The Three Lakes Valley Correction Center (TLVCC) is a minimum custody facility, adjacent to the Southern Desert Correctional Center (SDCC) at Indian Springs. This institution initially opened in 1982 as Indian Springs Conservation Camp with the opening of SDCC. At that time, the facility housed a male inmate population in an open bay facility. The institution opened with a 108 bed capacity, but was expanded to 150 beds in 1990. In 1994, the camp layout was restructured for better security and the capacity was increased to 248 inmates; then, in 2007, it was expanded to a capacity of 404 inmates. In 2008, the facility was renamed Three Lakes Valley Correction Center (TLVCC), and in 2010, TLVCC was expanded further to incorporate a new facility that increased its total capacity to 594 inmates. The inmates at TLVCC support the Nevada Division of Forestry's (NDF) programs for conservation and fire suppression. In addition to the NDF program, there is the Program of Regimental Discipline (commonly known as the "Boot Camp") which routinely accommodates about sixty-five offenders in a military style program that includes intensive instruction in discipline, respect, motivation, leadership, life skills, substance abuse counseling, and physical exercise as an alternative to standard incarceration.

PROGRAM DESCRIPTION

The Wells Conservation Camp (WCC), located approximately twelve miles east of Wells, was opened in October 1985 and houses an all male minimum custody population in an open facility. Inmates can obtain credit by attending General Education Diploma or high school classes. Self help programs such as anger management and substance abuse are also available. The inmate crews support the Nevada Division of Forestry program by working on conservation projects and fire suppression activities.

BASE

This request continues funding for twelve positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

NDOC - JEAN CONSERVATION CAMP

101-3748

PROGRAM DESCRIPTION

The Jean Conservation Camp (JCC) houses female minimum custody inmates. Its parent institution is the Florence McClure Womens' Correctional Center (FMWCC), which is forty-five miles away. The inmates housed at this facility support the Nevada Division of Forestry program for conservation and fire suppression. The camp was originally occupied in August 1988. New construction, completed in the spring of 1999, replaced existing housing units and increased capacity from 112 to 240 inmates. JCC was converted to a female institution when the High Desert State Prison opened in September 2000.

BASE

This request continues funding for fifteen positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

NDOC - SILVER SPRINGS CONSERVATION CAMP

101-3749

PROGRAM DESCRIPTION

The Silver Springs Conservation Camp (SSCC) is a minimum security, female custody facility, located approximately thirty miles east of Carson City. The facility was authorized by the 1989 Legislature and opened in September 1991. Inmates worked primarily for the Nevada Division of Forestry on conservation, fire suppression, and public service projects. The Warden of the Warm Springs Correctional Center administered SSCC with a Correctional Lieutenant and Sergeant providing on-site management. With a declining female inmate population, SSCC closed in July 2008 and the remaining inmates were transferred to other institutions.

BASE

This request continues funding at the current level. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

The Carlin Conservation Camp (CCC), located approximately one mile east of Carlin, was opened in July 1988 and houses an all male minimum custody population in an open facility. Inmates can obtain credit by attending General Education Diploma or high school classes. Self help programs such as anger management and substance abuse are also available. The inmate crews support the Nevada Division of Forestry program by working on conservation projects and fire suppression activities.

BASE

This request continues funding for twelve positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

NDOC - TONOPAH CONSERVATION CAMP

101-3754

PROGRAM DESCRIPTION

The Tonopah Conservation Camp (TCC) was opened in 1990 as a minimum custody camp with a capacity of seventy-two to house male inmates. The facility was later expanded to house a capacity of 150 inmates. Inmate work crews support the Nevada Division of Forestry's program of conservation, fire suppression, and public service projects within an immediate geographical area. TCC currently offers some adult basic educational services. The Warden of High Desert Correctional Center administers TCC with a Correctional Lieutenant providing on-site management.

BASE

This request continues funding for twelve positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

NDOC - OFFENDERS' STORE FUND

240-3708

PROGRAM DESCRIPTION

The Offenders' Store Fund (OSF) is a special revenue fund generated by proceeds from the inmate stores and coffee shops, located at most of the institutions, as well as the inmate telephone system. The account funds its own inventory, operating costs, data processing costs, travel, and equipment. Profits from the operations are transferred to the Inmate Welfare Fund, budget account 240-3763, to maintain the inmate law libraries and for the welfare and benefit of all inmates. In addition, costs absorbed by the Medical Division and the Director's Office on behalf of indigent inmates are reimbursed by the profits from OSF. Statutory Authority: NRS 209.221.

BASE

This request continues funding for 56.06 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

NDOC - INMATE WELFARE ACCOUNT

240-3763

PROGRAM DESCRIPTION

The Inmate Welfare Fund (IWF) is a fiduciary fund that is supplemented by profits transferred from the Offender's Store Fund, budget account 240-3708. The IWF provides funding such as the law libraries, recreational programs, satellite television, drug/alcohol rehabilitation programs, and costs associated with the Medical Division and the Director's Office on behalf of indigent inmates. Statutory Authority: NRS 209.221.

BASE

The base budget continues funding for eighteen positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

NDOC - PRISON INDUSTRY

525-3719

PROGRAM DESCRIPTION

The mission of Prison Industries (Silver State Industries) is to reduce government operating costs, provide inmates the skills necessary to successfully re-enter society, and enhance the safe operation of correctional facilities. To fulfill its mission, Prison Industries operates as a self-supporting operation, providing meaningful work and job training for prison inmates in the production of goods and services at little or no direct cost to the taxpayer. Operations include furniture and metal fabrication shops at Northern Nevada Correctional Center (NNCC), a printing/bindery shop at NNCC, a garment sewing factory and mattress factory at Lovelock Correctional Center, a drapery sewing shop at Ely State Prison, and an automobile refurbishing/repair and motorcycle manufacturing/repair shop at Southern Desert Correctional Center (SDCC). Prison Industries also operates used playing card recycling operations at Warm Springs Correctional Center, High Desert State Prison (HDSP), and SDCC. In addition, the Department of Motor Vehicles operates a license plate plant at the Nevada State Prison. Private businesses utilize inmates as part of the Prison Industries program. Approximately four hundred inmates work in Prison Industries' programs.

BASE

This request continues funding for twenty-two positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

NDOC - PRISON RANCH

525-3727

PROGRAM DESCRIPTION

The mission of Prison Industries (Silver State Industries) is to reduce government operating costs, provide inmates the skills necessary to successfully re-enter society, and enhance the safe operation of correctional facilities. To fulfill its mission, Prison Industries operates as a self-supporting operation, providing meaningful work and job training for prison inmates, in the production of goods and services, at little or no direct cost to the taxpayer. One of Prison Industries' operations is the Prison Ranch. The Prison Ranch is self-supporting; operating from revenue derived from processed milk sold to the Department of Corrections and other state agencies, as well as from the sale of cream and surplus raw milk to private vendors. Additional income is generated from the sale of livestock, renting unused grazing land, and boarding of both estray horses (Department of Agriculture) and wild horses (Bureau of Land Management), until they have been adopted or sold to private individuals or moved to another holding facility. The Prison Ranch currently provides work for forty-six inmates.

BASE

This request continues funding for five positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DEPARTMENT OF MOTOR VEHICLES - The Department of Motor Vehicles' (DMV) mission is to modernize and reinvent DMV services through technology, innovation, customer service, and training while guarding against fraud and protecting the driving public through licensing and intervention practices while protecting the privacy of DMV records.

Department Budget Highlights:

1. **Maintain Adequate Level of Window Technicians** - The Field Services Division wishes to maintain the twenty-five window technician positions approved by the Interim Finance Committee in fiscal year 2013 to keep customer wait times down and to continue providing efficient and effective customer service.
2. **Establish a Self-Funded License Plate Program** - To ensure customers are charged a fee that is representative of the actual cost to produce the license plate and no longer subsidize the actual cost with Highway Fund appropriations.
3. **Add Four Programmer Positions** - To increase needed support for the Vehicle Information Database and to address over five years of backlog of major information technology projects as well as additional programming required due to new legislation and federal mandates.
4. **Vehicle Registration Mandate for Dealers** - The department seeks legislation to require dealers to allow Nevada citizens to register a new vehicle without visiting a DMV office. This legislation would mandate dealer participation in the existing Electronic Dealer Report of Sale program, which is currently voluntary.

DMV - DIRECTOR'S OFFICE**201-4744****PROGRAM DESCRIPTION**

The mission of the Department of Motor Vehicles (DMV) is to modernize and reinvent DMV services through technology, innovation, customer service, and training while guarding against fraud, and protecting the driving public through licensing and intervention practices while insuring privacy protection of DMV records. The Director's Office establishes policy for the department and directs and controls the operations of the agency. The Director's Office handles all media inquiries through the Public Information Officers. Additionally, internal controls, review of operations, department policies and procedures, and the personnel and training units fall under the responsibility of this office. Statutory Authority: NRS 481.031; 481.035; 481.047; 481.0473; 481.051; 481.052; and 481.055.

BASE

This request continues funding for twenty-four positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DMV - REAL ID**201-4746****PROGRAM DESCRIPTION**

During the 2007 Legislative Session, the REAL ID budget account was established for tracking expenditures related to the implementation of the REAL ID Act. Since that time, several grants have been awarded for improving the security and integrity of data collected during the drivers license and identification card issuance process. Grant funds will be used to work towards meeting full compliance with Department of Homeland Security (DHS) regulations, to further enhance information technologies and processes, and improve the efficiencies of the drivers license and identification card issuance process. All grant funds awarded will assist Nevada in meeting state and federal laws, and DHS regulations.

BASE

This request continues funding for program operating costs. One-time expenditures have been eliminated and partial year costs have been annualized. Federal grants supporting this account will end in FY 2014.

DMV - HEARINGS

201-4732

PROGRAM DESCRIPTION

The Department of Motor Vehicles, Hearings Office ensures the public's right to an administrative hearing on issues that range from the suspension or revocation of a citizen's driving privilege or vehicle registration to the revocation or suspension of a license to conduct business involving motor vehicles in the State of Nevada. Administrative law judges assigned to this division are the presiding officers in the adjudicative proceedings. Their decisions may significantly affect public interest and the lives and property of thousands of Nevadans. The department initiates and conducts all hearings in a timely, fair, and impartial manner. The program is supported primarily from Highway Fund revenues. Statutory Authority: NRS 366, 445B, 481, 482, 483, 484, 485, 487, and 706. All administrative hearings are conducted in accordance with and pursuant to the provisions in the Nevada Administrative Procedures Act, Chapter 233B.

BASE

This request continues funding for twelve positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DMV - ADMINISTRATIVE SERVICES

201-4745

PROGRAM DESCRIPTION

The Administrative Services Division is charged with providing professional, timely, and accurate support services to the Director, various divisions of the department, and other associated agencies. Support services include fiscal accounting, budgeting, travel arrangements, payroll, warehousing, inventory control, mail services, purchasing services, contract management, facilities management, revenue collection, revenue distribution, and bad debt service. Through its centralized functions, it provides services to all divisions within the department. With the centralized services, the department is able to ensure consistency, accuracy, and compliance with laws and regulations for all divisions in these service areas.

BASE

This request continues funding for forty-eight positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DMV - COMPLIANCE ENFORCEMENT

201-4740

PROGRAM DESCRIPTION

The Compliance Enforcement Division is the regulatory arm of the Department of Motor Vehicles (DMV). The main function of this account is to support the activities of division investigators whose primary purpose is to regulate the automobile industry as it relates to the sale or transfer of ownership of vehicles and to investigate fraudulent issues relating to department documents. In addition, this account is responsible for licensing and registering wreckers, salvage pools, and body shops as well as registering automobile repair garages. By conducting investigations, taking enforcement actions, and providing advice to members of the industry, investigators seek to gain voluntary compliance with the various laws and regulations governing the business practices of vehicle manufacturers, distributors, dealers, lessors, and salesmen, as well as preventing identity and other related fraud. Through education, audit, and enforcement, the Compliance Enforcement Division protects the interests of regulated businesses by eliminating unfair competitive and business practices while safeguarding the financial well-being of Nevada citizens by protecting property interests in vehicles and reducing instances of fraud and misrepresentation in connection with repairs, salvage, and disposal of motor vehicles. Division activities in this account for the biennium are primarily funded through a direct appropriation from the Highway Fund. Statutory Authority: NRS 481.0473, 481.0475, 481.048, Chapters 108, 482, 483, and 487.

