of Industrial Relations has been doing this for ten years, as stated above regulations state that the fees would be surveyed/reviewed periodically.

Providers and organizations (i.e. hospital associations) have requested that the state (i.e. Division of Industrial Relations) complete a study to confirm/validate the medical rates.

PROGRAM DESCRIPTION

The Occupational Safety and Health Administration (OSHA) enforces occupational safety and health standards promulgated under the Nevada Occupational Safety and Health Act. OSHA ensures the safe and healthy working environments for Nevada employees by conducting workplace inspections and investigations. OSHA staff investigate employee safety and health complaints, employee discrimination complaints, and industrial accidents. Boiler, elevators, pressure vessels, and all other related equipment are inspected by the mechanical staff.

BASE

This request continues funding for 106 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

E807 CLASSIFIED POSITION RECLASSIFICATIONS

This request funds a 10 percent pay increase, with adjustments for compaction issues within the supervisory staff, for Safety Specialist positions. NV OSHA has a difficult time recruiting and retaining experienced and qualified inspectors due to the significant difference in pay between private safety inspectors and state inspectors.

B&I - SAFETY CONSULTATION AND TRAINING

210-4685

PROGRAM DESCRIPTION

The Safety Consultation and Training Section (SCATS) assists Nevada's employers to develop and implement effective safety and health programs and reduce workplace hazards by identifying unsafe or unhealthy working conditions through on-site safety and health consultations. Additionally, SCATS offers formal classroom safety and health regulatory awareness training sessions for employers and employees, and provides informational services and technical advice. The primary goal of SCATS is to strive to ensure Nevada workers are provided with safe and healthy working conditions. Statutory Authority: NRS 618.

BASE

This request continues funding for thirty positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.