BASE

This request continues funding for fifty-seven positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DMV - MOTOR VEHICLE POLLUTION CONTROL

101-4722

PROGRAM DESCRIPTION

The Compliance Enforcement Division, through budget account 4722, is responsible for ensuring compliance with Nevada's laws and regulations (Chapter 445B of the Nevada Revised Statutes and Nevada Administrative Code) as they relate to the vehicle emission standards in Clark and Washoe Counties. The division implements and enforces the on-road vehicle emissions portion of the state's Air Quality Program. The division carries out its role by providing training and certification of applicants seeking employment as Emission Inspectors; conducting audits and inspections at licensed emission stations; investigating potential program evaders; and applying appropriate sanctions against program violators. Additionally, the division cooperates with the various planning agencies (state and local) involved in the Air Quality Program to evaluate air quality standards and identify strategies to improve them; participates in the Advisory Committee on the control of emissions from motor vehicles; and conducts periodic public information programs regarding motor vehicle emissions. Statutory Authority: NRS Chapter 445B, 481.0475, 481.0477, 481.0481, 482.461, and 482.465.

BASE

This request continues funding for thirty-seven positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DMV - MOTOR CARRIER

201-4717

PROGRAM DESCRIPTION

The Motor Carrier Division is responsible for ensuring compliance with Nevada's fuel tax laws by special fuel and motor fuel suppliers and motor carriers in order to collect and distribute the maximum amount of fuel tax revenue owed to Nevada. Additionally, the Motor Carrier Division is responsible for licensing all commercial vehicles over 26,000 pounds; licensing all vehicles with apportioned registrations; and conducting audits of motor carriers and fuel suppliers to ensure compliance with Nevada laws and regulations, the International Registration Plan (IRP), and the International Fuel Tax Agreement (IFTA). Statutory Authority: NRS 233B, 353C, 360A, 365, 366, 371, 373, 482, 590, and 706.

BASE

This request continues funding for fifty-two positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

ENHANCEMENT

E225 EFFICIENT AND RESPONSIVE STATE GOVERNMENT

This request temporarily diverts governmental services tax commissions to the General Fund and backfills with Highway Fund to keep the Motor Carrier account whole. This measure is one of many components necessary to support the Governor's priorities. A Bill Draft Request (BDR) has been submitted to support this request.

PROGRAM DESCRIPTION

The Management Services and Programs Division is a resource to help achieve the department's strategic plan goals and is responsible for developing regulations; drafting legislation; preparing fiscal notes, surveys, forms, and desk reference manuals; developing requests for proposals; and managing projects related to vehicle, driver, occupational, and business programs. This division develops policies and procedures for all Department of Motor Vehicles (DMV) divisions to ensure consistent and uniform program delivery. Division responsibilities also include support for the other divisions in the areas of strategic planning, research, coordination of regulation and statutory changes, and legislative interaction. Statutory Authority: NRS 481.019, 481.035, 481.0473, and 481.051.

BASE

This request continues funding for sixteen positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DEPARTMENT OF PUBLIC SAFETY - In partnership with the people of Nevada, the Department of Public Safety (DPS) provides services in support of protecting our citizens and visitors by promoting safer communities through prevention, preparedness, response, recovery, education, and enforcement.

Department Budget Highlights:

1. **New General Services Division** - Transfers the Dispatch and Court Warrant (NHP only) functions to the new division as the first phase to centralize shared support services; costs are allocated to using agencies.
2. **Consolidate Technology Services with EITS** - Transfers most Technology Division staff, costs and functions to the Enterprise Information Technology Services Division.
3. **Transfer Parole to NV Department of Corrections** - The parole function is proposed to transfer to Nevada Department of Corrections in order to provide an integrated continuum of care for inmates as they transition from the institution to the community.
4. **Reclassification of DPS Major** - As the Department of Public Safety Major positions function as Deputy Chiefs of large divisions, it is important for the Division Chiefs to have the flexibility to appoint their second-in-command.
5. **Modernize NV Criminal Justice Information System** - The current system is at risk of failure which affects law enforcement agencies. The modernization project is a massive undertaking, and the division does not have current staff to devote toward this project. This requests the continuation of the three Business Process Analyst positions.
6. **Replacement of Fleet Vehicles** - Approximately \$11.6 million is required to replace existing vehicles that have exceeded (or are expected to exceed) the mileage threshold (105,000 for sedans and 125,000 for trucks/SUVs).

DPS - DIRECTOR'S OFFICE**201-4706****PROGRAM DESCRIPTION**

The Department of Public Safety provides for the safety and security of the citizens of Nevada by: enforcing traffic laws and providing assistance on the public roadways; conducting investigations of criminal and narcotics-related activities; responding to natural and human-caused disasters; training peace officers; training fire and disaster response officers; assisting local governments in emergency preparedness; and monitoring and supervising parolees and probationers within the criminal justice system. The Director's Office establishes policy and provides leadership for the department and oversees the operations and administration of the eight Legislatively-created divisions of the department, and three offices. The Director's Office receives its statutory authority from NRS 480.100.

BASE

This request continues funding for two full-time sworn positions (Director and Deputy Director) and 30.53 civilian positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DPS - EVIDENCE VAULT

201-4701

PROGRAM DESCRIPTION

The Department of Public Safety (DPS) has three dedicated Evidence Vaults statewide to support all of its divisions. As a law enforcement operation, sworn officers regularly seize property, money, and contraband from individuals for evidentiary, safekeeping, or destruction purposes. This program secures and manages the evidence seized by DPS Sworn Staff. This budget is cost allocated to the participating divisions.

BASE

This request continues funding for six employees and associated operating costs. One-time expenditures have been eliminated and partial costs have been annualized.

PROGRAM DESCRIPTION

The Department of Public Safety, Highway Patrol Division receives several federal grants, which are administered through this budget account. The granting agency is the U. S. Department of Transportation, Federal Motor Carrier Safety Administration (FMCSA), whose focus is accident, fatality, and injury reduction of commercial motor vehicle (CMV) related crashes. These reductions are accomplished through consistent, uniform, and effective CMV safety programs. The federal grants include the Motor Carrier Safety Assistance Program (MCSAP) and the New Entrant Safety Audit Program (New Entrant). The MCSAP grant is committed to a reduction in the frequency and severity of CMV related crashes. Federal funds are used for MCSAP eligible activities designed to promote safety on Nevada highways by supporting enforcement of CMV regulations, CMV inspections, and CMV/non-CMV traffic enforcement. This grant requires a 20% soft match which is comprised of trooper time spent on MCSAP eligible activities. The New Entrant program is a continuing program to conduct safety audits of new CMV operators based in southern Nevada. This grant funds 100% of these activities which are supported by two positions.

Statutory Authority: NRS 480.300, 480.330, 480.340, and 480.360.

BASE

This request continues funding for ten positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DPS-INVESTIGATION DIVISION - The Investigation Division is a state law enforcement agency dedicated to public safety statewide. This is accomplished through the professional enforcement of controlled substance laws; by providing comprehensive investigative services to all criminal justice agencies; and, by supporting law enforcement and critical stakeholders statewide through the collection and dissemination of relevant and timely criminal and threat information. This mission is accomplished in an atmosphere of professional and ethical standards and a commitment to cooperation and mutual support between the Division and other criminal justice agencies and the citizens of Nevada. Statutory Authority: Nevada Revised Statutes (NRS) 480.140, 480.400 through 480.610, NRS 453.271, NRS 179; and primary enforcement of NRS Chapters 453 and 454.

Division Budget Highlights:

- 1. **Nevada Threat Analysis Center** - The role and responsibility of the Nevada Threat Analysis Center demands the creation of additional positions dedicated to its analytical component. The ability to effectively collect, analyze and disseminate information is a core capability assessed by the Department of Homeland Security.
- 2. **Eliminate Mesquite Task Force** - Late 2011, the Mesquite Police Department withdrew from the Southern Area Interdiction Narcotics Task Force, effectively dissolving the task force. As a result, the Sergeant position is proposed for elimination, while the officers have been reassigned to other task forces in southern Nevada.

DPS - DIVISION OF INVESTIGATIONS

101-3743

PROGRAM DESCRIPTION

The Department of Public Safety, Investigation Division, is a law enforcement agency with statewide jurisdiction dedicated to public safety. The primary missions of the division are to provide comprehensive investigative services upon request to all criminal justice agencies; to support law enforcement statewide through the collection and dissemination of relevant and timely criminal information; and to deter and disrupt the trafficking and availability of narcotics and dangerous drugs statewide through the supervision of and participation in multi-jurisdictional task forces within fourteen of Nevada's seventeen counties. Statutory Authority: Nevada Revised Statutes (NRS) 480.140, 480.400 through 480.610, NRS 453.271, NRS 179; and primary enforcement of NRS Chapters 453 and 454.

BASE

This request continues funding for fifty-three positions and associated costs. Of these fifty-three positions, thirty-six are sworn law enforcement positions and seventeen are non-sworn positions. One-time expenditures have been eliminated and partial year costs have been annualized.

DPS - EMERGENCY MANAGEMENT DIVISION

101-3673

PROGRAM DESCRIPTION

Under the authority of NRS 414, the Division of Emergency Management (DEM) coordinates the efforts of the state and its political subdivisions together in partnership with private and volunteer organizations and tribal nations in reducing the impact of emergencies. The DEM is given oversight and coordination responsibility for all statewide emergency preparedness, pre and post emergency mitigation efforts, and the development, review, approval, and integration of state emergency response planning. This includes the integration of volunteer organizations and the private sector in the state emergency management process as well as oversight of response exercises, training, and emergency operations planning. The DEM is responsible for assuring the state's readiness and ability to respond to and recover from natural and technological emergencies and disasters by assisting local governments with their emergency preparedness, response, and recovery efforts while providing a crucial link for accessing state and federal assistance and support. The division's operations also include those of the Office of Homeland Security.

BASE

This request continues funding for twenty nine positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

Since 2006, this budget account has been a pass-through account for federal funds received to reduce the impact of emergencies within the State of Nevada. This budget account also provides operational support to the Division of Emergency Management, budget account 3673 and the Office of Homeland Security, budget account 3675.

BASE

This request continues funding for ongoing program services at current grant levels and maintains operational support to the Division of Emergency Management. One-time expenditures have been removed and partial year expenditures have been annualized.

PROGRAM DESCRIPTION

The mission of the Nevada Office of Homeland Security is to collaborate, advise, assist, and engage with various federal, state, local, and tribal entities, private sector, non-governmental partners, and the general public to prevent, detect, and deter terrorism activity in order to minimize the impact on lives, property, and the economy. The Homeland Security Office was created by the 2003 Legislature, Assembly Bill 441. Statutory Authority: NRS 239C

BASE

This request continues funding for four positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DPS-RECORDS & TECHNOLOGY - Provides accurate, timely, and appropriate public safety information to the divisions within the department, to the law enforcement community and to the citizens of Nevada using technology.

Division Budget Highlights:

1. **New General Services Division** - Transfers the Dispatch and Court Warrant (NHP only) functions to the new division as the first phase to centralize shared support services; costs are allocated to using agencies.
2. **Consolidate Technology Services with EITS** - Transfers most Technology Division staff, costs and functions to the Enterprise Information Technology Services Division.
3. **Modernize NV Criminal Justice Information System** - The current system is at risk of failure which affects law enforcement agencies. The modernization project is a massive undertaking, and the division does not have current staff to devote toward this project. This requests the continuation of the three Business Process Analyst positions.
4. **Sex Offender Registry** - Due to an increase in the number of individuals required to register as a sex offender over the past several years, caseloads of existing staff have risen dramatically. These positions would reduce caseload to approximately 350-400 per employee and comply with state and federal mandates.
5. **Implement state rap back** - The Health Division has received a federal grant to streamline the background check process through the development of an online fingerprint submittal process and a rap back program.

Activity: Dispatch Services

Computer Aided Dispatch (CAD) is a method of dispatching public safety/emergency services assisted by computer. The central idea is that persons in a dispatch center are able to easily view and understand the status of all units being dispatched.

PROGRAM DESCRIPTION

Established by the 1985 Legislature, the Central Repository for Nevada Records of Criminal History is administered by the Department of Public Safety, Records and Technology Division, Records Bureau under the authority and provisions of NRS 179A and 179D. The Records Bureau administers the Nevada Criminal Justice Information System (NCJIS) and is the state's clearinghouse for criminal history record information, crime statistics, and information and activities which support a wide variety of public safety interests. In addition, it is the portal through which law enforcement statewide accesses criminal history record information of the Federal Bureau of Investigation (FBI) and other national and state criminal history databases. The bureau is a member of the Western Identification Network, a regional consortium of eight western states that share fingerprint images and criminal history record information, and is a participant in the FBI's Interstate Identification Index and in the National Crime Prevention and Privacy Compact for the release of criminal history record information for non-criminal justice purposes. The bureau is further designated as the Chief Law Enforcement Official for the purposes of administering the Brady Handgun Violence Prevention Act of 1993.

The repository includes the Uniform Crime Reporting program, the Point-of-Sale firearms program (Brady), the Nevada Domestic Violence Protection Order Registry, the Nevada Sex Offender Registry, the Civil Name Check Program, and the Program Development and Compliance Unit.

BASE

This request continues funding for seventy-nine positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DPS - TECHNOLOGY DIVISION

201-4733

PROGRAM DESCRIPTION

The 2007 Legislature formally codified the establishment of the Records and Technology Division within the Department of Public Safety with the passage of Senate Bill 38. The Technology Bureau provides to the department and statewide criminal justice agencies 24 hours per day, 7 days per week, and 365 days a year technical support; computer resources; application development; and connectivity. The bureau's fifty-three employees support approximately 18,500 users statewide. There are approximately 1,500 Department of Public Safety (internal) users and approximately 17,000 users that access a variety of applications through the Justice Link (JLink) message switch (a subset of which are also DPS users).

BASE

This request continues funding for fifty three positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DPS-FIRE MARSHAL - The mission of the State Fire Marshal is to protect life, property, and the environment from fires and hazardous materials in the State of Nevada.

Division Budget Highlights:

- 1. **Establishes a fine for fire protection contractors** - The proposed change will allow the State Fire Marshal Division to take intermediate action against a licensee when more than a warning is warranted, but closing the company is considered too extreme.

Total \$	3,651,257	3,722,289
Total FTE	23.01	23.01

Division Biennium Total by Core Function

Activity: Compliance and Enforcement

The division adopts the minimum standards of fire codes and regulations for the State of Nevada and enforces the state's fire laws. Compliance is ensured through licensing and certification programs, plan review services, and inspections. Enforcement is accomplished through fire origin and cause investigations as well as regulatory investigations.

DPS - STATE EMERGENCY RESPONSE COMMISSION

201-4729

PROGRAM DESCRIPTION

The mission of the State Emergency Response Commission (SERC) is to protect the citizens of the State of Nevada against the negative effects of hazardous materials. The SERC is the executive agency for Nevada's compliance with the Federal Superfund Amendment Reauthorization Act (SARA), Title III, also known as the Emergency Planning and Community Right-to-Know Act (EPCRA). As mandated by this Act, the SERC is responsible for collecting information from fixed facilities regarding the use and storage of hazardous materials. The information is provided to the public and first responders for both planning and reference purposes through a combined database coordinated with the State Fire Marshal's Office. Pursuant to NRS, fees are collected on the reports submitted. Funds support the Local Emergency Planning Committees (LEPCs) and state agencies with equipment, training, and planning activities needed to prevent and respond to hazardous material incidents. Statutory Authority: 42 U.S.C. 11001; NRS 459.735 through NRS 459.744.

BASE

This request continues funding for two positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

The Cigarette Fire Safety Standard and Firefighter Protection Fund is a special revenue fund for the purpose of supporting fire safety and fire prevention programs. This fund was created through Assembly Bill 229 of the 2009 Legislative Session. NRS 477.172 through 477.250 authorizes this budget and allows the State Fire Marshal Division to enforce regulations concerning the standards for fire-safe cigarettes; and all such cigarettes sold in Nevada must be certified by the State Fire Marshal Division. The division may expend money in the fund to support fire safety and fire prevention programs.

BASE

This request continues funding for this program. One-time expenditures have been eliminated and partial year costs have been annualized.

DPS-TRAFFIC SAFETY - Provides funding and expertise, creates partnerships, and promotes education to reduce deaths and injuries and property damage on Nevada roadways.

Division Budget Highlights:

- 1. **Increase fee for motorcycle training** - The maximum fee of \$150 was set in 1990 and has not been increased since its adoption. Annual inflation since 1990 has caused an increase in costs over time. This increase will allow sponsors to continue offering training courses without any further negative impact on program reserves.

DPS - TRAFFIC SAFETY

101-4687

PROGRAM DESCRIPTION

The Governor was given the power to establish the Office of Traffic Safety in order to secure the full benefits available under the Federal Highway Safety Office programs. Funds are authorized by Congress at or near the beginning of each federal fiscal year. Funds are expended on a reimbursement basis to local and state agencies that were awarded grants based upon the merit of their proposals to mitigate traffic safety problems in their jurisdictions. Proposals selected implement public information, awareness, and education campaigns; and fund innovative traffic enforcement programs and other community based countermeasures to improve traffic safety. Statutory Authority: NRS 223.200

BASE

This budget receives funding from federal grants and functions as a pass-through account to other state and local government entities.

DPS - HIGHWAY SAFETY PLAN & ADMIN

101-4688

PROGRAM DESCRIPTION

The Department of Public Safety, Office of Traffic Safety obtains, administers and sub-grants to state and local government entities and non-profit agencies, funds from the U.S. Department of Transportation. The mission of the office is to influence the driving behavior of Nevada's citizens through educational programs and the enforcement of traffic laws. The funding is also used to purchase limited equipment for emergency medical response and conduct first responder training. Statutory Authority: NRS 223.200.

BASE

This request continues funding for ten positions and associated operating costs as well as internal federal grants and projects. One-time expenditures have been eliminated and partial year costs have been annualized.

DPS - MOTORCYCLE SAFETY PROGRAM

101-4691

PROGRAM DESCRIPTION

The Department of Public Safety, Office of Traffic Safety, Motorcycle Safety Office plans and administers a safety program that includes motorcycle training for new and experienced riders. The program administrator consults regularly with the Governor's Motorcycle Advisory Board concerning the content and implementation of the program, approves course instruction programs and adopts rules and regulations necessary to carry out the program. The program also includes education of the driving public to increase awareness of motorcycles on our highways. Statutory Authority: NRS 482.480 and 486.372-377

BASE

This request continues funding for two employees and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

The Department of Public Safety (DPS), Office of Criminal Justice Assistance (OCJA) obtains, administers, and sub-grants to state and local government agencies grant funds from the U.S. Department of Justice for programs that address illegal drug use, trafficking, violent crime, and improvement of the functioning of the criminal justice system. The objective is to coordinate education, prevention, treatment, and law enforcement to achieve a comprehensive solution to the problems of drug abuse and violent crime. Funding for this budget comes primarily from federal grants with a partial match from General Fund appropriation. Created by the Anti-Drug Abuse Act of 1986, Section 1308 of the Act states that the chief executive of each state shall designate a State Administrative Agency (SAA). In 1987, the Office of Criminal Justice Assistance was designated by the Governor as the SAA for Nevada. In November of 2000, the Office of Criminal Justice Assistance was designated by the Governor as the state coordinator for the 1033 Department of Defense Excess Property Program, and the state point of contact for the 1122 General Services Administration (GSA) Purchasing Program. Statutory Authority: NRS 480.800

DPS - FUND FOR REENTRY PROGRAMS

101-4737

PROGRAM DESCRIPTION

The Fund for Reentry Programs was created during the 2009 Legislative Session with the passage of Senate Bill 236. The Office of Criminal Justice Assistance (OCJA) is the designated agency to accept donations, gifts, bequests, grants, and other sources of funds to carry out service programs for the reentry of persons into the community upon their release from incarceration, and necessary administrative costs. Programs may include, but are not limited to, transitional housing, training in life skills, vocational rehabilitation, access to self-help groups, social services for families and children, preventing domestic violence, maintaining emotional and physical health, and preparing for and obtaining employment. Statutory Authority: NRS 209.4889.

BASE

This request continues authority to collect and distribute funds received for reentry programs.

COLORADO RIVER COMMISSION - The Colorado River Commission (CRC) of Nevada serves communities of the state by responsibly managing and protecting our Colorado River water and power resources.

Department Budget Highlights:

- 1. **Remarketing Hoover Dam Power Allocation** - To maximize the benefit to Nevada from the federal Hoover Power Allocation Act of 2011, the department adds three positions for the remarketing and transmission system workload.

Activity: Hydropower Activities

The hydropower activities include scheduling Nevada hydropower allocations from federal dams along the Colorado River and providing this important resource to Southern Nevada entities. Protecting the resource includes activities related to the generation and deliverability, and participation in all related federal and interstate forums.

CRC - COLORADO RIVER COMMISSION

296-4490

PROGRAM DESCRIPTION

The Colorado River Commission is empowered to acquire, manage, and protect all of Nevada's water and hydropower resources from the Colorado River. In addition, it is to provide electric power resources to certain customers from any available source for needs over and above the hydropower allocations. These resources are primarily centered in and benefit Southern Nevada. The Colorado River Commission Fund acts as the general fund for all Commission activities. All personnel costs for Commission staff and all of the basic activities and functions performed in fulfilling the Commission's legislative mandate are recorded in this account. The Commission is entirely funded by its customers and receives no state or federal funds in carrying out its activities. The Colorado River Basin states are in constant contact regarding the issues of the lower basin; the bulk of Commission travel occurs in California and Arizona. In addition, the Commission has extensive involvement with a number of agencies of the federal government, including the Department of Interior, Department of Energy, Bureau of Reclamation, Western Area Power Administration, U.S. Fish and Wildlife Service, Environmental Protection Agency, Bureau of Land Management, National Park Service, and others. Statutory Authority: NRS 538.

BASE

This request continues funding for thirty-eight employees and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

CRC - RESEARCH AND DEVELOPMENT

296-4497

PROGRAM DESCRIPTION

The Research and Development Fund funds engineering studies, analyses, negotiations, and other efforts in protecting the interests of the state in the development of any of the resources under the control of the Colorado River Commission (Commission). This fund is now used primarily for specific resource programs of the Commission. Expenditures are approved and funded on an individual basis through contractual agreements with Commission customers. In addition, some small projects may be funded from this account as approved by the director. Currently, the funds is only used as a pass-through account for the costs related to the Lower Colorado River Multi-Species Conservation Program (LCRMSCP). Funding is provided to the Commission by its water and power contractors in accordance with the Multi-Species funding contracts.

The Commission has been involved with the LCRMSP since its inception and is now providing Nevada's share of the program funding and continues to monitor and provide input in the process. The implementation of the program is at the federal level with oversight from the non-federal funding entities. Statutory authority: NRS 538.

BASE

This request continues funding for the Lower Colorado River Multi-Species Conservation Program, which is now in the implementation phase after many years of development.

CRC - POWER DELIVERY SYSTEM

502-4501

PROGRAM DESCRIPTION

This delivery system represents activity related to the Power Delivery Project. This project is a high voltage transmission, transformer, and distribution system designed and tied into the Southern Nevada Water Authority's (SNWA) water delivery system. This fund accounts for all of the power purchases for the water deliveries in Southern Nevada and for all of the operation and maintenance costs associated with the project. The funding for this activity is provided by the SNWA under a funding contract. The SNWA contracts for and funds this activity, approving detailed line item costs at the beginning of each year. Statutory authority: NRS 538.

BASE

This request continues funding for the Power Delivery System at the current level.

CRC - POWER MARKETING FUND

505-4502

PROGRAM DESCRIPTION

The Power Marketing fund is required by the bond resolution authorizing the financing of Nevada's share of the cost of upgrading the generating facilities at Hoover Dam. It is used to record purchases and sales of power, debt service related to the Hoover Upgrading Bonds, and operational costs of the Basic Substation project. This fund accounts for all power related activities except those dedicated to the Southern Nevada water system and its customers. All transactions related to all other customers of the Commission are recorded in this account. All hydropower allocations to the State of Nevada, administered by the Commission, are recorded in this account. Statutory Authority: NRS 538.

BASE

This request continues funding for the Power Marketing Fund at the current level.

TAHOE REGIONAL PLANNING AGENCY - The Tahoe Regional Planning Agency cooperatively leads the effort to preserve, restore, and enhance the unique natural and human environment of the Lake Tahoe Region now and in the future.

Department Budget Highlights:

- 1. **TRPA Planned Activites - Tahoe Basin** - Increase monitoring and reporting efforts, Implementation of Forest Fuels reduction plan, increase in North Shore monitoring, and continued emphasis on Tahoe's Aquatic Invasive Species program highlight the agency's priorities for the coming biennium.
- 2. **Tahoe Regoinal Plan** - The Lake Tahoe Regional Plan was adopted in December 2012. This plan includes an election by local governments to adopt plans conforming to the Regional Plan as the basis for delegating permitting activities for most smaller projects to local jurisdictions.

Activity: Administrative Support

The agency's administrative support team performs all administrative support within the agency. This includes Governing Board Clerical services, Executive support, Legal, Communications, and facilities support. This is classified as Resource Management because all the TRPA staff supported are engaged in Resource Management.

TAHOE REGIONAL PLANNING AGENCY

101-4204

PROGRAM DESCRIPTION

Jointly created by the States of Nevada and California and the U.S. Congress, the Tahoe Regional Planning Agency's (TRPA) mission is to cooperatively lead the effort to preserve, restore, and enhance the unique natural and human environment of the Lake Tahoe region now and in the future. TRPA's vision is to have a lake and environment that is clean, healthy and sustainable for the community and future generations. Under the compact, Nevada pays one-third of the State of California/Nevada costs to support TRPA's operation. As a planning agency, TRPA has the power to exercise effective environmental controls and perform other essential functions over the water, land, air, wildlife and development of the Lake Tahoe region. Starting in 1997, with the Nevada and California Governors' Memorandum of Understanding and the Presidential forum, TRPA has led the cooperative efforts of funding the Environmental Improvement Program. Statutory Authority: NRS 277.190 - 277.220s.

BASE

This request continues funding to approximate base funding levels for the TRPA that include funding for a representative staff of 64.90 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized to reflect practices adopted by the State of Nevada in their biannual budget process. Approximations of TRPAs base level expenditures is necessary since the TRPA is not a Nevada State agency, but a bi-state governmental agency, in partnership with California and Nevada; is not incorporated into either state's financial accounting or personnel systems, and the TRPA's operational expenditures are not executed through either Nevada's or California's budget tracking systems.

DEPARTMENT OF CONSERVATION & NATURAL RESOURCES - The Director's Office provides leadership, direction and administrative support to the department's agencies in order to assist them in offering the best possible service to the public.

Department Budget Highlights:

- 1. Provide Resource Management and Protection** - Through initiatives such as the Wildland Fire Protection Program and the Sagebrush Ecosystem Program, the Department continues its commitment to providing effective management of Nevada's natural resources to help ensure availability now and in the future.
- 2. Increase Support to Conservation Districts** - The department supports increased support to the state's conservation districts through additional staff and increased grant allocations and planning assistance. A competitive grant pool of \$40,000 will also be established for conservation districts working on sagebrush ecosystem projects.
- 3. Increase Water Adjudication Staff** - The division is expanding its Adjudication Section by five professional and technical staff to assist in quantifying existing rights, minimizes uncertainty associated with water availability, assist in mitigating water demands for future projects, and limit state liability in water issues.
- 4. Continue Wildland Fire Protection Program** - This program will provide wild land fire management services and natural resource health and restoration resources/expertise to all participating Nevada counties and jurisdictions. The program provides aerial and ground fire suppression capabilities and fire prevention planning services.
- 5. Protecting Environmental and Public Health** - Providing programs enhanced by staff additions paid for by existing fees and reimbursements, the Department, through its Division of Environmental Protection, is able to improve its needed capacity in the air, safe drinking water, and corrective action bureaus.
- 6. Recreational Use of Nevada's Public Lands** - Continued entrepreneurial efforts in the Division of State Parks provides funding of critical deferred maintenance projects, reinstatement of a State Parks Training Academy, as well as investment in improved construction and maintenance staffing to advances services to residents and visitors alike.
- 7. Establish Sagebrush Ecosystem Program** - The DCNR Director spearheads a key Governor initiative establishing a 5-agency multidisciplinary, inter-agency Sagebrush Ecosystem Team that includes Agriculture, Minerals, State Lands, and Forestry to address the potential listing of the Greater Sage-Grouse on the federal species endangered list.

PROGRAM DESCRIPTION

The Comstock Historic District Commission's mandate is to encourage preservation of the Comstock Historic District, one of the nation's largest and most significant landmarks. It is also one of the most visited historic sites in the state, second to Hoover Dam. The commission issues construction permits, educates the public, and promotes special programs. The commission considers requests for Certificates of Appropriateness, which property owners are required by statute to obtain before initiating exterior changes to existing structures or constructing new ones. The commission gives guidance to federal agencies working within the district, and provides public education focused on historic resources. Statutory Authority: NRS 384.

E805 CLASSIFIED POSITION RECLASSIFICATIONS

This request funds the reclassification of an Accounting Assistant II position to a Public Information Officer (PIO) I. During difficult budget challenges, the Director's Office found it necessary to cut its PIO II position. It is essential that a large and varied department such as DCNR have the capacity to communicate with, and educate its stakeholders and regulated communities. This also reclassifies an Accounting Assistant II, transferred from NDEP Administration, to an IT Tech IV position within the Director's Office.

PROGRAM DESCRIPTION

The Conservation Districts Program and the State Conservation Commission regulate the activities of Nevada's twenty-eight locally elected conservation districts. Conservation districts work for the proper development and conservation of the state's renewable natural resources by taking available technical, financial, and educational resources and coordinating them so that they meet the needs of individual landowners and users. They often work in cooperation with counties, the U.S. Department of Agriculture's Natural Resources Conservation Service, and other public and private agencies for conservation of soil, water, and related resources. Statutory Authority: NRS 548, 232.090, and 232.125.

BASE

This request continues funding for four full-time equivalent (FTE) position and associated operating costs. One-time expenditures have been eliminated, and partial year costs have been annualized.

DCNR - PARKS DIVISION - The Division of State Parks provides safe outdoor recreation opportunities for the use, enjoyment, and education of current and future generations, while providing economic benefit to the state and local communities. The division also preserves and protects scenic, historic and scientifically significant areas in Nevada.

Division Budget Highlights:

- 1. **Maintain Self Supporting Fund** - The Division continues entrepreneurial efforts undertaken in the current biennium to maintain self-supporting sales outlets to fund parks' programs, including education and interpretation.
- 2. **Add Deferred Maintenance Funding** - This budget adds critical State Parks' deferred maintenance projects to protect existing structures including, in part, historic structure stabilization, renovation of day use areas, and replacement of outdated vault toilets.

PROGRAM DESCRIPTION

The Division of State Parks mission is to provide safe outdoor recreation opportunities for the use, enjoyment, and education of current and future generations, while providing economic benefit to state and local communities. The division also preserves and protects scenic, historic, and scientifically significant areas in Nevada. Major programs include: planning, development, administration, protection, operation, maintenance, resource management, and interpretation of cultural and natural resources. The division headquarters is located in Carson City with regional offices in Fallon and Las Vegas. The division is comprised of twenty-four units that are located throughout the state. In addition, the division administers the federal Land & Water Conservation Fund, and the Recreation Trails Programs, which provide grants for the development of motorized and non-motorized trails and the development of outdoor recreation opportunities. It is the division's philosophy to operate on the principles of doing the right thing each and every day. Each of the division's twenty-four units and individual programs were originally designated and are operated to provide the citizens and visitors to the state the best possible experience while preserving the unique natural, natural, cultural resources. To measure the effectiveness of its programs, the division distributes questionnaires to park visitors and carefully evaluates their responses on a monthly, quarterly and annual basis. Statutory Authority: NRS 353.20555 (1) (b) and 353.210 (4).

BASE

M425 DEFERRED FACILITIES MAINTENANCE

This request funds deferred maintenance projects that are critical to the continued operation of State Parks. Due to previous budget cuts, many critical projects were eliminated, which delayed many needed repairs to various buildings, structures and walkways. Further delays may result in significantly higher costs of repair, or even the complete replacement of facilities. Deferred maintenance projects include HVAC units; residence insulation, structural assessment and repairs; roof, vault toilet, road, and facility doorway repairs; upgrade domestic water supply; renovations in park day-use areas; replace yard fence; painting; and adding storage space and toilet facilities. Approval of these projects would contribute to a healthier environment for employees, and the general public.

ENHANCEMENT

E225 EFFICIENT AND RESPONSIVE STATE GOVERNMENT

This request eliminates the Conservation Staff Specialist II position assigned to the Federal Highway Recreational Trails program. To more efficiently administer the program and to save general funds the Recreational Trails program now receives oversight from the Park and Rec Planner, which will be funded 50% with federal funds from the Recreation Trails Program and 50% General Fund. The federal Recreation Trails Program was recently re-authorized by Congress and funding is assured through 2015.

PROGRAM DESCRIPTION

The mission of the Division of Water Resources is to conserve, protect, manage, and enhance the state's water resources for Nevada's citizens through the appropriation and reallocation of public waters. In addition, the division is responsible for quantifying existing rights; monitoring water use; distributing water in accordance with court decrees; reviewing water availability for new subdivisions and condominiums; reviewing the design, construction, and operation of dams; appropriating geothermal water; licensing and regulating well drillers and water right surveyors; reviewing flood control projects; collecting and monitoring water resource data and records; and providing technical assistance to the public and governmental agencies. The division also provides technical assistance and information to governmental agencies and the public concerning state, regional, and local water resource planning, and provides flood plain management, planning, and mitigation assistance to communities throughout the state. Statutory authority is found under NRS Chapters 532, 533, 534, 534A, 535, 536, 538, 540 and 543.

BASE

This request provides ongoing funding for for 54.60 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

ENHANCEMENT

E225 EFFICIENT AND RESPONSIVE STATE GOVERNMENT

This request provides funding to allow the State Engineer to develop and adopt regulations that define some of the terms in Nevada Water Law, and to identify factors that will be considered in addressing certain statutory criteria. The process develops regulations defining the applicable meaning for terms such as Environmentally Sound, Perennial Yield, Groundwater Recharge and other terms that the division uses in the execution of its water regulatory responsibilities but that are unclear to the general public. Funding will pay for travel to conduct workshops, and hearings throughout the state to get public comment on the proposed regulations, and to pay for the cost of review, and codification by the Legislative Counsel Bureau.

E226 EFFICIENT AND RESPONSIVE STATE GOVERNMENT

This request provides the budgetary authority to adjust existing water related fees pursuant to NRS 533.435. Funding generated from the proposed change allows the division to begin the process of transitioning from reliance on General Funds for its operations, and is used to support the addition of much needed water adjudication staff.

E227 EFFICIENT AND RESPONSIVE STATE GOVERNMENT

This request provides the budgetary authority to allow the State Engineer to develop a fee structure for water services not previously charged. The division will tie fees to the cost to provide those services and will more appropriately allocate the cost of service to the direct beneficiaries of the services provided.

DCNR - FORESTRY DIVISION - The Division of Forestry provides professional natural resource and wildland fire management services to Nevada citizens and visitors to enhance, conserve, and protect forest, rangeland, and watershed values, endangered plants, and other native flora.

Division Budget Highlights:

1. **Continue Wildland Fire Protection Program** - This program will provide wild land fire management services and natural resource health and restoration resources/expertise to all participating Nevada counties and jurisdictions. The program provides aerial and ground fire suppression capabilities and fire prevention planning services.
2. **Continue Transition from All-Risk Districts** - Two fire districts (Elko and Clark counties) continue under division operations through the end of fiscal year 2015. Carson and Storey counties will return to their respective counties' services during the current biennium, and Eureka County is projected to transition out during the biennium.
3. **Fund Deferred Maintenance** - Funds are provided for maintenance projects that have been previously identified as immediate life, health, safety needs, but were not included in previous budgets due to mandated budget cuts.
4. **DCNR - FORESTRY NURSERIES** - The Governor's Executive Budget contains no significant changes for this division.
5. **DCNR - FOREST FIRE SUPPRESSION** - The Governor's Executive Budget contains no significant changes for this division.
6. **Create Forest Products Program** - The addition of the Forest Products Program as approved by the Legislature's Interim Finance Committee is included in the agency's enterprise budget account for the first time in this biennium.

DCNR - FORESTRY**101-4195****PROGRAM DESCRIPTION**

The Nevada Division of Forestry's (NDF) core mission is to protect natural resources and property from wildfire. In support of its mission, NDF manages and coordinates all forestry, nursery, endangered plant species, and watershed resource activities on qualified public, state, and private lands. In conjunction with other state agencies, NDF also takes action and provides coordination for responses to natural disasters, including floods and earthquakes. (NRS 40, 193, 205, 206, 232, 472, 473, 474, 475, 476, 527, and 528).

BASE

This request continues funding for sixty-seven positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

ENHANCEMENT

E350 SAFE AND LIVABLE COMMUNITIES

This request authorizes revenue receipt from counties that are, or have already, transition out of the division's "all-risk" fire protection services program. These revenues are provided to the division to hold the state harmless (from a budget perspective) as the "all-risk" program phases out and the fire districts return to services provided by their respective home counties. The counties include Storey County, Eureka County and Carson City.

E500 ADJUSTMENTS TO TRANSFERS

This request will re-allocate funding for the NDF Conservation Staff Specialist in charge of the Insect and Disease Program from federal funding to General Fund due to the significant reduction and eventual elimination of the federal grant funding currently supporting the position. The division has previously been able to support its Forest Health Specialist with funding from the federal government. The federal funding for that position will no longer be available beyond the current biennium.

DCNR - FORESTRY - WILDLAND FIRE PROTECTION PRGM**101-4194****PROGRAM DESCRIPTION**

The Division of Forestry provides professional natural resource and wildland fire management services to Nevada citizens and visitors to enhance, conserve, and protect forest, rangeland and watershed values, endangered plants, and other native flora. Budget account 4194 houses the proposed Wildland Fire Program, which is responsible for providing wildland fire management services to Nevada. Statutory Authority: NRS 472.

ENHANCEMENT**E350 SAFE AND LIVABLE COMMUNITIES**

This request proposes the creation of a Wild-Land Fire Program and is new for state fiscal years 2014 and 2015. The program will be responsible for providing wild-land fire protection and management services to Nevada. The proposed program will be funded primarily by county contributions for those counties that "opt in" to the program along with a General Fund appropriations.

DCNR - FOREST FIRE SUPPRESSION**101-4196****PROGRAM DESCRIPTION**

The Forest Fire Suppression Account funds expenses necessary to protect life, property, and natural resources from fire, flood, and other natural or human caused emergencies. The program is funded with a combination of General Fund appropriations, reimbursements paid to Nevada Division of Forestry (NDF) for firefighting efforts made on behalf of others, and Federal Emergency Management Agency (FEMA) Fire Management Assistance Grants and sub-grants. The agency turns to the Interim Finance Contingency Fund and the Disaster Relief Fund when funds are insufficient to meet the state's obligations each year. Although costs have steadily increased over the last ten years, they are a fraction of what the state would be responsible for if it were to rely solely on federal and local government cooperators to provide these services. Statutory Authority: NRS 472.

BASE

This request continues funding for operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

ENHANCEMENT

E350 SAFE AND LIVABLE COMMUNITIES

This request is associated with the new Wild-Land Fire Program being proposed in budget account 4194. While the main program costs are created and contained in the new budget account 4194, a small component of possible funding resources for the new Wild-Land Fire Program could be provided from the budget account 4196 Fire Suppression account should unexpended funds remain in that account. While it is a rare occurrence to have unexpended funds in the Fire Suppression account, should that occur, this request would provide the authority to not revert to the General Fund, as they currently do, but would instead balance forward from the Fire Suppression account to the newly created Wild-Land Fire Program via the fiscal year-end account closing process. These funds would be used to support the program by providing resources to fund unanticipated equipment repairs that result from strenuous, remote use of emergency response equipment. Since the Fire Suppression account does not currently have authorizing statutory language in place controlling the balances in the account, authority for the balance forward from the Fire Suppression account to the Wild-Land Fire Program would require special language be placed in the 2013-15 Appropriations Bill to allow the transfer to be made.

PROGRAM DESCRIPTION

The Forestry Conservation Camp Program coordinates, directs, and supervises the work activities performed by inmates of the Department of Corrections who reside in Forestry Conservation Camps located throughout the State of Nevada. The Conservation Camp Program provides the work force for labor-intensive forestry and conservation work projects, wildfire management, and other emergency activities. There are approximately seventy-nine inmate crews in nine conservation camps statewide under the supervision of Nevada Division of Forestry (NDF) conservation crew supervisors.

BASE

This request continues funding for ninety-six positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

The Fire Management Program within the Inter-Governmental Agreements budget account provides for public safety and protection of natural resources and property under the terms of cooperative agreements between the Nevada Division of Forestry (NDF) and various federal, state, and local political subdivisions. It provides personnel, equipment, and operating funds to accomplish fire protection and prevention for Clark, Elko, and Eureka Counties. Statutory Authority: NRS 472, 473 & 474.

BASE

This request continues funding for twenty-four permanent positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

E491 EXPIRING GRANT/PROGRAM

In anticipation that Eureka County will separate from the state and accept the all-risk responsibilities for this FY14-15 biennium, E491 eliminates all costs associated with their NRS 473 fire district. The only revenue and expenditures for Eureka County that remain are related to prior year fire reimbursements for incidents that occurred during the time in which the division was responsible for the NRS 473 fire district in Eureka County.

PROGRAM DESCRIPTION

The Nevada Nursery Program, under the oversight of the Nevada Division of Forestry (NDF) Natural Resource Program, was first established in 1957 to provide technical assistance and conservation plant materials - tree seedlings, shrubs, forbs and seed - to meet the conservation needs of Nevada's private landowners and public land management agencies. The nurseries also offer custom growing services for conservation plants native to or adapted to the Mojave Desert, Great Basin Desert, and Sierra Nevada. They produce low-cost native or adapted plant species acclimated to Nevada's environmental conditions for conservation purposes, including windbreaks, green-strips, stream bank stabilization, wetland and riparian restoration, mine reclamation, reforestation, wildlife habitat enhancement, and rehabilitation of wildfire damaged lands or other disturbed sites. The Nevada Nursery Program is comprised of two nursery facilities, one in Washoe Valley and one in the Las Vegas Valley.

The Nevada Seed-bank was established in 1995 and provides seed, equipment, and other materials to rehabilitate wild-land fire and fire suppression related damages, and assists private landowners and public agencies with conservation treatments on their lands to reduce soil erosion, increase plant diversity, improve wildlife habitat, and reduce the threat of wild-land fire. The Nevada Seed-bank facility is co-located with the nursery in Washoe Valley.

The Forest Products Utilization program began in state fiscal year 2012. The program focuses on adding value to cut wood that occurs from the agency's normal fuel reduction and forest health enhancement projects. Prior to the initiation of the Forest Products Utilization program, much of the wood that was cut was piled and burned in place as the most expedient method of disposal. The acquisition of harvesting and processing equipment is allowing NDF to extract the wood from the forest, process it into a useful end product, and transport it out of the forest. The value added products, typically wood chips, fuel wood, and saw logs are sold from the nursery/seed-bank facility in Washoe Valley.

The nursery, seed-bank, and Forest Products Utilization programs are rooted in the agency's overall mission and are an integral part of all programs under both the fire and resources sections of the Division of Forestry. All are enterprise accounts that operate on the sale of conservation plant materials and forest products. (NRS 472, 527 & 528).

BASE

DCNR - STATE LANDS - State Lands upholds the conservation and land resource values of Nevadans through responsible land-use planning, resource programs that protect and enhance the natural environment, and land stewardship worthy of the lands entrusted to us.

Division Budget Highlights:

- 1. **Maintain Agency Services** - The agency continues to maintain the budget, personnel and process efficiencies developed during the last biennial budget in the State Land Office, State Land Use Planning Agency, and Lake Tahoe Environmental Improvement Program. Conservation Bond/Q1 program idles pending future state bond sales.
- 2. **Management of the Sagebrush Ecosystem Program** - State Lands will manage and direct the state's 5-member inter-agency team dedicated to sagebrush ecosystem and Greater Sage-grouse issues.

Activity: Protect and Preserve the Lake Tahoe Environment

This Lake Tahoe activity improves water quality and clarity; reduces the threat of catastrophic wildfire; restores streams and forest health; and enhances recreational opportunities. State Lands also manages about 480 state-owned parcels in the Tahoe basin, thinning and removing trees to improve public safety and reduce wildfire risk.

DCNR - NEVADA TAHOE REGIONAL PLANNING AGENCY
101-4166

PROGRAM DESCRIPTION

The Nevada Tahoe Regional Planning Agency (NTRPA) assures that all structures housing gaming in the Lake Tahoe basin are in compliance with the provisions of the Tahoe Compact. As such, the NTRPA reviews all proposals to modify, or remodel structures housing gaming in the Tahoe basin to ensure compliance. Federal and state law requires that the NTRPA board meet at least once annually to select the at-large members of the board.

BASE

This request continues funding for operating costs, primarily consisting of four board meetings each fiscal year.

DCNR - NEVADA NATURAL HERITAGE

101-4101

PROGRAM DESCRIPTION

The mission of the Nevada Natural Heritage Program is to maintain comprehensive information on the locations, biology and conservation status of all endangered, threatened, sensitive, and at-risk species in Nevada. The agency manages data on rare and at-risk species, including data input and quality control. These data are provided to other state agencies, federal agencies, non-governmental organizations, consultants, and private citizens in order to facilitate federally mandated planning and environmental impact statements as well as collaborative conservation planning to minimize future resource conflicts and to help prevent species from becoming threatened or endangered.

BASE

This request continues funding for eight positions and associated operating costs. One-time expenditures have been eliminated, and partial year costs have been annualized.

DCNR - ENVIRONMENTAL PROTECTION - To preserve and enhance the environment of the state to protect public health, sustain healthy ecosystems and contribute to a vibrant economy.

Division Budget Highlights:

- 1. **Enhance Air Program Maintenance** - The division is requesting six new positions in its air programs to maintain its authorization to implement new federal requirements under the Clean Air Act. New federal regulations require additional air monitoring and a significant increase in the number of permitting actions and inspections.
- 2. **Adding a Risk Assessor Position** - To improve cost and regulatory efficiencies, the division is requesting a new position in the Bureau of Corrective Actions to serve as a risk assessor to assist project managers and management in making human health risk assessment decisions at sites with contaminated soil and groundwater.
- 3. **Enhance Lab Certification Program** - The division is adding one new position in the Bureau of Safe Drinking Water, Laboratory Certification Program. The new position is needed to keep pace with workload demands and to address a need related to certain compliance data generated for the Bureau of Mining, Regulation and Reclamation.
- 4. **Reclassify Positions** - The division is reclassifying four positions, including an upgrade of a Budget Analyst II to a III and an Administrative Assistant II to an IT Professional to align the position with the level of responsibility, and to better accommodate the IT needs of the division.
- 5. **Improved Business Process and Programs** - The division transfers the Lab Certification Program's oversight to Safe Drinking Water to more efficiently allocate state resources and expertise and to streamline management of the program within both bureaus.

Activity: Air Pollution Control, Planning, Chemical Accident Prevention

The bureau implements permitting and compliance programs to control air pollution emitters for emission units and surface area disturbance outside Washoe and Clark County. It implements regulatory requirements for fossil-fuel fired steam electric plants statewide and the Nevada Mercury Control Program and Chemical Accident Prevention Program.

DCNR - STATE ENVIRONMENTAL COMMISSION**101-4149****PROGRAM DESCRIPTION**

The Nevada State Environmental Commission (SEC) serves as the primary rule-making, variance, and appeal body for environmental regulations in Nevada. The commission is an eleven member body that meets to establish regulations and resolve appeal actions for the Division of Environmental Protection. Expenses of the SEC are supported by fees. The SEC was originally established in the Air Pollution Control statutes (NRS 445B.200). Other statutes establish the jurisdiction of the SEC to adopt environmental regulations, set fees and hear appeals, including NRS 444.560, 444A.020, 445A.270, 445A.425, 445A.860, 459.3818, 459.485, 459.656, 459.826, and 519A.160.

BASE

This request continues funding for associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

The Division of Environmental Protection's mission is to preserve and enhance the environment of the state to protect public health, sustain healthy ecosystems and contribute to a vibrant economy. The division implements state and federal environmental laws; provides financial and technical assistance related to drinking water and wastewater systems; oversees clean-up of contaminated soil and water; administers the State Petroleum Fund; and provides public education programs. This budget account supports the administrative needs of the division, including the Administrator, Deputies, and Bureau of Administrative Services staff. Statutory Authority: NRS 232.136, 278.335-.377, 444.440-.645, 444.010-.110, 445A.060-.730, 445B.100-.640, 459.380-.856, 486.010-.180, 519A.010-.280, 590.700-920, 618.775.

DCNR - DEP AIR QUALITY**101-3185****PROGRAM DESCRIPTION**

The missions of the Bureaus of Air Pollution Control and Air Quality Planning are to achieve and maintain levels of air quality, which will protect human health and safety; prevent injury to plant and animal life; prevent damage to property; preserve visibility and scenic, esthetic and historic values of the state; and implement provisions at the facility level to prevent accidental chemical releases in the state. To accomplish this mission, staff assigned to these bureaus plan, direct, coordinate and control air quality monitoring, permitting and compliance assurance. This budget account is funded by federal grants and fees. Statutory Authority: NRS 445B.100 - 445B.845, 486A.010 - 486.180 and 459.001 - 459.930.

BASE

This request continues funding for fifty-five positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DCNR - DEP WATER POLLUTION CONTROL

101-3186

PROGRAM DESCRIPTION

The Bureau of Water Pollution Control ensures compliance with water pollution control laws by issuing permits to discharge to surface and/or ground water. Facilities are inspected to ensure compliance and enforcement actions are taken if necessary. Staff reviews the design of waste water treatment plants and infrastructure. Subdivisions are reviewed to ensure that adequate systems are in place to treat waste water. Statutory Authority: NRS 445A.300 to 730.

BASE

This request continues funding for thirty-two positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DCNR - DEP WASTE MGMT AND FEDERAL FACILITIES

101-3187

PROGRAM DESCRIPTION

The federal Bureau of Corrective Actions is responsible for the analysis and remediation of contaminated sites; certification of environmental consultants; regulation of underground storage tanks (UST); remediation of leaking underground storage tanks; and administration of the Petroleum Claims Fund. The Bureau of Federal Facilities provides oversight of all operational activities and cleanups on the Nevada Test Site and several off-site locations to ensure compliance with environmental regulations. The Waste Management program is responsible for ensuring safe management of hazardous waste by regulating its handling, transportation, treatment, storage and disposal; ensuring safe collection and disposal of solid waste; and encouraging businesses, institutions, and individuals to reduce the amount of waste generated, participate in recycling programs and conserve natural resources. Statutory Authority: NRS 444.440 - 444.645; 444A. 010 - 444A.110; 445A.060 - 445A.730; 459.400 -459.600; 459.800 - 459.856; and 590.700 - 590.920.

BASE

This request continues funding for sixty-eight positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

E350 SAFE AND LIVABLE COMMUNITIES

This request funds an Environmental Scientist to provide technical review of health risk assessments associated with cleanup of soil and groundwater contamination. To this point, this work had been done by contractors. The agency has determined the need for this service is on-going and it would be more cost effective to perform this function in-house.

DCNR - DEP MINING REGULATION/RECLAMATION

101-3188

PROGRAM DESCRIPTION

This bureau is responsible for the Mining Regulatory Program which includes Reclamation. The bureau established a system which is responsive to both environmental and economic concerns associated with the development of Nevada's natural resources. The workload of the bureau is dependent, to a certain extent, upon rising and falling metal prices, which cause fluctuations in mining activity. Since 2000, metals prices have risen dramatically. A number of regulatory and procedural revisions were implemented in the past twelve years to address bankruptcies and abandonment of mining operations that occur when metal prices are low. Measures were taken to enhance the strength and security of the regulations, especially in the areas of mine closure and bonding. Nevada's mining regulatory programs address the design, construction, operation, closure, and reclamation of mining and exploration operations. Principle objectives include protection of human health, ground and surface water resources, and completion of reclamation activities, which provide for productive post-mining land use. Major program elements consist of permitting, inspection, compliance monitoring, enforcement, and plan and report review. This budget account is funded by fees. Statutory Authority: NRS 445A.300 through 445A.730 and NRS 519A.010 through 519A.280.

BASE

This request continues funding for twenty positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

This budget account provides staff and administrative support for the State Revolving Loan Program for wastewater and drinking water infrastructure improvements. The Division of Environmental Protection administers these programs. This budget account is funded by federal grants, Treasurer's interest, and fees. Statutory Authority: NRS 445A.060 through 445A.160 and 445A.200 through 445A.295.

BASE

This request continues funding for four positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DCNR - DEP WATER QUALITY PLANNING

101-3193

PROGRAM DESCRIPTION

The Bureau of Water Quality Planning (BWQP) is responsible for implementing programs to meet requirements of the Clean Water Act (CWA) and Nevada water quality statutes and regulations that protect and/or improve the chemical, physical and biological integrity of the waters of Nevada. BWQP staff conduct water quality, bioassessment and physical habitat monitoring; develop and/or revise water quality standards for adoption by the State Environmental Commission; develop the impaired waters list; develop total maximum daily loads (TMDLs) and TMDL and/or watershed implementation plans to address water quality impairments; issue certifications to ensure that proposed discharges meet applicable effluent limitations and water quality standards; assist in the development and review of area-wide waste management plans; mitigate the adverse effects from nonpoint source pollution through implementation of water quality improvement and public education projects; promote intra and inter-agency program coordination; and provide technical assistance. This budget account is funded solely by federal grants. Fees collected through the Bureau of Water Pollution Control National Pollutant Discharge Elimination System permit programs are used as the State match to the federal 106 grant. Statutory Authority: NRS 445A.300 through 445A.730.

DCNR - DEP SAFE DRINKING WATER REGULATORY PROGRAM

101-3197

PROGRAM DESCRIPTION

The Bureau of Safe Drinking Water (BSDW) implements the Public Water System Supervision Program (PWSSP) authorized under the Federal Safe Drinking Water Act (SDWA) and maintains primacy for the State of Nevada. State implementation of the PWSSP ensures Nevada's public water systems comply with state and federal drinking water standards by enforcing the sampling and monitoring requirements for water quality and enforcing requirements for surface water treatment and corrosion control. The program assesses water sources (including identification of potential contaminant sources); conducts annual sanitary surveys; certifies the qualifications of public water system operators; and requires public notification when systems are out of compliance. The BSDW also reviews engineering plans for public water systems and the subdivision of land. Additionally, PWSSP provides training, information transfer, and regulatory update presentations at meetings of water industry associations. This budget account is funded by federal grants and fees. Statutory Authority: NRS 445A.800 through 445A.955.

BASE

This request continues funding for nineteen positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DCNR - DEP WATER PLANNING CAP IMPROVEMENT**101-4155****PROGRAM DESCRIPTION**

This budget account provides staff and administrative support for the Board for Financing Water Projects, which awards grants for capital improvement projects to small public water systems. Grants are also provided for qualifying water conservation programs and to defray costs associated mitigating issues associated with abandoned septic systems and to cover costs associated with connecting to community sewer systems. This budget account is funded by bond proceeds and fees. Statutory Authority: NRS 349.982.

BASE

This request continues funding for all associated operating costs for two positions. One-time expenditures have been eliminated and partial year costs have been annualized.

DEPARTMENT OF WILDLIFE - To protect, preserve, manage and restore wildlife and its habitat for the aesthetic, scientific, educational, recreational, and economic benefit of citizens of Nevada and the United States; and to promote the safety of persons using vessels on the waters of Nevada.

Department Budget Highlights:

1. **Conservation Education Initiatives** - The Conservation Education Division eliminates a vacant Marketing Coordinator position and adds a Conservation Educator position to facilitate expansion of the Archery Education program statewide, and develop Bow Hunting programming through local parks and recreation departments.
2. **Position Elimination** - The Law Enforcement Division eliminates one Game Warden position from the Boating Program due to ongoing decreases in program funding.
3. **Acquatic Invasive Species Initiatives** - The Law Enforcement Division changes funding sources from boating fees to aquatic invasive species fees for two existing Game Warden positions to conduct aquatic invasive species educational outreach activities.
4. **Wildlife Health Data and Services** - The Game Management Division proposes one new Biologist position to assist the department's Veterinarian with the increased demand for wildlife health data and services essential to managing Nevada's game and non-game wildlife populations.
5. **Native Aquatics** - The Fisheries Management Division funds a new Native Aquatics Biologist position for the Reno Headquarters Office to coordinate field activities, provide statewide program direction and oversight of project implementation, and ensure compliance with federal requirements.
6. **Aquatic Invasive Species** - The Fisheries Management Division proposes funding activities designed to prevent the introduction and the spread of aquatic invasive species in Nevada's waterways and mitigate their environmental and economic impacts to Nevada.
7. **Geographic Information Systems** - The Wildlife Diversity Division funds a new Biologist position to provide Geographic Information Systems mapping services to meet the increasing demand for these services in relation to land development and critical habitat concerns.
8. **New Position for Habitat Projects** - The Wildlife Habitat Division adds one Biologist position to handle energy development and mining projects requiring review in the Ely area.

Department Budget Highlights (continued):

9. **Habitat Funds Management** - The Wildlife Habitat Division adds one Staff Specialist position to manage several of the department's funding sources, such as Ruby Pipeline, mining assessments and energy development funds, and facilitate on the ground projects.
10. **Sagebrush Ecosystem Team** - The DCNR Director heads a key Governor's initiative establishing a 5-member multidisciplinary, inter-agency Sagebrush Ecosystem Team (that includes Agriculture, Minerals, State Lands, and Forestry) to address the potential listing of the Greater Sage-grouse on the federal species endangered list.

Activity: Director's Office

The Director's Office oversees seven division administrators responsible for fiscal and business management; central cost allocations; federal aid management; support/liaison to the Wildlife Commission and seventeen county advisory boards that manage wildlife issues at local, state, and international levels.

WILDLIFE - CONSERVATION EDUCATION

101-4462

PROGRAM DESCRIPTION

The mission of the Conservation Education Division is to promote and enhance public understanding of wildlife and their habitats through the dissemination of information, in a credible manner, that is designed to inform and educate the citizens of Nevada and the United States. Conservation Education is responsible for public affairs and marketing, hunter/angler and wildlife education, the volunteer program, publications, and website administration.

BASE

This request continues funding for eighteen positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

WILDLIFE - GAME MANAGEMENT

101-4464

PROGRAM DESCRIPTION

The mission of the Game Division is to be responsible for management, protection, research and monitoring of wildlife classified as game mammals, upland and migratory game birds and furbearing mammals. The Game Division has four program areas: avian and terrestrial game species management, game wildlife/depredation control and compensation, predator management and wildlife health and disease monitoring.

BASE

This request continues funding for twenty-nine positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

WILDLIFE - FISHERIES MANAGEMENT

101-4465

PROGRAM DESCRIPTION

The mission of the Fisheries Division is to manage, protect and enhance Nevada's native aquatic species, to promote fishing in Nevada through a system of strategically located hatcheries and by managing Nevada's waters to their highest end use for anglers, to provide anglers with information essential to their sport, and to prevent the introduction of additional aquatic invasive species to Nevada and minimize the impacts to fisheries and aquatic habitats from those already established. The Fisheries Division is responsible for reservoir and stream management, fish hatcheries, fish stocking program, management of native fish, crustaceans and amphibians, urban fishery development and stocking, and angler information.

BASE

This request continues funding for thirty-nine positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

WILDLIFE - DIVERSITY

101-4466

PROGRAM DESCRIPTION

The Wildlife Diversity Division is dedicated to the protection, preservation, management and restoration of Nevada's diverse wildlife heritage. Through sound science, data management and synergistic partnerships the division will maintain healthy wildlife populations and habitats, thereby fulfilling Nevada's responsibility to maintain local, regional, and global species diversity. Through the division's efforts the scientific, educational, recreational, and economic values of Nevada's wildlife will be enhanced and preserved for future generations.

The Wildlife Diversity Division is responsible for sensitive species management and surveying, Endangered Species Act consultation and recovery work, habitat restoration, wildlife action plan implementation, Landowner Incentive Program, Question 1 Bond Program, Department of Wildlife's portion of the Tahoe Environmental Improvement Program, and Geographic Information System (GIS) section.

BASE

This request continues funding for sixteen positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DEPARTMENT OF TRANSPORTATION - The Nevada Department of Transportation (NDOT) provides a better transportation system for Nevada through unified and dedicated efforts.

Department Budget Highlights:

- 1. **eDiscovery and Litigation Case Management System** - To increase the accuracy and efficiency of identifying relevant electronic documents associated with a case, which will reduce the time needed to complete this task and to collect, review, and process discovery. Accordingly, the use of outside experts will be reduced.
- 2. **Private Sector Sponsorship for Rest Areas** - Federal regulations now permit private sector sponsorship of rest areas. Sponsorship opportunities will provide the department with the flexibility to pursue innovative sources of financing for maintenance and construction activities and other highway-related services.
- 3. **Enhance Nevada Shared Radio System Equipment** - To replace obsolete equipment at three radio sites and enhance one additional site. The system is a statewide public private partnership shared between NDOT, the University of Nevada Las Vegas, and Nevada Energy and is used by many state agencies for daily communication and emergency support.

Activity: Construction of Roadways and Facilities

This activity ensures that construction of roadways and associated facilities are properly managed; prepares construction manuals and specifications; resolves construction claims and disputes; provides construction technical expertise; and serves as the department's liaison with the construction industry.

NDOT - TRANSPORTATION ADMINISTRATION

201-4660

PROGRAM DESCRIPTION

The Nevada Department of Transportation (NDOT) is governed by Article 9, Section 5, of the Nevada Constitution: "The proceeds from the imposition of any license or registration fee and other charge with respect to the operation of any motor vehicle upon any public highway in this state and the proceeds from the imposition of any excise tax on gasoline or other motor vehicle fuel shall, except costs of administration, be used exclusively for the construction, maintenance, and repair of the public highways of this state."

BASE

This request continues funding for 1,781.55 positions, in addition to a variable number of seasonal workers and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

ENHANCEMENT

E125 SUSTAINABLE AND GROWING ECONOMY

The Federal Highway Administration recently announced a policy revision authorizing the placement of private sector sponsored roadside acknowledgment signs for rest areas. Sponsorship opportunities benefit the traveling public with an improved transportation system by providing flexibility for public agencies to pursue innovative sources of financing for maintenance and construction activities and other highway-related services. With this additional revenue, public agencies have the means to provide services critical to enhancing the safety and efficiency of the nation's highways. A Bill Draft Request (BDR) has been submitted to support this request.

PUBLIC EMPLOYEES' RETIREMENT SYSTEM -

Department Budget Highlights:

- 1. **Add New Positions to Enhance Services** - Two retirement positions are being added for increased verification of certain processes, vital after 2009 benefit changes and the potential for errors with the added complexity, to ensure the accuracy and timeliness of counseling and calculations.
- 2. **Add New Audit Division Position** - PERS Audit Division is adding an Auditor to ensure that all employers are calculating their member contributions correctly and properly enrolling employees in PERS. This position will also audit benefit accounts to ensure that retirees are receiving the correct payments.
- 3. **Replace Computer Server** - To meet the requirements of NRS Chapter 286 and internal policies, technology plays a significant role. Server support is only available for 5 years, at which point servers and other IT hardware and software must be replaced or upgraded in order to ensure continued security and functionality.
- 4. **Replace Phone System** - The current phone system is no longer able to efficiently handle the 11,000+ phone calls that are received on a monthly basis, and vendor support is no longer available for this system.
- 5. **Replace Vehicle** - A new vehicle has been requested, since the only vehicle owned by PERS is 12 years old and no longer reliable to drive to rural areas for retirement counseling and educational seminars.

PERS - PUBLIC EMPLOYEES' RETIREMENT SYSTEM

101-4821

PROGRAM DESCRIPTION

The purpose of the Public Employees' Retirement System of Nevada is to provide public workers and their dependents with a retirement program that provides a reasonable base income for retirement or for periods where a disability has removed a worker's earning capacity. Additionally, it is to encourage those workers to enter into and remain in government service for such periods of time to give public employers and the people of the State of Nevada the full benefit of their training and experience. Established by NRS 286.110.

BASE

This request continues funding for sixty-five positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PUBLIC EMPLOYEES' BENEFITS PROGRAM - To design and manage a quality health care program so all Public Employees Benefits Program (PEBP) participants experience excellent service, responsiveness to changing benefit needs over care and life spans, equitable cost sharing, and fiscal soundness for long term viability of the program.

Department Budget Highlights:

- 1. **Public Employees Benefit Program** - The PEBP made sweeping changes to employees' health benefits effective July 1, 2011. Changes and the current plan design are being continued into Fiscal Years 2014 and 2015. The budget request for the biennium is approximately \$939.8 million or reduction of \$30 million over the previous biennium.

Activity: Care Management Program

The Care Management Program builds awareness and provides services to state and non-state employees and retirees to reduce the risk factors causing the highest medical cost and the greatest impact to participants' health status.

M101 AGENCY SPECIFIC INFLATION

This request funds inflationary increases specific to the agency. These include fully insured products (HMO, basic life, and long term disability) as well as trend increases for all self-funded benefits.

Fully insured cost increases are based on historical inflationary adjustments for each product and maximum inflation provisions contained within the various contracts (typically 10%). Aon Consulting provided the following base trend increases for self-funded benefits (excludes the impact of Federal Health Care Reform provided in decision unit M501):

FY 2014

Medical (Employees, Non-Medicare Retirees): 9.0%

Rx: 9.0%

Dental: 4.5%

FY 2015

Medical (Employees, Non-Medicare Retirees): 8.75%

PEBP - RETIRED EMPLOYEE GROUP INSURANCE
680-1368

PROGRAM DESCRIPTION

The Retired Employee Group Insurance (REGI) budget account provides a centralized collection mechanism for contributions made by each state entity for the benefit of all retired state employees. These contributions defray a portion of the individual insurance premiums for employees who retire from state government and elect to continue coverage in the state group insurance plan. The program is funded by payroll assessments to agency budgets and covers all state agencies, boards and commissions, the Judicial Branch, the Legislative Counsel Bureau, the Public Employees Retirement System, and the Nevada System of Higher Education. Statutory Authority: NRS 287.046.

BASE

Continues funding for group insurance premiums to be paid to the state group insurance plan, administered by the Public Employees' Benefits Program, on behalf of retired employees who elect to continue coverage in the state group insurance plan.

PEBP - ACTIVE EMPLOYEES GROUP INSURANCE

666-1390

PROGRAM DESCRIPTION

The Active Employee Group Insurance Subsidy (AEGIS) budget account collects contributions made by each state entity for the benefit of their active employees. These contributions defray a portion of the individual insurance premiums for active employees of state government who elect to participate in the state group insurance plan. The program is funded by payroll assessments and covers all state agencies, boards and commissions, the Judicial Branch, the Legislative Counsel Bureau, the Public Employees Retirement System and the Nevada System of Higher Education. Statutory Authority: NRS 287.044.

BASE

This request continues funding for group insurance premiums to be paid to the state group insurance plan, administered by the Public Employees' Benefits Program on behalf of active employees who elect coverage in the state group insurance plan.

PROGRAM DESCRIPTION

The Nevada Public Employees Deferred Compensation Program, a voluntary tax-deferred supplemental state retirement plan (IRC 457(b)), provides participants and their beneficiaries with a reasonable supplement to their Nevada Public Employees Retirement Program, Social Security and any other retirement savings. The program operates solely in the interest of plan participants and beneficiaries. The Committee, appointed by the Governor pursuant to NRS 287.325, oversees the program and strives to provide quality investment options at minimal costs while maintaining high standards of customer service. The Committee and its Program Coordinator monitor the program providers; communicate the importance of supplemental savings through seminars, newsletters and other informational efforts; and administer the Program in accordance with state and federal guidelines. All Program expenses are paid from reimbursement by its private sector providers.

BASE

This request continues funding for one position and associated operating costs. One-time expenditures have been eliminated and partial year expenditures have been annualized.

ADJUTANT GENERAL - The Nevada National Guard provides ready organizations and individuals to perform state and federal missions, globally and domestically. The mission of the Office of the Military is to enlist, organize, arm, equip, and train the state's militia and National Guard units to defend the Constitution and protect the lives and property of the public in times of emergency, disorder, or disaster. The federal mission of the department is to provide soldiers and airmen to respond to federal mobilization as directed by the President or Congress. The Adjutant General provides administrative oversight for the department, which consists of the Army National Guard and the Air National Guard.

Department Budget Highlights:

- 1. **Improve Data and Communications Access** - The Governor's Executive Budget provides local area network and work station access to employees waiting for federal clearance.
- 2. **Add Administrative Support Position** - The Governor's Executive Budget adds a Management Analyst position for fiscal and personnel administrative support.
- 3. **Assimilate New Carlin Readiness Center** - The Governor's Executive Budget begins the facility conversion of the former Carlin Fire Sciences Academy facility to the new Carlin Readiness Center for use by the Office of the Military.

Activity: Command and Control of State Militia Force

This activity provides command, control, and supervision of the State Militia. It is accomplished by the Adjutant General and his staff.

MILITARY EMERG OPERATIONS CENTER

101-3655

PROGRAM DESCRIPTION

This budget account provides revenue and expense authorizations to provide for custodial, maintenance and utility support for the Emergency Operations Center (EOC) building within the Office of the Military complex in Carson City. The Office of the Military performs these functions much like Buildings and Grounds does for other state buildings. Statutory Authority: NRS 412.

BASE

This request continues funding for two positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

MILITARY NATIONAL GUARD BENEFITS

101-3653

PROGRAM DESCRIPTION

The National Guard Benefit Program encourages the recruitment and retention of active members of the National Guard. The Adjutant General may authorize payment of up to one hundred percent of the credit hour costs incurred within the Nevada System of Higher Education for any guardsman attending summer school as a full or part-time student. Reimbursement is dependent upon being a guard member in good standing and receiving passing grades of "C" or higher. Statutory Authority: NRS 412.143.

BASE

This request continues funding for tuition assistance for Army National Guard soldiers and Air National Guard airmen.

OFFICE OF VETERANS SERVICES - Our mission is to provide a full continuum of quality services to eligible veterans and their families, and to provide our community and partners the opportunity to contribute in these endeavors.

Department Budget Highlights:

- 1. **Add Veteran Service Representative Positions** - The Governor is providing funding to add two Veteran Services Representatives to aide in providing Nevada veterans with much needed guidance and assistance in obtaining qualifying veteran's benefit in a timely and effective timeframe.
- 2. **Plan and Design Northern Nevada Veteran Home** - The Governor is supporting veterans in attaining a Northern Nevada Veteran Home by providing funding within the state Capital Improvement Program budget for the planning and design of a northern veteran home to be constructed in the next biennium.
- 3. **Support Veteran Home Facility and Cemetery** - The agency continues to work at maintaining and expanding facilities to provide the highest quality of services for Nevada veterans by leveraging state funds to provide in excess of \$1.1M in equipment and maintenance for the Southern Nevada Veteran's Home and the state's two veterans cemeteries.

Activity: Nevada State Veterans Home - Quality of Care

This activity provides medical care and nursing services for residents at the Nevada State Veterans Home. This activity ensures health services are provided in a quality environment, and in a manner which improves health outcomes, prevents infections and hospitalizations, and promotes positive survey outcomes.

PROGRAM DESCRIPTION

The Nevada State Veterans Home (NSVH) is a 180 bed state-skilled nursing care facility. The home, dedicated on June 28, 2002, admitted its first residents on August 12, 2002. The Home provides 24-hour skilled nursing care to eligible veterans, spouses of veterans, and Gold Star Parents who had a child who died while in military service. A minimum of seventy-five percent (75%) of the home's residents must be veterans. The 180 bed home consists of three 60 bed wings and is located on fifty acres in Boulder City. One of the home's three wings houses a secured care unit intended for residents with severe dementia. The NSVH is certified by Medicaid, Medicare, and the U.S. Department of Veterans Affairs. The home provides a full range of services including: physicians; laboratory; pharmacy; physical, occupational, respiratory and speech therapy; dental; social and spiritual services; medical records; activities; transportation; maintenance; dietary; barber; laundry; housekeeping; and financial services. The home's primary mission is "Caring for America's Heroes." Statutory Authority: NRS Chapter 417.

BASE

This request continues funding for 185.51 full-time equivalent positions, and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

SILVER STATE HEALTH INSURANCE EXCHANGE - Increase the number of insured Nevadans by facilitating the purchase and sale of health insurance that provides quality health care through the creation of a transparent, simplified marketplace of qualified health plans.

Department Budget Highlights:

- 1. **Establish and Facilitate Health Insurance Exchange** - The Exchange was established pursuant to SB440 (2011) and the Affordable Care Act. Nevada must establish a Health Insurance Exchange or cede that authority to the U.S. DHHS. The exchange must be operational by October 1, 2013 to facilitate open enrollment for coverage effective on January 1, 2014.

Activity: Establish and Maintain a State-Based Exchange

This activity coordinates rules for determining eligibility of publicly-subsidized health coverage programs, including premium subsidies available through the Exchange, Medicaid and Children's Health Insurance Program.

PROGRAM DESCRIPTION

The Silver State Health Insurance Exchange was established pursuant to Senate Bill 440 (2011) and the Affordable Care Act. By the end of calendar year 2013, Nevada must establish an Individual Health Insurance Exchange and a Small Business Health Options Program Exchange or cede that authority to the U.S. Department of Health and Human Services. The marketplace must be operational by October 1, 2013 to facilitate open enrollment for health coverage that will take effect on January 1, 2014.

The establishment of a state based exchange allows Nevada to:

- * Control costs and determine how the Exchange will be funded; the federal costs and funding methodology is unknown;
- * Create an outreach program, tailored for Nevadans, that includes navigators and brokers;
- * Ensure the participation requirements and products offered are as business friendly as possible;
- * Determine health plan standards regarding accreditation, network adequacy, service areas, and transition of care;
- * Keep jobs in Nevada;
- * Influence the federal regulation-making process by providing thoughtful, constructive criticism thereby mitigating the risks that may be created by harmful regulations.

The U.S. Census Bureau estimates there were 557,000 uninsured individuals under the age of 65 in the State of Nevada in 2010 representing 23.9% of the total Nevada population under the age of 65. It is estimated that approximately two-thirds of these individuals are, or will be, eligible for Medicaid. The remaining third will be eligible for coverage through the Exchange. The Exchange expects enrollment will be approximately 118,000 in 2014 and 151,000 in 2015. To meet these goals, the Exchange will need to work with the Department of Health and Human Services and the Division of Insurance to:

- * Execute a comprehensive advertising campaign;
- * Ensure Navigators and Brokers are available in sufficient numbers and properly trained and certified;
- * Work with the Division of Insurance to ensure Qualified Health Plans include appropriate consumer protections and other certification requirements;
- * Ensure a seamless customer service experience between Medicaid, Nevada Check Up and subsidized Exchange coverage;
- * Provide enough value to attract small businesses and unsubsidized individuals to the Exchange.

BASE

DEFINITION OF TERMS

Activity

A service provided or function performed for a specific purpose and/or population to accomplish a defined goal or objective consistent with the agency's mission and strategic plan.

- Primary Activity - Activities clearly related to the agency's mission.
- Support Activity - Internal activities necessary to enable the agency to perform the primary activities.

Adjusted Base Budget

The budget after adjustments have been made to the base budget to eliminate one-time expenditures or to increase (annualize) revenues and expenditures for ongoing programs that were not operational for the entire base year.

Agency Specific Inflationary Adjustments

Adjustments for the price increase of goods and services unique to a particular agency.

Appropriation

A legislative allocation from the state General Fund or Highway Fund for a specific purpose or to support the operation of an agency.

Authorization

The authority granted by the Legislature that allows state agencies to collect and expend funds from sources other than the General Fund or Highway Fund, such as federal funds, county funds, gifts, grants, donations, fees, sales, etc.

Base Year

The first year of a biennium, that is, the even-numbered year in a biennium.

Biennium

A two year period, which, as it applies to Nevada budgeting, is the two consecutive fiscal years following a regular legislative session. The current biennium is denoted 2011-2013 and is comprised of fiscal year 2012 (the Base Year) and fiscal year 2013 (the Work Program Year). The upcoming biennium is denoted 2013-2015 and is comprised of fiscal year 2014 (Year 1) and fiscal year 2015 (Year 2).

Bill Draft Request (BDR)

A written request submitted to the Legislative Counsel Bureau by a legislator, an executive agency, a member of the judiciary, or a local government proposing a new or modified law for enactment.

Capital Improvement Project (CIP)

The construction of a new building and the furniture, fixtures and equipment (FF&E) for that building; a modification to structures for existing state buildings; remodeling, repairs, and maintenance work for projects of a non-structural nature over \$100,000; and advanced planning for future construction.

Caseload

The number of cases handled in a given period by an agency.

Classified Employee

An employee, other than non-classified, unclassified or an elected official, who is selected and governed by the state's merit system as found in the NAC and NRS.

Core Functions

A collection of related, structured activities or tasks that produce a specific service or product (to service a particular goal) for a particular customer. This function ties the state's strategic goals and priorities to its activities by defining state government's primary purposes/functions.

Decision Unit(s)

A stand-alone, balanced budget request that displays the revenues and expenditures associated with a new program or changes to existing programs.

Economic Forum

A five-member committee from the private sector directed to provide a forecast of future state General Fund revenues by December 1 of even-numbered years and May 1 of odd-numbered years. The forecasts are based on the existing revenue structure and are used by agencies, the Governor, and the Legislature in recommending and approving a new budget. (See [NRS 353.226 - 353.229](#).)

Enhancement Decision Unit

A stand-alone, balanced budget request that displays the revenues and expenditures associated with a new program or for new services or initiatives, or revisions or deletions that aren't currently reflected in the agency's base budget and the change is meant to improve or streamline existing services.

Federal Mandates

Orders issued by the federal government. As it applies to budgeting, those mandates that directly impact the level of programs or services provided by an agency.

Fringe Benefits

Expenditures paid by the state that are associated with employee compensation other than salary, such as group insurance, retirement group insurance, worker's compensation, unemployment compensation, Medicare and PERS contribution and payroll and personnel assessments.

FTE

A full-time equivalent position as defined in [NAC 284.065](#).

General Fund

The major operating fund of the state that receives its income from unrestricted revenue such as Sales Tax, Gaming Taxes, Insurance Premium

Tax, Casino Entertainment Tax, the Proceeds of Mines Tax, the Business License Fee, other minor taxes and miscellaneous sources such as interest income, licenses, and fees and fines.

Governor's Strategic Priorities

A list of enhancement decision units that express the Governor's goals for the state in the upcoming biennium.

Highway Fund

A fund that derives its income from state fuel taxes, fees on the use and operation of motor vehicles, and federal highway funds and is restricted for use for the construction, maintenance and repair of public highways and related administrative costs.

Non-Classified Employee

An employee in the Office of the Governor or the Judicial or Legislative Branch of State Government.

One-Shot Appropriation

A one-shot appropriation is a unique General Fund or Highway Fund appropriation for a particular purpose that is not anticipated to continue.

Performance Measures

A method of systematically and objectively tracking and quantifying the agency's progress toward achieving its mission and goals.

Priorities and Performance Based Budget

A budget building approach that identifies and prioritizes an agency's activity and defines the resources allocated toward that activity.

Reserve

Funds available at the end of a fiscal period to be carried forward into the next fiscal period for future obligations or reverted at the end of the current period.

Reversion(s)

The balance of an appropriation or authorization that is remaining after the close of a specific time period that are returned to the original source of the appropriation or authorization.

Statewide Strategic Priorities

Statewide goals issued by the Governor and used by agencies to identify and justify the purpose of a decision unit built into their Agency Request Budget.

Statewide Inflationary Adjustments

The amount added to projected expenditures that represent the state's estimate of future cost increases for those items or services authorized by the Governor.

Statutory Authority

Authority granted or implied by the NRS for a particular activity or function or the establishment of a position, agency, or other entity.

Transfer In/Out Decision Unit

A decision unit to move program revenue and expenditures from one budget account to another.

Unclassified Employee

An official, officer, or employee of the Executive Branch of state government whose position is filled by the responsible appointing authority or board without regard to the state's merit system (not all unclassified positions are listed in the NRS, but all will be included in the pay bill).

Vacancy Savings

Savings calculated by the Budget Division based on historic vacancy percentages by budget account and applied against salary and fringe benefits costs (not applied against overtime, standby, travel differential, longevity, etc.), projected to occur in each year of the biennium in the personnel services category due to vacancies.

GOVERNOR'S REPORT ON STAFF PERQUISITES

Division of Child and Family Services

NRS 63.170 Housing and other perquisites for employees; report to Legislature.

1. If the superintendent of a facility determines that it is necessary or desirable that any employee reside at the facility, the Administrator of the Division of Child and Family Services may grant perquisites to the employee or pay for services rendered to the employee.
2. The Administrator of the Division of Child and Family Services shall submit to the Director of the Department of Health and Human Services, for transmission to each regular session of the Legislature, a report of any perquisites granted to an employee and any payments made for services rendered to an employee.
(Added to NRS by 2003, 1098) [The Division of Child and Family Services is not planning to use this provision in the upcoming biennium.]

Division of Child and Family Services

NRS 63.130 Superintendent: Housing and other perquisites.

1. If a residence is available on the grounds of or near a facility, the superintendent of the facility shall reside at the residence, as provided for in this section.
2. In addition to the superintendent's salary, the superintendent of a facility is entitled to:
 - (a) The use of a residence on the grounds of or near the facility, if such a residence is available, which must be maintained by the State of Nevada.
 - (b) Heat, electricity and water for the residence.
 - (c) The use of any appliances and furnishings for the residence which are reasonably necessary, as determined by the Administrator of the Division of Child and Family Services.
 - (d) Meals at the facility without charge when supervising personnel or children.
3. The superintendent of a facility shall not receive any perquisites except those provided for in this section.
(Added to NRS by 2003, 1096) [The Division of Child and Family Services is not planning to use this provision in the upcoming biennium.]

Department of Corrections

NRS 209.181 Officers and employees residing at institution or facility: Charges and perquisites; notice to Legislature.

1. If the Director finds that it is necessary or desirable that any officer or employee reside at an institution or facility, perquisites granted to the officer or employee or charges for services rendered to him are at the discretion of the Board.
2. The Director shall notify the Legislature at each regular session of the existing charges and perquisites.
(Added to NRS by 1977, 847; A 1983, 721) [No longer in use by the Department of Corrections]

Division of Behavioral Health

NRS 433.254 Administrator: Powers and duties.

3. If the Administrator finds that it is necessary or desirable that any employee reside at a facility operated by the Division or receive meals at such a facility, perquisites granted or charges for services rendered to that person are at the discretion of the Director of the Department.
(Added to NRS by 1975, 1592; A 1979, 811; 1985, 423, 2264; 1989, 429; 2009, 271) [No longer in use by the Division of Behavioral Health]

Division of Child and Family Services

NRS 433B.130 Additional Provisions Relating to Children.

If the Administrator finds that it is necessary or desirable that any employee reside at a facility operated by the Division or receive meals at such a facility, perquisites granted or charges for services rendered to that person are at the discretion of the Director of the Department.
(Added to NRS by 1993, 2709; A 1999, 103; 2009, 271, 414; 2011, 432, 2677) [The Division of Child and Family Services is not planning to use this provision in the upcoming biennium.]

PERFORMANCE INDICATORS (DISCONTINUED)

Performance indicators previously used at the budget account level have been replaced with performance measures at the Activity level. As the State transitions to performance based budgeting, measurements are now taking place within the new budgeting system. This is necessary as Activities are often not the same as budget accounts. In fact, a budget account may have multiple activities

and activities often spread across multiple budget accounts. In this section, you will find all of the previously used performance indicators that have been discontinued.

Please note that, while these indicators have been discontinued, many similar measurements remain in the new performance measures.
